

FRANCE CORDIALLY SUPPORTS U. S. RUSSIAN POSITION

Entirely Agrees With
Views of State
Department

ANSWER STRENGTHENS
AMERICA'S STAND

WASHINGTON, Aug. 18.—(By The Associated Press.)—The American and French governments are in entire agreement as to the future of both Poland and Russia. Secretary Colby declared today in a statement interpreting France's rejoinder to the American note to Italy. His statement accompanied publication of the French note which was delivered to the state department August 14 by Prince de Bearn, the French charge.

France's declaration "of its opposition to the dismemberment of Russia" is "most gratifying," Mr. Colby said, and added:

Gives Powerful Support.

"The response is a notable declaration from every viewpoint, and brings to the position taken by the United States a striking emphasis and powerful support."

He referred to French recognition of General Wrangel as a "divergence" between the two governments on one point, but said the United States was "disposed to regard the declared agreement of France" with the principles of the United States as of more significance than any divergence of policy involved in the specific action of France in this single respect."

By its declaration France is regarded here as joining with the United States in opposing any negotiations with the Bolsheviks such as had been proposed by Great Britain in the once projected London conference.

Mr. Colby also issued a reply to an assertion by Foreign Minister Tcheterin in the soviet government that the Bolsheviks have shown that they "strictly adhere to obligations" and that if they promised to protect the United States against agitation of the third international, all our representatives will rigidly fulfill the pledge.

Quotes Lenin.

"I do not suppose," said Mr. Colby, "that Mr. Tcheterin has superseded Lenin as the authoritative spokesman of soviet purpose. The actual words of Lenin are in very sharp contrast to the utterance of his foreign minister."

"Said Lenin before the council of the peoples' commissaries during the negotiations upon the Prinkipo conference:

"I have never hesitated to come to terms with bourgeois governments, when by so doing I thought I could weaken the bourgeoisie."

"The time has now come for us to conclude a second Brest-Litovsk, this time, with the entente. We must be prepared to make every concession, promise and sacrifice in order to entice our foes into the conclusion of this peace. We shall know a true permitting us to complete our preparations for a decisive onslaught which will assure our triumph."

"Further comment upon Mr. Tcheterin's statement would seem to be unnecessary."

In Entente Agreement.

The note of the French government replying to that of the American government on the Russian-Polish situation, as given out by the state department tonight was in part as follows:

My Secretary of State:

"The President of the council and minister of foreign affairs, having taken cognizance of the note relative to Russia addressed to his excellency, the secretary of state to his excellency the ambassador of Italy, has charged me to inform your excellency that he has learned with satisfaction that the government of the republic is in entire agreement with the principles formulated in this document."

"The government of the republic is of the same opinion as the federal government concerning the present rulers of Russia as your excellency himself expressed it, they are not in power by the will or the consent of considerable portion of the Russian people but represent a small minority of the nation."

Russia Denies All Honor.

"Events have proved that the present system of government in Russia is founded on the denial of every principle of honor and good faith, and of all the usages and conventions which are the basis of civilization."

HAROLD IKES HORNS HIS WAY INTO HEADLINES

Affiliated With Republican
Party But Votes for
Cox

AGAINST THOMPSON
STATE TICKET

CHICAGO, Aug. 18.—Harold L. Ickes, one of Illinois' eight delegates at large to the Republican national convention that nominated Senator Harding tonight announced he would support Governor James M. Cox, the Democratic nominee.

Mr. Ickes was instructed at the convention for Governor Lowden and on the final vote he voted for Senator Hiram Johnson. He was a progressive in 1912, later becoming Illinois Progressive state chairman and national committeeman. In 1916 he was a member of Charles E. Hughes' campaign committee.

"I shall continue to affiliate with the Republican party," Mr. Ickes stated, "but I cannot in good conscience support for president a candidate who was not the real choice of his party and whom I regard as unworthy to be the chief executive of this nation by the tests of ability, public policies, official record and independence of character."

After a lengthy review of the campaign issues and the two candidates, Mr. Ickes said:

"Personally I cannot endorse Governor Cox's attitude on the league of nations."

"I believe that if he is elected he will seek to put into effect 'by and with the consent of the senate' the real will and moral conviction of the American people in the matter of some international agreement to put an end to war so far as may be."

In another statement today Mr. Ickes announced he would support Governor Lowden's anti-Thompson ticket in Illinois.

DEMOCRATS THINK SUFFRAGE WILL HELP

Express Belief That Women Will
Vote for Cox—Cox Takes Credit
of Ratification for Democrats.

Columbus, O., Aug. 18.—Governor Cox and his aides today joined in hailing Tennessee's ratification of the woman suffrage amendment. That the enfranchisement of women would help the Democratic presidential and also local tickets was predicted by the governor's advisers who said they believed a great majority of women stand with Governor Cox on the league of nations issue.

Governor Cox upon receipt of the news issued a statement declaring that "the hand of America would that the ratification of the amendment would be a promise of performance of Democratic platform pledges."

Senator Harrison of Mississippi, leader in the Cox organization said:

"Our campaign plans will not be changed as a result of Tennessee's ratification. They will proceed with the league of nations the paramount issue, and I am confident the league issue will appeal to the women especially."

Governor Cox left tonight for South Bend, Indiana, where he will make two addresses tomorrow.

WILL INVESTIGATE SOUVENIR BOTTLES

NEW YORK, Aug. 18.—James Shevlin, federal prohibition enforcement agent today started an investigation to ascertain whether there was really a "tickle" in the little souvenir bottles passed out last night at the opening performance of "Tickle Me" at a local theater.

While singing an encore to one number entitled "We've Got Something" the chorus girls passed down the aisles carrying baskets filled with tiny bottles, labeled "whiskey." Overcoming a wholesome timidity, a few of the audience opened their bottles, sniffed, tasted, smacked their lips and gave exclamations and applause that left no doubt as to their opinion of the refreshments.

G. O. P. DAY AT KANKAKEE FAIR

Kankakee, Ill., Aug. 18.—"G. O. P. Day" at the Kankakee Interstate Fair was attended by more than 35,000 persons, including many Republican leaders. Addresses were made by Mayor Thompson of Chicago, Frank L. Smith, candidate for United States senator; Len Small, candidate for governor, and "Uncle Joe" Cannon.

SENATOR JOHNSON TO MAKE SPEAKING TOUR

San Francisco, Cal., Aug. 18.—Senator Hiram W. Johnson will make a speaking tour thru eastern states in behalf of the candidacy of Senator Harding. It was announced tonight at the Western headquarters of the Republican national committee.

SAFE BLOWERS WRECK BANK

Harrisburg, Ill., Aug. 18.—The First State Bank of Equality was wrecked early today by safe blowers. The robbers were frightened away without getting any loot. Bloodhounds have been placed on their trail.

LOWDEN SAYS HE IS FIGHTING FOR REPUBLICAN PARTY

Says Thompson Platform is Revolutionary

MAKES PLEA FOR
SUPPORT OF OGLESBY

SPRINGFIELD, Ill., Aug. 18.—Opposition to the candidacy of the Thompson slate in the Republican primary, Governor Frank O. Lowden said in his first speech of the campaign here tonight, is not a factional contest within the Republican party, but is "a fight against the party, socialistic and altogether demagogic," Thompson platform.

"This is not a fight so far as I am concerned upon personal grounds," the governor said. "It is a fight for principle which I regard vital to the welfare of our state and nation. The Thompson platform advocates the confiscation of property, it seeks to arouse class hatred, it imperils the title of every home owner to his home and of every farmer to his farm."

Platform Revolutionary.

"Never in the history of parties in America has any party save the most radical Socialist party, ever submitted to the country a platform as revolutionary as this so-called Thompson platform."

"When that platform was presented by the Cook county convention at the dictation of the Lundin-Thompson machine, the Republicans of the country were amazed and shocked. They had believed that such things were possible in the newer states of the west, but now, they asked is the Republican party of the state of Lincoln to come under control of those who call themselves Republicans, but who avow principles contrary to everything for which he stood."

The governor combatted the Thompson platform, he said, at the Republican state convention and at the national convention. At both places it was overwhelmingly repudiated. Mayor Thompson was defeated as national committeeman.

Says Presidency Well Lost.

"The Lundin-Thompson forces have threatened," continued Governor Lowden, "that unless Thompson was elected not only would they go against me, but that the police, the fire department, their marching clubs and all resources at their command would be used against me. I owe it to them to say I think they kept their promise as well as they could. At any rate they boasted after the convention was over that they had brought about my defeat. Perhaps they are so well lost by any man in all the history of the Republic."

Concluding with a plea for support of the ticket headed by Lieutenant Governor Oglesby, Governor Lowden pointed to the fact that Len Small, the Thompson candidate for governor had approved the Thompson platform.

"Can any sane man," the speaker asked, "doubt that whatever Mr. Small's merits may otherwise be, if elected, the Chicago Tammany will rule the state?"

IOWA CROPS ARE IN NEED OF RAIN

DES MOINES, Iowa, Aug. 18.—Deficient temperature, sunshine and rainfall were unfavorable for growing crops in Iowa the week ended August 17, the weekly crop bulletin issued by the United States Weather Bureau today says. Scattered localities had good rains from the 10th to the 13th, but most of the area of the state had light showers or none.

Shock threshing practically is completed in many southern counties.

Most of the small grain is being held on farms because of unsatisfactory prices and poor transportation facilities.

Pastures in many localities are reported becoming short.

Truck crops and potatoes generally are suffering for rain.

Late fruit prospects continue very good.

HERBERT HOOVER PAYS OLD HOME A VISIT

Portland, Ore., Aug. 18.—Herbert C. Hoover, former food administrator returned to Oregon yesterday for a visit to his boyhood home at Newburg, Oregon, which he had not seen since he was 17 years old. Accompanied by Mrs. Hoover and their two sons, Mr. Hoover motored to Oregon from California.

W. L. COLE TO RESIGN

St. Louis, Aug. 18.—W. L. Cole chairman of the Republican state committee, whose removal has been sought by the association of Missouri Republicans for his connection with the handling of Lowden and Harding campaign funds, announced here today that he will resign, and that a meeting of the committee will be called for August 25, to accept the resignation.

MARRIED 57 YEARS ASKS FOR DIVORCE

Jefferson City, Mo., Aug. 18.—After fifty seven years of married life, Ammon Wolfe, 84 years old, yesterday filed suit in the circuit court here asking for a divorce from his wife, Mary Ellen Wolfe. In his petition Wolfe alleged that his wife refused to cook his meals for him and left him without cause in July, 1919. The couple have ten children, all of whom are married and still living.

M. P. PASSENGER TRAIN DERAILED

St. Louis, Mo., Aug. 18.—Twelve persons were injured, two seriously when a Missouri Pacific passenger train from St. Louis for Kansas City was derailed three miles west of Warrensburg, Mo., at 5:10 o'clock this morning, according to a report received at the general office of the railroad here.

KILLED IN MINE

Harrisburg, Ill., Aug. 18.—James Dillon, 51, was killed instantly here today when he stepped back into Ogara mine Number 9 just as a blast was being made.

WOMAN SUFFRAGE FIRST STARTED IN MARYLAND

WASHINGTON, Aug. 18.—Ratification of the suffrage amendment to the constitution ends a struggle which began in this country before the colonies declared their independence. It will eventually enfranchise 25,000,000 women.

Woman suffrage first raised its voice in America in Maryland in 1847 when Mistress Margaret Brent, heir of Lord Calvert, demanded a place in the legislature of the colony as a property holder of wide extent. And in the days of the Revolution Abigail Adams wrote her husband John Adams at the Continental Congress which was framing the laws of the new nation that, "if—in the new laws—particular care and attention are not paid to the ladies, we are determined to foment a rebellion and will not hold ourselves bound to obey any laws in which we have no voice."

Organized Work in 1848.

Organized work for woman suffrage began in the United States with the Women's Rights convention in Seneca Falls, N. Y., in 1848 which was called by Lucretia Mott and Elizabeth Cady Stanton, early leaders of Massachusetts and New York, in response to the indignation aroused by the refusal to permit women to take part in the anti-slavery convention of 1840.

From the date of that convention the suffrage movement in the United States began the fight that lasted seventy years and ended by the refusal to permit woman suffrage followed in 1852 at Syracuse, N. Y., at which delegates from Canada were present and it was there that Susan B. Anthony assumed leadership of the cause to which she devoted her life.

In 1859 the National Woman Suffrage association, with Miss Anthony and Mrs. Stanton at its head was formed in New York and in the same year the American Woman suffrage association was organized in Cleveland with Lucy Stone and Julia Ward Howe as its leaders. At first differing widely in policy, the National association working to put a suffrage amendment thru the federal congress and its sister organization bending its efforts to convert the country state by state, the two associations later united under the name of the National Woman Suffrage Association. The Association's drive for the vote was led in turn by Mrs. Stanton, Miss Anthony, Dr. Anne Howard Shaw and Mrs. Carrie Chapman Catt, the latter of whom is now president.

The nineteenth amendment, which bears her name, was drafted by Miss Anthony in 1875 and was first introduced in congress in 1878 by Senator A. A. Sargent of California; and it is in the same language that the new principle of the national law reads: "Article—Section 1. The right of citizens of the United States to vote shall not be denied or abridged by the United States (Continued on Page 4)

PROCLAMATION TO BE ISSUED BY SECRETARY COLBY

Awaits Notification of
Tennessee's
Action

WOMEN PREPARE
TO ORGANIZE

WASHINGTON, Aug. 18.—Secretary Colby announced today that he was prepared to promulgate the necessary proclamation of the suffrage amendment as soon as he had received formal notification of Tennessee's action. At the national headquarters of the suffrage organizations news of the ratification evoked a storm of enthusiasm. A deluge of statements poured into news-paper offices from adherents of the suffrage cause. Some members of the cabinet joined the rush to express pleasure at the outcome.

Suffrage workers will be at once assigned to organizing districts and counties, Mrs. Maud Wood Park, chairman of the National League of women voters said.

"Our slogan is 'every woman a voter in 1920,'" she said.

The effect of the action in Tennessee, Miss Alice Paul, chairman of the women's party said, was to enfranchise the women of nine doubtful states where women could not vote in the November election as the state presidential bill in each case had been held by referendum petition. In ten other doubtful states ratification would permit women to vote in congressional elections, she added.

The woman's party announced that steps toward a national celebration at the capital had been taken. The date will be fixed later. The date will be fixed later. The date will be fixed later.

PRESIDENT MAY HAVE TO SETTLE COAL ARGUMENT

CLEVELAND, O., Aug. 18.—The joint scale committee of operators and miners of the central and western Pennsylvania coal fields, comprising Ohio, Indiana, Illinois and western Pennsylvania, adjourned sine die shortly before midnight without reaching any agreement after having been in session five days.

Following adjournment of tonight's conference it was announced that the miners would hold a separate meeting here tomorrow morning when a telegram would be prepared and sent to President Wilson informing him of the failure of the conference to reach any agreement in line with his request.

The telegram will state that the failure to reach an adjustment was because the operators failed to submit any proposition adequate to meet the requirements of justice to the miners.

PONZI WILL APPEAR BEFORE FEDERAL COURT

Boston, Mass., Aug. 18.—Charles Ponzi will be brought before the federal court tomorrow for a hearing on the charge of using the mails to defraud. He is still in jail, apparently unable to obtain bail.

The appointment of receivers for Ponzi was expected today but Judge Morton of the federal district court announced no action. The appointment of a receiver for the Old Colony Foreign Exchange company was deferred at the request of creditors today.

Attorney General Allen announced tonight that the amount of Ponzi's liabilities uncovered to date totals \$3,975,000, representing the notes of 9,250 depositors including the 50 per cent interest promised.

FIND GOLD UNDER THE HEART OF NEW YORK

New York, Aug. 18.—Engineers in charge of an excavation in the heart of New York's financial district today were treasuring some tiny yellow metal flakes that one of the engineers scraped from the muddy shoes. Tests of gold seekers had been applied to the flakes and indications pointed to discovery of gold in the very shadow of the sub-treasury building.

The engineers offered the theory that the metal might have been lost in the old canal which traversed the site years ago.

U. S. MAIL PLANE ARRIVES IN ST. LOUIS

St. Louis, Mo., Aug. 18.—The Chicago-St. Louis mail airplane which was forced down by engine trouble shortly after noon today near Edwardsville, Ill., 30 miles north of here, was repaired and arrived in St. Louis late this afternoon.

HERIOT FIGHTING OF POLISH ARMY SAVED WARSZAWA

Polish Offensive Lead
by Two French
Generals

POLISH PRIEST BURIED
WITH MILITARY HONORS

PARIS, Aug. 18.—(By The Associated Press.)—Warsaw now seems to be saved from the Bolsheviks. The Poles no longer are on the defensive. The bold offensive on both wings has reached the first objectives and the Poles appear to be pausing before attempting to develop their success.

The offensive on the left wing is being personally led by the French generals, Henry and Billotte and already has yielded important results. It has once more put the Poles in possession of the key to Warsaw defense—the fork between the Narew and Bug rivers—while the forces advancing toward Mlawka, which have reached Tleschanoft, twelve miles to the south of Mlawka, will force the Bolsheviks marching toward Plock and Thorn to heat a hasty retreat and consequently re-open the direct line to Danzig.

But the maneuver on the right wing between the Vistula and the Bug is the more interesting because it threatens the communications of the main Bolshevik forces. Swelled by troops freed from shortening the front in the Brody region, the movement already has gained the rapid headway and driven the Bolsheviks back all along the line toward Brest-Litovsk for distances varying from 25 to 50 miles.

Further Successes Reported.

Warsaw, Aug. 18.—(By The Associated Press.)—Further Polish successes on various fronts are reported here as to whether the Polish counter offensive will affect the Minsk negotiations which, it is assumed, are well under way. No word has been received here from Minsk with the exception of news of the arrival of the delegates and Leon Trotsky.

Father Ignacy Crocka who was killed in battle while leading the attacking Polish forces with a crucifix in his hand, was buried today with full military honors. He had assumed leadership when all the officers of his detachment were killed.

BANDITS HOLD UP PASSENGER TRAIN

ST. LOUIS, Mo., Aug. 18.—Four men held up Missouri Pacific passenger train No. 50 from St. Louis for Little Rock on the outskirts of this city tonight and escaped with four pouches believed to have contained registered mail.

The men boarded the train when a stop was made at Tower Grove and took seats in the smoker.

After the train left Tower Grove they entered the mail car and forced the clerks to line up against the wall. As the train neared the city one of the bandits pulled the signal cord stopping the train. The sacks were thrown out and the bandits jumped after them and disappeared.

The loss will not be known until a check has been made.

WHOLESALE PRICES OF COMMODITIES DECLINE

WASHINGTON, Aug. 18.—Wholesale prices of commodities declined approximately 2 1/2 per cent during July, 1920, according to a report today by the department of labor. The decrease in cloths and clothing materials was the most notable, amounting to 5 1/2 per cent, while foodstuffs declined 4 per cent and farm products generally 2 1/2 per cent.

At this point, the department reported prices were still above levels of July, 1919. Food articles having increased during the year 24.1 per cent and lighting 47.4 per cent. Fuel and lighting materials showed no decrease in July, 1920, but on the contrary, increased by 2 1/2 per cent.

WILL NOT HANDLE MUNITIONS FOR POLAND

Brussels, Aug. 18.—The Belgian railwaymen's syndicate has decided to prevent the transportation thru Belgium of troops or munitions intended for Poland. This decision follows similar action by the Antwerp dockers.

WEATHER INDICATIONS AND TEMPERATURES

Illinois—Fair Thursday, probably followed by showers Thursday night or Friday; not much change in temperature.

Temperatures.

The current maximum and minimum temperatures as recorded Wednesday were:

Jacksonville, Ill.	76	91
Boston	69	83
Buffalo	70	78
New Orleans	82	86
Jacksonville, Fla.	80	88
Chicago	74	78
Detroit	72	80
Omaha	70	82
Minneapolis	82	88
Helen	58	66

EXPLOSION IN RUBBER PLANT INJURES SEVERAL

Muskegon, Mich., Aug. 18.—Three men were fatally injured and six others were reported in a serious condition tonight as the result of a series of explosions in the rubber plant of the Brunswick-Balke-Coller company here today. Fire hampered rescue work.

TENNESSEE MAKES EQUAL SUFFRAGE AN ASSURED FACT

House Adopts Amendment by Vote of 50 to 46—Speaker Changes Vote to Aye Before Result Announced—Will Ask For Reconsideration—Amendment Now Only Lacks Formal Certification by Secretary Colby

NASHVILLE, Tenn., Aug. 18.—The amendment extending equal suffrage to American women was ratified today for inclusion in the federal constitution, the lower house of the Tennessee legislature voting 50 to 46 to concur in the senate resolution adopted Friday, 25 to 4.

Action of the house made Tennessee the thirty sixth state to approve the amendment which lacked tonight only formal certification by Secretary Colby of the state department to complete its acceptance by the nation.

There is still a possibility that the house may rescind its action. At the last moment Speaker Walker, leader of the anti-suffrage forces changed his vote from nay to aye, paving the way for a motion to reconsider.

Under house rules he can present such a motion within the next two legislative days.

Should today's vote be confirmed or the house fail to take further action before adjournment Friday, millions of women will be free under the amendment to vote in the presidential election next November. Only successful litigation contesting the legal right of this legislature to ratify the section could prevent them.

ARRANGEMENTS ARE MADE FOR CHAPMAN FUNERAL

Services Will Be Held Friday Morning at 10 o'Clock

SPEAKER DECLINES
TO DISCUSS ACCIDENT

CLEVELAND, O., Aug. 18.—[Raymond] Chapman, premier of the American League and star infielder of the Cleveland club will be buried Friday at 10 a. m. At the request of his family, the body will not lie in state.

The pall bearers will be announced tomorrow. Some of them, it is understood, were ushered at his wedding only a few months ago.

Chapman's death received official recognition from the city today when flags on the city hall and court house were at half mast.

It is probable that the entire Cleveland team will be here to attend the funeral.

A large crowd of friends and admirers was at the depot when Chapman's body reached here this morning. Mrs. Chapman, her parents, Manager Speaker and Joe Wood of the Indians and several others, were on the same train.

Mr. and Mrs. R. E. Chapman, of Herrin, Ill., parents of the dead man, will arrive tomorrow morning. Hundreds of messages of condolence were received today, among them telegrams from Governor Cox and B. B. Johnson, president of the American League.

Fifteen thousand men, women and children tonight had contributed ten cents each to the "flowers from a fan" fund, part of which will be used for a floral design the balance to be placed in another fund, to erect a memorial for Chapman at League park.

Manager Speaker declined tonight to make any statement regarding the accident. He said he would not discuss the subject until after the funeral, if then.

WHOLESALE PRICES OF COMMODITIES DECLINE

WASHINGTON, Aug. 18.—Wholesale prices of commodities declined approximately 2 1/2 per cent during July, 1920, according to a report today by the department of labor. The decrease in cloths and clothing materials was the most notable, amounting to 5 1/2 per cent, while foodstuffs declined 4 per cent and farm products generally 2 1/2 per cent.

At this point, the department reported prices were still above levels of July, 1919. Food articles having increased during the year 24.1 per cent and lighting 47.4 per cent. Fuel and lighting materials showed no decrease in July, 1920, but on the contrary, increased by 2 1/2 per cent.

WILL NOT HANDLE MUNITIONS FOR POLAND

Brussels, Aug. 18.—The Belgian railwaymen's syndicate has decided to prevent the transportation thru Belgium of troops or munitions intended for Poland. This decision follows similar action by the Antwerp dockers.

FRANCE CORDIALLY SUPPORTS U. S. RUSSIAN POSITION

Entirely Agrees With
Views of State
Department

ANSWER STRENGTHENS AMERICA'S STAND

WASHINGTON, Aug. 18.—(By The Associated Press.)—The American and French governments are in entire agreement as to the future of both Poland and Russia, Secretary Colby declared today in a statement interpreting France's rejoinder to the American note to Italy. His statement accompanied publication of the French note which was delivered to the state department August 14 by Prince de Bearn, the French charge.

France's declaration "of its opposition to the dismemberment of Russia" is "most gratifying" Mr. Colby said, and added:

Gives Powerful Support.

"The response is a notable declaration from every viewpoint, and brings to the position taken by the United States a striking emphasis and powerful support." He referred to French recognition of General Wrangel as a "divergence" between the two governments on one point, but said the United States was "disposed to regard the declared agreement of France with the principles of the United States as of more significance than any divergence of policy involved in the specific action of France in this single respect."

By its declaration France is regarded here as joining with the United States in opposing any negotiations with the Bolsheviks such as had been proposed by Great Britain in the once projected London conference.

Mr. Colby also issued a reply to an assertion by Foreign Minister Tchertcherin in the soviet government that the Bolsheviks have shown that they "strictly adhere to obligations" and that if they promised to protect the United States against agitation of the third international, all our representatives will rigidly fulfill the pledge.

Quotes Lenine.

"I do not suppose," said Mr. Colby, "that Mr. Tchertcherin has superseded Lenine as the authoritative spokesman of soviet purpose. The actual words of Lenine are in very sharp contrast to the utterance of his foreign minister."

"Said Lenine before the council of the peoples' commissaries during the negotiations upon the Prinkipo conference:

"I have never hesitated to come to terms with Bourgeois governments, when by so doing I thought I could weaken the Bourgeoisie."

"The time has now come for us to conclude a second Brest-Litovsk, this time, with the entente. We must be prepared to make every concession, promise and sacrifice in order to entice our foes into the conclusion of this peace. We shall know that we have but concluded a truce permitting us to complete our preparations for a decisive onslaught which will assure our triumph."

"Further comment upon Mr. Tchertcherin's statement would seem to be unnecessary."

In Entire Agreement.

The note of the French government replying to that of the American government in the Russian-Polish situation, as given out by the state department tonight was in part as follows:

"My Secretary of State:

"The President of the council and minister of foreign affairs, having taken cognizance of the note relative to Russia addressed to his excellency, the secretary of state, of his excellency the ambassador of Italy, has charged me to inform your excellency that he has learned with satisfaction that the government of the republic is in entire agreement with the federal government as regards the principles formulated in this document."

"The government of the republic is of the same opinion as the federal government, concerning the present rulers of Russia as your excellency himself expressed it, they are not in power by the will or the consent of considerable portion of the Russian people but represent a small minority of the nation."

"Russia Denies All Honor."

"Events have proved that the present system of government in Russia is founded on the denial of every principle of honor and good faith, and of all the usages and conventions which are the basis of civilization."

(Continued on Page 4)

HAROLD ICKES HORNS HIS WAY INTO HEADLINES

Affiliated With Republican
Party But Votes for
Cox

AGAINST THOMPSON STATE TICKET

CHICAGO, Aug. 18.—Harold L. Ickes, one of Illinois' eight delegates at large to the Republican national convention that nominated Senator Harding tonight announced he would support Governor James M. Cox, the Democratic nominee.

Mr. Ickes was instructed at the convention for Governor Lowden and on the final vote he voted for Senator Hiram Johnson. He was a progressive in 1912, later becoming Illinois Progressive state chairman and national committee member. In 1916 he was a member of Charles E. Hughes' campaign committee.

"I shall continue to affiliate with the Republican party," Mr. Ickes stated, "but I cannot in good conscience support for president a candidate who was not the real choice of his party and whom I regard as unworthy to be the chief executive of this nation by the tests of ability, public policies, official record and independence of character."

After a lengthy review of the campaign issues and the two candidates, Mr. Ickes said:

"Personally I cannot endorse Governor Cox's attitude on the league of nations."

"I believe that if he is elected he will seek to put into effect 'by and with the consent of the senate' the real will and moral conviction of the American people in the matter of some international agreement to put an end to war so far as may be."

In another statement today Mr. Ickes announced he would support Governor Lowden's anti-Thompson ticket in Illinois.

DEMOCRATS THINK SUFFRAGE WILL HELP

Express Belief That Women Will
Vote for Cox—Cox Takes Credit
of Ratification for Democrats.

Columbus, O., Aug. 18.—Governor Cox and his aides today joined in hailing Tennessee's ratification of the woman suffrage amendment. That the enfranchisement of women would help the Democratic presidential and also local tickets was predicted by the governor's advisers who said they believed a great majority of women stand with Governor Cox on the league of nations issue.

Governor Cox upon receipt of the news issued a statement declaring that "the mothers of America would stay the hand of war," and also that the ratification was a promise of performance of Democratic platform pledges.

Senator Harrison of Mississippi, leader in the Cox organization said:

"Our campaign plans will not be changed as a result of Tennessee's ratification. They will proceed with the league of nations the paramount issue, and I am confident the league issue will appeal to the women especially."

Governor Cox left tonight for South Bend, Indiana, where he will make two addresses tomorrow.

WILL INVESTIGATE SOUVENIR BOTTLES

NEW YORK, Aug. 18.—James Shevlin, federal prohibition enforcement agent today started an investigation to ascertain whether there was really a "tickle" in the little souvenir bottles passed out last night at the opening performance of "Tickle Me" at a local theater.

While singing an encore to one number entitled "We've Got Something" the chorus girls passed down the aisles carrying baskets filled with the bottles, labeled "whiskey." Overcoming a wholesome timidity, a few in the audience opened their bottles, sniffed, tasted, smacked their lips and gave exclamations and applause that left no doubt as to their opinion of the refreshments.

G. O. P. DAY AT KANKAKEE FAIR

Kankakee, Ill., Aug. 18.—"G. O. P. Day" at the Kankakee Interstate Fair was attended by more than 25,000 persons, including many Republican leaders. Addresses were made by Mayor Thompson of Chicago, Frank L. Smith, candidate for United States senator; Len Small, candidate for governor, and "Uncle Joe" Cannon.

SENATOR JOHNSON TO MAKE SPEAKING TOUR

San Francisco, Cal., Aug. 18.—Senator Hiram W. Johnson will make a speaking tour thru eastern states in behalf of the candidacy of Senator Harding. It was announced tonight at the Western headquarters of the Republican national committee.

SAFE BLOWERS WRECK BANK

Harrisburg, Ill., Aug. 18.—The First State Bank of Equality was wrecked early today by safe blowers. The robbers were frightened away without getting any loot. Bloodhounds have been placed on their trail.

LOWDEN SAYS HE IS FIGHTING FOR REPUBLICAN PARTY

Says Thompson Platform
is Revolutionary

MAKES PLEA FOR SUPPORT OF OGLESBY

SPRINGFIELD, Ill., Aug. 18.—Opposition to the candidacy of the Thompson slate in the Republican primary, Governor Frank O. Lowden said in his first speech of the campaign here tonight, is not a factional contest within the Republican party, but is "a fight against the party, socialistic and altogether demagogic," Thompson platform.

"This is not a fight so far as I am concerned upon personal grounds," the governor said, "it is a fight for principle which I regard vital to the welfare of our state and nation. The Thompson platform advocates the confiscation of property, it seeks to arouse class hatred, it imperils the title of every home owner to his home and of every farmer to his farm."

Platform Revolutionary.

"Never in the history of parties in America has any party save the most radical Socialist party, ever submitted to the country a platform as revolutionary as this so-called Thompson platform."

"When that platform was presented by the Cook county convention at the dictation of the Lindin-Thompson machine, the Republicans of the country were amazed and shocked. They had believed that such things were possible in the newer states of the west, but now, they asked is the Republican party of the state of Lincoln to come under control of those who call themselves Republicans, but who 'avow principles contrary to everything for which he stood.'"

The governor combatted the Thompson platform, he said, at the Republican state convention and at the national convention. At both places it was overwhelmingly repudiated. Mayor Thompson, was defeated as national committeeman.

Says Presidency Well Lost.

"The Lindin-Thompson forces has threatened," continued Governor Lowden, "that unless Thompson was elected not only would they go against me, but that the police, the fire department, their marching clubs and all resources at their command would be used against me. I owe it to them to say I think they kept their promise as well as they could. At any rate they boasted after the convention was over that they had brought about my defeat. Perhaps they do. If so the presidency was never so well lost by any man in all the history of the Republic."

Concluding with a plea for support of the ticket headed by Lieutenant Governor Oglesby, Governor Lowden pointed to the fact that Len Small, the Thompson candidate for governor had approved the Thompson platform.

"Can any sane man," the speaker asked, "doubt that whatever Mr. Small's merits may otherwise be, if elected, the Chicago Tammany will rule the state?"

IOWA CROPS ARE IN NEED OF RAIN

DES MOINES, Iowa, Aug. 18.—Deficient temperature, sunshine and rainfall were unfavorable for growing crops in Iowa the week ended August 17, the weekly crop bulletin issued by the United States Weather Bureau today said. Scattered localities had good rains from the 10th to the 13th, but most of the area of the state had light showers or none.

Shock threshing practically is completed in many southern counties.

Most of the small grain is being held on farms because of unsatisfactory prices and poor transportation facilities.

Pastures in many localities are reported becoming short.

Truck crops and potatoes generally are suffering for rain.

Late fruit prospects continue very good.

HERBERT HOOVER PAYS OLD HOME A VISIT

Portland, Ore., Aug. 18.—Herbert C. Hoover, former food administrator returned to Oregon yesterday for a visit to his boyhood home at Newburg, Oregon, which he had not seen since he was 17 years old. Accompanied by Mrs. Hoover and their two sons, Mr. Hoover motored to Oregon from California.

W. L. COLE TO RESIGN

St. Louis, Aug. 18.—W. L. Cole chairman of the Republican state committee, whose removal has been sought by the association of Missouri Republicans for his connection with the handling of Lowden and Harding campaign funds, announced here today that he will resign, and that a meeting of the committee will be called for August 25, to accept the resignation.

WOMAN SUFFRAGE FIRST STARTED IN MARYLAND

WASHINGTON, Aug. 18.—Ratification of the suffrage amendment to the constitution ends a struggle which began in this country before the Colonies declared their independence. It will eventually enfranchise 25,000,000 women.

Woman suffrage first raised its voice in America in Maryland in 1847 when Mistress Margaret Brent, heir of Lord Calvert, demanded a place in the legislature of the colony as a property holder of wide extent. And in the days of the Revolution Abigail Adams wrote her husband John Adams at the Continental Congress which was framing the laws of the infant nation that "if—in the new laws—particular care and attention are not paid to the ladies, we are determined to foment a rebellion and will not hold ourselves bound to obey any laws in which we have no voice."

Organized Work in 1848.

Organized work for woman suffrage began in the United States with the Woman's Rights convention in Seneca Falls, N. Y., in 1848 which was called by Lucretia Mott and Elizabeth Cady Stanton, early leaders of Massachusetts and New York. In response to the indignation aroused by the refusal to permit women to take part in the anti-slavery convention of 1840. From the date of that convention the suffrage movement in the United States began the fight that lasted seventy years and ended by the refusal to permit women to take part in the anti-slavery convention of 1840.

The nineteenth amendment, which bears her name, was drafted by Miss Anthony in 1875 and was first introduced in congress in 1878 by Senator A. A. Sargent of California; and it is in the same language that the new principle of the national law reads: "Article—Section 1. The right of citizens of the United States to vote shall not be denied or abridged by the United States (Continued on Page 4)

PROCLAMATION TO BE ISSUED BY SECRETARY COLBY

Awaits Notification of
Tennessee's
Action

WOMEN PREPARE TO ORGANIZE

WASHINGTON, Aug. 18.—Secretary Colby announced today that he was prepared to promulgate the necessary proclamation of the suffrage amendment as soon as he had received formal notification of Tennessee's action.

At the national headquarters of the suffrage organizations news of the ratification evoked a storm of enthusiasm. A deluge of statements poured into newspaper offices from adherents of the suffrage cause. Some members of the cabinet joined the rush to express pleasure at the outcome.

Suffrage workers will be at once assigned to organizing districts and counties. Mrs. Maud Wood Park, chairman of the National League of women voters said:

"Our slogan is 'every woman a voter in 1920.'"

The effect of the action in Tennessee, Miss Alice Paul, chairman of the woman's party said, was to enfranchise the women of nine doubtful states where women could not vote in the November election as the state presidential bill in each case had been held up by referendum petition. In ten other doubtful states ratification would permit women to vote in congressional elections, she added.

The woman's party announced that steps toward a national celebration at the capital had been taken. The date will be fixed later and included in the ceremonial will be presentation to the national capitol of marble busts of the suffrage pioneers: Susan B. Anthony, Elizabeth Cady Stanton and Lucretia Mott, which it is hoped will be placed either in the Hall of Fame or on the rotunda of the great building. The statue of Francis Willard, presented by Illinois is the only woman's figure now in the Hall of Fame.

MARRIED 57 YEARS ASKS FOR DIVORCE

Jefferson City, Mo., Aug. 18.—After fifty seven years of married life, Ammon Wolfe, 84 years old, yesterday asking for a divorce court here asking for a divorce from his wife, Mary Ellen Wolfe. In his petition Wolfe alleged that his wife refused to cook his meals for him and left him without cause in July, 1919. The couple have ten children, all of whom are married and still living.

M. P. PASSENGER TRAIN DERAILED

St. Louis, Mo., Aug. 18.—Twelve persons were injured, two probably seriously when a Missouri Pacific passenger train from St. Louis for Kansas City, was derailed three miles west of Warrensburg, Mo., at 5:10 o'clock this morning, according to a report received at the general office of the railroad here.

KILLED IN MINE.

Harrisburg, Ill., Aug. 18.—James Dillon, 51, was killed instantly here today when he stepped back into Ogara mine number 9 just as a blast was being made.

HERING FIGHTING OF POLISH ARMY SAVED WARSAW

Polish Offensive Lead
by Two French
Generals

POLISH PRIEST BURIED WITH MILITARY HONORS

PARIS, Aug. 18.—(By The Associated Press.)—Warsaw now seems to be saved from the Bolsheviks. The Poles no longer are on the defensive. The hold of the offensive on both wings has reached the first objectives and the Poles appear to be pausing before attempting to develop their success.

The offensive on the left wing is being personally led by the French generals, Henry and Billotte and already has yielded important results. It has once more put the Poles in possession of the key to Warsaw defense—the fork between the Narew and Bug rivers—while the forces advancing toward Mlawa, twelve miles to the south of Mlawa, will force the Bolsheviks marching toward Plock and Thorn to beat a hasty retreat and consequently re-open the direct line to Danzig.

But the maneuver on the right wing between the Vistula and the Bug is the more interesting from the strategic viewpoint because it threatens the communications of the main Bolshevik forces. Swelled by troops freed from shortening the front in the Brody region, the movement already has gained rapid headway and driven the Bolsheviks back all along the line toward Brest-Litovsk for distances varying from 25 to 50 miles.

Warsaw Successes Reported.

Warsaw, Aug. 18.—(By The Associated Press.)—Further Polish successes on various fronts are reported. There is much speculation here as to whether the Polish counter offensive will affect the Minsk negotiations which, it is assumed, are well under way. No word has been received here from Minsk with the exception of news of the arrival of the delegates and Leon Trotsky.

Father Ignacy Cropka who was killed in battle while leading the attacking Polish forces with a crucifix in his hand, was buried today with full military honors. He had assumed leadership when all the officers of his detachment were killed.

BANDITS HOLD UP PASSENGER TRAIN

ST. LOUIS, Mo., Aug. 18.—Four men held up Missouri Pacific passenger train No. 50, from St. Louis for Little Rock on the outskirts of this city shortly after 8:30 o'clock tonight and escaped with four pouches believed to have contained registered mail.

The men boarded the train when a stop was made at Tower Grove and took seats in the smoker.

After the train left Tower Grove they entered the mail car and forced the clerks to line up against the wall. As the train neared the city, one of the bandits pulled the signal cord stopping the train. The sacks were thrown out and the bandits jumped after them and disappeared.

The loss will not be known until a check has been made.

PONZI WILL APPEAR BEFORE FEDERAL COURT

Boston, Mass., Aug. 18.—Charles Ponzi will be brought before the federal court tomorrow for a hearing on the charge of using the mails to defraud. He is still in jail, apparently unable to obtain bail.

The appointment of receivers for Ponzi was expected today but Judge Morton of the federal district court refused to do so.

The appointment of a receiver for the Old Colony Foreign Exchange company was deferred at the request of creditors today.

Attorney General Allen announced tonight that the amount of Ponzi's liabilities uncovered to date totals \$3,979,000, representing the notes of 9,350 depositors including the 50 per cent interest promised.

FIND GOLD UNDER THE HEART OF NEW YORK

New York, Aug. 18.—Engineers in charge of an excavation in the heart of New York's financial district today were treasure hunting for yellow metal flakes that one of the engineers scraped from his muddy shoes. Tests of gold seekers had been applied to the flakes and indications pointed to discovery of gold in the very shadow of the sub-treasury building.

The engineers offered the theory that the metal might have been lost in the old canal which traversed the site years ago.

EXPLOSION IN RUBBER PLANT INJURES SEVERAL

Muskegon, Mich., Aug. 18.—Three men were fatally injured and six others were reported in a serious condition tonight as the result of a series of explosions in the rubber plant of the Brunswick-Balke-Collender company here today. Fire hampered rescue work.

U. S. MAIL PLANE ARRIVES IN ST. LOUIS

St. Louis, Mo., Aug. 18.—The Chicago-St. Louis mail airplane which was forced down by engine trouble shortly after noon today near Edwardsville, Ill., 30 miles north of here, was repaired and arrived in St. Louis late this afternoon.

TENNESSEE MAKES EQUAL SUFFRAGE AN ASSURED FACT

House Adopts Amendment by Vote of 50 to
46—Speaker Changes Vote to Aye Before
Result Announced—Will Ask For Recon-
sideration—Amendment Now Only Lacks
Formal Certification by Secretary Colby

ARRANGEMENTS ARE MADE FOR CHAPMAN FUNERAL

Services Will Be Held Fri-
day Morning at 10
o'clock

SPEAKER DECLINES TO DISCUSS ACCIDENT

CLEVELAND, O., Aug. 18.—[Raymond] Chapman, premier shortstop of the American League and star infielder of the Cleveland club will be buried Friday at 10 a. m. At the request of his family, the body will not lie in state.

The pall bearers will be announced tomorrow. Some of them, it is understood were visitors at his wedding only a few months ago.

Chapman's death received official recognition from the city today when flags on the city hall and court house were at half mast.

It is probable that the entire Cleveland team will be here to attend the funeral.

A large crowd of friends and admirers was at the depot when Chapman's body reached here this morning. Mrs. Chapman, her parents, Manager Speaker and Joe Wood of the Indians and several others, were on the same train.

Mr. and Mrs. R. E. Chapman, of Herrin, Ill., parents of the dead man, will arrive tomorrow morning. Hundreds of messages of condolence were received today, among them telegrams from Governor Cox and B. B. Johnson, president of the American League.

Fifteen thousand men, women and children tonight had contributed ten cents each to the "flowers from a fan" fund, part of which will be used for a floral design the balance to be placed in another fund, to erect a memorial for Chapman at League park.

Manager Speaker declined tonight to make any statement regarding the accident. He said he would not discuss the subject until after the funeral, if then.

WHOLESALE PRICES OF COMMODITIES DECLINE

WASHINGTON, Aug. 18.—Wholesale prices of commodities declined approximately 2 1/2 per cent during July according to a report today by the department of labor. The decrease in cloths and clothing materials was the most notable, amounting to 5 1/2 per cent. Fuel and lighting 4 1/2 per cent and farm products generally 2 1/2 per cent.

At this point, the department reported prices were still above levels of July, 1919, food articles having increased during the year 24 1/2 per cent, clothing 12 1/2 per cent and fuel and lighting 4 1/2 per cent. No decrease in July, 1920, but on the contrary, increased by 2 1/2 per cent.

WILL NOT HANDLE MUNITIONS FOR POLAND

Brussels, Aug. 18.—The Belgian railwaymen's syndicate has decided to prevent the transportation thru Belgium of troops or munitions intended for Poland. This decision follows similar action by the Antwerp dockers.

WEATHER INDICATIONS AND TEMPERATURES

Illinois:—Fair Thursday, probably followed by showers Thursday night or Friday; not much change in temperature.

Temperatures.

The current maximum and minimum temperatures as recorded Wednesday were:

7 p. m. High. Low.

Jacksonville, Fla., 80 78 76

Chicago 74 78 69

Detroit 72 80 62

Omaha 70 82 70

Minneapolis 82 88 66

Helena 58 66 48

McADOO CALLS ON PRESIDENT WILSON

Washington, Aug. 18.—William C. McAdoo called President Wilson today for the first time since the Democratic national convention. As he entered the executive offices he was hailed by the photographers. He didn't like the first snap.

"That was too solemn," he said "get one while I am smiling."

He didn't want anybody to think I am unhappy over the outcome at St. Francis.

New Governor Succeeds Cantu

MEXICALI, Lower California, Aug. 18.—General Luis M. Salazar succeeded Colonel Esteban Cantu as governor of the northern district of Lower California at 6 o'clock tonight.

One woman said yesterday after the result of the Tennessee legislature was made known, "Now we can have anything we want." Wasn't that already true?

There were three deaths in Chicago Tuesday as the result of automobile accidents. Deaths are so frequent now in the big city from this cause that they are usually recorded without headlines. Just as commonplace happenings in the day's news.

Cox calls attention to the fact that the war cost his country more than one million dollars an hour for two years. He's a merry campaigner. How does he dare, as an administration candidate, to remind the voters of the spend-thrift inefficiency of Wilsonism?

In the midst of international alarm and misunderstanding, it is gratifying to find that France approves of the United States' stand as related to Poland and Russia. The note from France, just published, indicates again the complete confidence that exists between the two nations, founded upon years of friendship.

The management of the state institutions feels fortunate that the coal operators of the state have agreed to take care of the fuel wants of these institutions at the reduced price when the coal is furnished. The time was when coal operators did against each other for this business and then submit-

ted to severe tests as to coal quality.

The Chamber of Commerce of the United States—a non-political organization—has issued a pamphlet in which 57 pages, exclusive of the index, are occupied with brief summaries of the more important acts of the present Republican congress. Yet the Democratic campaign managers would have the country believe that congress "frittered away its time."

As soon as the secretary of state proclaims the action of the Tennessee legislature on the suffrage question the 19th amendment will be in force. This will mean that women can vote for all offices for which men now have the right to vote. In Illinois the women can take part in the September primary and so help settle the very strenuous battle already underway.

Gov. Lowden in an address at Springfield last night, made a vigorous attack on the Thompson-Lundin forces. The governor credits the Chicago combine with defeating him for the presidential nomination and says he is proud of it. If such defeat was necessary rather than submit to the dictates of the combine and to accept the Bolshevik platform that it proposed.

TENNESSEE CLIMBS IN THE BAND WAGON.

The action of the Tennessee legislature in passing the suffrage bill and thus making the 19th amendment to the national constitution possible really came as a surprise to many suffrage enthusiasts. The battle had been so stubbornly contested before the legislature in that state that it seemed likely that adjournment would be taken without favorable action.

Now of course the Democratic party will make a great deal of noise about its gift of equal suffrage to the women of the United States. Some of these women will believe the story but the greater number will keep in mind that 29 states out of the 36 that ratified the 19th amendment are Republicans. Remembering these figures it is very apparent to any fair minded person just

which party is responsible for the rights that women are now to enjoy.

A local woman said yesterday that the claim of the Democrats because of the Tennessee action will be very much like that of a person who arrives at a ball game and thinks that his arrival means the crowd has assembled.

MILLION NEW CARS ADD TO ROAD WEAR

That the present interest in the construction of new highways should not divert attention from properly maintaining highways already improved is a point which the Bureau of Public Roads, United States Department of Agriculture, has had occasion to emphasize many times in recent months, particularly in view of the enormous increase in motor vehicle traffic which is taking place. The bureau recently completed a compilation of statistics from all the States of the Union showing that there were a total of 7,565,446 registered motor cars (including motor cycles and trucks) in the United States in 1919. This is an increase of 23 per cent, or 1,418,829 motor cars over 1918. Such figures indicate that the country's highways are being used far more than in the past, it is pointed out, and in consequence added attention must be given to the repair problem. The increase in the number of cars for 1919 over 1918 represents about 10 per cent more cars than the total number registered in the entire United States for 1913.

Additional use of roads and streets has, of course, been accompanied by additional revenue paid to State and local governments in the form of license fees, which in nearly all States are devoted to highway needs. The registration and license fees for automobiles, trucks, and motor cycles in use in 1919 totaled \$64,697,255.58—an increase of 20 per cent over 1918. The total revenues for New York and Pennsylvania the past year were about double the revenues received for all motor vehicle registrations and licenses in the entire United States in 1912.

Certain of the States, notably Maryland, have experienced difficulty in securing road-building materials, owing to labor shortage, hampered transportation facilities, etc. Maryland has had to make a special appeal to the Interstate Commerce Commission for aid in getting enough material shipped in to properly care for road repairs.

Rippling Rhymes By Wait Mason

GOVERNMENT

Wise government can do a lot to brighten up our days; wit government will hit the spit in fifty-seven ways. And still we'll have to buckle down and saw our share of oak, if we'd have credit in the town and not be always broke. Good government will help us all, if we should help ourselves, and we'll have pictures on the wall and pies upon the shelves; and we're secure in what we own of land or hay or gold, and when we earn a shining bone, it's ours, to have and hold. And we're protected 1 hour car, and in our bed,

Charles Spaulding, formerly a resident here, is now living in Edgar county and will be superintendent of the Speeding at the Edgar county fair which is to take place in the early future. The Paris Beacon in a recent issue quotes Mr. Spaulding as saying that the fair this year will be the best on record. Nearly all available space in the barns has been taken and applications are coming in every day. A prize of \$500 for the best lot of beef cattle exhibited is adding interest to that department.

DEALS IN NORTHERN LAND

C. C. Satorius of Petersburg, was a business visitor in Jacksonville Wednesday. Mr. Satorius has just returned from a business trip to Winnipeg, Canada. The firm of which he is a member has for a number of years specialized in the handling of Canadian lands. A local firm will later represent Mr. Satorius in the effort to interest Morgan county people in the northern country.

NEW PASTOR TO OPEN WORK AT WOODSON

Rev. I. H. Fuller, the new pastor of the Christian church at Woodson, will enter upon his work there next Sunday morning. Mr. Fuller was in Jacksonville yesterday, having just driven thru from Dexter, Mo. The minister comes to Morgan county with an excellent record and the people of Woodson church are expecting that it will now enter upon a new era of usefulness and activity.

D. A. R. HONOR FOR MISS EPLER

Miss Effie Epler has been notified that she has been appointed a member of the national library committee for memorial contentment hall, a project fostered by the national society of the Daughters of the American Revolution. The appointment was made by Mrs. George Maynard Minor, who is the president-general of the organization, and Mrs. Frank Dexter Ellison of Belmont, Mass., is the chairman of the important committee on which Miss Epler is to serve.

WILL LIVE IN WEST.

Mr. and Mrs. J. R. Rawlings, son, Wayne, together with his two children, will leave Friday for Boulder, Colo., expecting to reside in that western city. They will make the trip by automobile. The many friends of the family hope for their continued good health and prosperity.

BOY LOSES FINGERS.

Emmons Murphy, the 12-year-old son of Arthur Murphy of Chandler, was brought to Passavant hospital yesterday noon suffering with a crushed hand. He caught his left hand in a pulley while playing in a barn where the two middle fingers were so badly crushed that it was found necessary to amputate them, but the doctor hopes to save the little finger and the index finger.

SHILOH CHICKEN FRY WAS SUCCESS

One of Largest in History—Committees in Charge Well Pleased With Result.

The chicken fry held annually by the members of the Shiloh M. E. church proved this year to be the largest in the history of the church, the large crowd making a thorough cleanup of all the good things which had been prepared. Supper was served under a big tent and the bill of fare included chickens, gravy, potatoes, slaw, tomatoes, jelly, pickles, coffee, ice tea, ice cream and cake.

ASHLAND TO HAVE NEW SCHOOL BUILDING

Construction Work is Being Pushed Rapidly—News Notes.

Ashland, Aug. 17.—Miss Edith Purvines of Chicago is visiting Miss Leota Akers.

Mrs. Ace Douglass has been on the sick list the past week. Mr. and Mrs. Ira H. Barrows have purchased residence property from Frankie McDevitt in the north part of town, and expect to move into their new home in the near future.

Mr. and Mrs. Phil Price and family returned from a pleasant visit with their son Harry, at Brunswick, Mo., last Saturday.

Mrs. C. W. Anderson, wife of the Ladies' Aid of Garner Chapel last Thursday.

Work on the new high school building is progressing nicely. The Contractor, C. H. Schenk, expects to have it under roof by September 1.

WINCHESTER NEWS NOTES

Winchester, Aug. 18.—Miss Anna Jefferson returned Wednesday from a visit with friends and relatives in Griggsville.

Rev. E. L. Gibson, wife and infant daughter, arrived Wednesday from Alton to visit at the home of Mrs. Earl Nelson.

Dr. and Mrs. E. B. Waters and daughter, Mary Kate, left Wednesday in their car for a trip to Wichita, Kansas, to visit with relatives.

Mrs. W. B. Morris has gone to Gideon, Mo., to visit a sister. Rev. Mr. Morris has gone to East St. Louis for a visit with his daughter, Mrs. Paul Hoover. He will later join Mrs. Morris.

Julius Ohler and family enjoyed the picnic at Neeleyville Tuesday. The Winchester band boys furnished music for the picnic.

Miss Blanch Wells left Thursday morning for an extended visit in Colorado, Utah and California. Henry Pelper and daughter, Mrs. Thomas Hirschman, and Miss Julia Werner, attended the Merritt picnic Thursday.

TELLS ABOUT EDGAR COUNTY FAIR

Charles Spaulding, formerly a resident here, is now living in Edgar county and will be superintendent of the Speeding at the Edgar county fair which is to take place in the early future. The Paris Beacon in a recent issue quotes Mr. Spaulding as saying that the fair this year will be the best on record. Mrs. W. B. Morris has gone to Gideon, Mo., to visit a sister. Rev. Mr. Morris has gone to East St. Louis for a visit with his daughter, Mrs. Paul Hoover. He will later join Mrs. Morris.

Julius Ohler and family enjoyed the picnic at Neeleyville Tuesday. The Winchester band boys furnished music for the picnic.

Miss Blanch Wells left Thursday morning for an extended visit in Colorado, Utah and California. Henry Pelper and daughter, Mrs. Thomas Hirschman, and Miss Julia Werner, attended the Merritt picnic Thursday.

TELLS ABOUT EDGAR COUNTY FAIR

Charles Spaulding, formerly a resident here, is now living in Edgar county and will be superintendent of the Speeding at the Edgar county fair which is to take place in the early future. The Paris Beacon in a recent issue quotes Mr. Spaulding as saying that the fair this year will be the best on record. Nearly all available space in the barns has been taken and applications are coming in every day. A prize of \$500 for the best lot of beef cattle exhibited is adding interest to that department.

DEALS IN NORTHERN LAND

C. C. Satorius of Petersburg, was a business visitor in Jacksonville Wednesday. Mr. Satorius has just returned from a business trip to Winnipeg, Canada. The firm of which he is a member has for a number of years specialized in the handling of Canadian lands. A local firm will later represent Mr. Satorius in the effort to interest Morgan county people in the northern country.

NEW PASTOR TO OPEN WORK AT WOODSON

Rev. I. H. Fuller, the new pastor of the Christian church at Woodson, will enter upon his work there next Sunday morning. Mr. Fuller was in Jacksonville yesterday, having just driven thru from Dexter, Mo. The minister comes to Morgan county with an excellent record and the people of Woodson church are expecting that it will now enter upon a new era of usefulness and activity.

D. A. R. HONOR FOR MISS EPLER

Miss Effie Epler has been notified that she has been appointed a member of the national library committee for memorial contentment hall, a project fostered by the national society of the Daughters of the American Revolution. The appointment was made by Mrs. George Maynard Minor, who is the president-general of the organization, and Mrs. Frank Dexter Ellison of Belmont, Mass., is the chairman of the important committee on which Miss Epler is to serve.

WILL LIVE IN WEST.

Mr. and Mrs. J. R. Rawlings, son, Wayne, together with his two children, will leave Friday for Boulder, Colo., expecting to reside in that western city. They will make the trip by automobile. The many friends of the family hope for their continued good health and prosperity.

BOY LOSES FINGERS.

Emmons Murphy, the 12-year-old son of Arthur Murphy of Chandler, was brought to Passavant hospital yesterday noon suffering with a crushed hand. He caught his left hand in a pulley while playing in a barn where the two middle fingers were so badly crushed that it was found necessary to amputate them, but the doctor hopes to save the little finger and the index finger.

MANY THEMES FOR FARM BUREAU MEMBERS

County Agent Kendall Has Issued Monthly Letter—Suggestions for Fighting Hessian Fly and Chinch Bugs.

In a recent letter issued to members of the Morgan County Farm Bureau, the county agent, G. E. Kendall, has the following news notes:

Tent at the Chautauqua

The executive committee has authorized a tent at the chautauqua. This will be furnished with tables and chairs. We hope to have exhibits of various sorts during the chautauqua. Members are invited to make this tent a general headquarters during the chautauqua and to register there on Farm Bureau Day, Aug. 27.

Pig Club

The Pig Club members are to be admitted free on Farm Bureau Day. We want to photograph the club at the Farm Bureau tent at 11 a. m., Farm Bureau Day. At present thirty-two boys and girls are feeding pigs. Six more were enrolled but we could not get them pigs in time to enter in a way that would enable them to make a showing alongside of those who secured pigs July 2.

Hessian Fly

A lot of our farmers did not heed our warning last fall about safe seedling and paid dearly for their experience. We are uttering the same warning again this year and do hope that 100 per cent of our farmers will have the good sense to heed it this time. Our safe date last year was Sept. 23. This year it will be perhaps three days later. In the meantime plow under all infested stubble before Sept. 1. Keep down volunteer wheat.

Chinch Bugs

We are in for a battle royal with these pests. Burn the hibernating plants, preferably during early winter, or at any time before the bugs fly out in the spring. We may find it to our advantage to cut down the acreage of small grain and plant a maximum acreage of legumes. The man who plans for corn and wheat in adjoining fields is certainly inviting trouble and may just as well order a good supply of crescent and purchase a most hole digger. He will need both about the time he cuts his wheat.

Potatoes

The potato crop in this county is practically a failure. We are seriously considering the matter of buying in carload lots to supply members. If we do this, we must have in advance the orders and handle them on a spot cash basis. Let your township chairman know what you think about the matter.

Turkey Red Wheat

This variety has proved generally satisfactory. As far as we have been able to learn it has yielded other varieties. We think it is the variety best adapted to our prairie soils.

Alsike

This is proving a very dependable crop. It does better on wet and acid soils than red clover, and where the conditions are favorable yields a good crop of either hay or seed. F. Bergschneider of Franklin recently hulled 111 bushels from 22 acres. This is one of the finest samples of machine run seed that we have seen. We have encouraged him to hold it for the local trade in this county.

Clover Seed

Do not be in a rush to dispose of clover seed. The farm bureau now furnish a reliable way of disposing of it. We do not know just now what the price will be—but don't worry.

Wool Pool

The reports of the grades at the warehouse at Chicago have been received both at this office and by the consignors. This may not be sold for several months yet, but we expect the demand to start next month.

Work Done in Month of July

Consultations, 180; letters, 81; circulars, 1130; newspaper items, 17; farm visits, 73.

SAMPLES OF THE COMING AUTUMN STYLES ARE DISPLAYED IN OUR WINDOW TODAY. WE HAVE ALREADY RECEIVED LIBERAL SHIPMENTS OF COATS, SUITS, DRESSES, FURS, BLOUSES, SKIRTS AND MILLINERY. ALL THE SMART STYLES PERSONALLY SELECTED IN THE FIFTH AVENUE SHOW ROOMS OF NEW YORK'S BEST MAKERS. F. J. WADDELL & CO.

P. H. GRIGGS HOME.

P. H. Griggs returned yesterday from Chicago, where he has been attending the sessions of the Illinois Association of Chiropractors which were held at the Lexington hotel. He reports a most profitable meeting and a large attendance.

One woman said yesterday after the result of the Tennessee legislature was made known, "Now we can have anything we want." Wasn't that already true?

There were three deaths in Chicago Tuesday as the result of automobile accidents. Deaths are so frequent now in the big city from this cause that they are usually recorded without headlines just as commonplace happenings in the day's news.

Cox calls attention to the fact that the war cost his country more than one million dollars an hour for two years. He's a merry campaigner. How does he dare, as an administration candidate, to remind the voters of the spendthrift inefficiency of Wilsonism?

In the midst of international alarm and misunderstanding, it is gratifying to find that France approves of the United States' stand as related to Poland and Russia. The note from France, just published indicates again the complete confidence that exists between the two nations, founded upon years of friendship.

The management of the state institutions feels fortunate that the coal operators of the state have agreed to take care of the fuel wants of these institutions at a price of 10¢ when the coal is furnished. The time was when coal operators had against each other for this business and then submit-

ted to severe tests as to coal quality.

The Chamber of Commerce of the United States—a non-political organization—has issued a pamphlet in which 57 pages, exclusive of the index, are occupied with brief summaries of the more important acts of the present Republican congress. Yet the Democratic campaign managers would have the country believe that congress "frittered away its time."

As soon as the secretary of state proclaims the action of the Tennessee legislature on the suffrage question, the 19th amendment will be in force. This will mean that women can vote for all offices for which men now have the right to vote. In Illinois the women can take part in the September primary and so help settle the very strenuous battle already underway.

Gov. Lowden in an address at Springfield last night, made a vigorous attack on the Thompson-Lundin forces. The governor credits the Chicago combine with defeating him for the presidential nomination and says he is proud of it, if such defeat was necessary rather than submit to the dictates of the combine and to accept the Bolshevik platform that it proposed.

TENNESSEE CLIMBS IN THE BAND WAGON.
The action of the Tennessee legislature in passing the suffrage bill and thus making the 19th amendment to the national constitution possible really came as a surprise to many suffrage enthusiasts. The battle had been so stubbornly contested before the legislature in that state that it seemed likely that adjournment would be taken without favorable action.

Now of course the Democratic party will make a great deal of noise about its gift of equal suffrage to the women of the United States. Some of these women will believe the story but the greater number will keep in mind that 29 states out of the 36 that ratified are Republican. Remembering these figures it is very apparent to any fair minded person just

which party is responsible for the rights that women are now to enjoy.

A local woman said yesterday that the claim of the Democrats because of the Tennessee action will be very much like that of a person who arrives at a ball game and thinks that his arrival means the crowd has assembled.

MILLION NEW CARS ADD TO ROAD WEAR
That the present interest in the construction of new highways should not divert attention from properly maintaining highways already improved is a point which the Bureau of Public Roads, United States Department of Agriculture, has had occasion to emphasize many times in recent months, particularly in view of the enormous increase in motor vehicle traffic which is taking place. The bureau recently completed a compilation of statistics from all the States of the Union showing that there were a total of 7,565,446 registered motor cars (including motor cycles and trucks) in the United States in 1919. This is an increase of 23 per cent, or 1,418,829 motor cars over 1918. Such figures indicate that the country's highways are being used far more than in the past, it is pointed out, and in consequence added attention must be given to the repair problem. The increase in the number of cars for 1919 over 1918 represents about 10 per cent more cars than the total number registered in the entire United States for 1913.

Additional use of roads and streets has, of course, been accompanied by additional revenue paid to State and local governments in the form of license fees, which in nearly all States are devoted to highway needs. The registration and license fees for automobiles, trucks, and motor cycles in use in 1919 totaled \$64,697,255.58—an increase of 20 per cent over 1918. The total revenues for New York and Pennsylvania the past year were about double the revenues received for all motor vehicle registrations and licenses in the entire United States in 1912.

Certain of the States, notably Maryland, have experienced difficulty in securing road-building materials, owing to labor shortage, hampered transportation facilities, etc. Maryland has had to make a special appeal to the Interstate Commerce Commission for aid in getting enough material shipped in to properly care for road repairs.

at rest; good government will go that far, when it is at its best. But it won't take the place of toll, by which the prudent thrive; it will not hoe the weedy soil, or keep the corn alive. I don't depend on man made laws to help me dodge life's ills; the smoothest law that ever was won't pay my monthly bills. The noblest statute in the book won't keep the wolf away, or buy a sack of spuds to cook, if I loaf round all day. I leave my shack at morning, bent on hours of useful toil; I don't depend on government to make the kettle boil.

ASHLAND TO HAVE NEW SCHOOL BUILDING
Construction Work is Being Pushed Rapidly—News Notes.
Ashland, Aug. 17.—Miss Edith Purvins of Chicago is visiting Miss Leota Akers.
Mrs. Ace Douglass has been on the sick list the past week.
Mr. and Mrs. Ira H. Barrows have purchased residence property from Frankie McDaniel in the north part of town, and expect to move into their new home in the near future.
Mr. and Mrs. Phil Price and family returned from a pleasant visit with their son Harry, at Brunswick, Mo., last Saturday.
Mrs. C. W. Andrews entertained the Ladies' Aid of Garner Chapel last Thursday.
Work on the new high school building is progressing nicely. The Contractor, C. H. Schenk, expects to have it under roof by September 1.
This will be a handsome building when completed, and will be one of which the north side residents will feel proud.

WINCHESTER NEWS NOTES
Winchester, Aug. 18.—Miss Anna Jefferson returned Wednesday from a visit with friends and relatives in Griggsville.
Rev. E. L. Gibson, wife and infant daughter, arrived Wednesday from Alton to visit at the home of Mr. Earl Nelson.
Dr. and Mrs. E. B. Waters and daughter, Mary Kate, left Wednesday in their car for a trip to Wichita, Kansas, to visit with relatives.
Mrs. W. B. Morris has gone to Gideon, Mo., to visit a sister. Rev. Mr. Morris has gone to East St. Louis for a visit with his daughter, Mrs. Paul Hoover. He will later join Mrs. Morris.
Julius Ohler and family enjoyed the picnic at Neeleyville Tuesday. The Winchester band boys furnished music for the picnic.
Miss Blanch Wells left Thursday morning for an extended visit in Colorado, Utah and California.
Henry Peiper and daughter, Mrs. Thomas Hirschman, and Miss Julia Werner, attended the Merritt picnic Thursday.

TELLS ABOUT EDGAR COUNTY FAIR
Charles Spaulding, formerly a resident here, is now living in Edgar county and will be superintendent of the Speeding at the Edgar county fair which is to take place in the early future. The Paris Beacon in a recent issue quoted Mr. Spaulding as saying that the fair this year will be the best on record. Nearly all available space in the barns has been taken and applications are coming in every day. A prize of \$500 for the best lot of beef cattle exhibited is adding interest to that department.

SHLOH CHICKEN FRY WAS SUCCESS
One of Largest in History—Committees in Charge Well Pleased With Result.
The chicken fry held annually by the members of the Shloh M. E. church proved this year to be the largest in the history of the church, the large crowd making a thorough cleanup of all the good things which had been prepared. Supper was served under a big tent and the bill of fare included chickens, gravy, potatoes, slaw, tomatoes, jelly, pickles, coffee, ice tea, ice cream and cake.
The Juniors of the Sunday school also ran a stand at the picnic.
A partial list of the committees who so well prepared and served the feast is:
Alvin Carpenter, general manager.
The tent committee: Leonard Goveia, Cecil McGhee, Irwin Patterson, Edgar Miller, Tom Strickler, John and James Beck, Harry Sorrells and Lon Taylor.
Following were some of the waiters: Misses Gertrude Sorrells, Irene Mason, Helen Deaton, Ethel Garvis, Dorothy Bourn, Beulah and Edith Petefish, Hattie and Lola Stevens and Ethel Sorrells; also Neil Sorrells and Roy Black.
The following were in attendance at the Juniors' stand: Alma Lindsey, Alma Bridgeman, Dorothy and Margaret Deaton and Blanche Phillips.

WANTED GIRLS OVER 18 TO LEARN HAND BUTTON-HOLE MAKING. PLEASANT WORK AND GOOD WAGES WHILE LEARNING. J. CAPPS & SONS, LTD.

CHAPIN HORSE SHOW TO BE HELD SEPT. 2
Preparations Being Made for Big Event—Many Other Interesting Items from Chapin and Vicinity.
Chapin, Aug. 18.—Mr. and Mrs. Robert Bridgman and daughter, Mildred, went to Beardstown Saturday to visit with daughters, Mrs. Craven and Mrs. Berriman. From there they will go to East St. Louis to visit with Mr. and Mrs. Ray Bridgman.
John Onken and family and Mrs. Frank Burnham went to Petersburg Saturday to camp during Old Settle's chautauqua.
Mr. and Mrs. R. D. Omer returned Friday night from a trip to the west, visiting Yellowstone Park, and going on to the coast where he has accepted a position and will move his family there in the near future. Charles Baylis of Concord is now carrying mail on the rural route which Mr. Leonard carried.
Remember the Chapin Horse show Sept. 2, and tell your friends about it.
Elmer McNeal visited his brother, Fred, the latter part of the week.
T. H. Stone is driving a new Overland touring car.
Although work is progressing as rapidly as possible on the new community high school, the building will not be ready for occupancy before the middle of September.
Mr. and Mrs. William G. Wolfe, son Frank, daughter Mary, Leland and Miss Norma Perbix of Markham and Mr. and Mrs. W. Fisher and son William returned Monday from a camping outing at Lake Manzanar.
The Missionary society of the Christian church held the August meeting at the church Tuesday afternoon, Aug. 17, with eleven members present. Following is the program:
Song.
Bible Study, Trained Leadership, Mark 3:13-15.
Prayer—Mrs. Bobbitt and Mrs. Cantrell.
Roll Call—Items from Everywhere.
Collection.
Song—Somebody.
Leaflet, Training for Leadership—Mrs. Monte Funk.
Benediction.

"PURE OLD PROCESS"
Oil Meal now offered by Cain Mills. Special price out of car. Get your order in now.

EXTENSIVE AUTO TRAVELERS
Mr. and Mrs. E. W. Long of Arenzville made the city a call yesterday. In a short time they expect to start by auto with their son, Russell and wife, for an extensive trip to Wyoming, Montana and other western points. They have landed interests out there and have made the trip more than once already.
Mrs. Long told a Journal reporter yesterday that on one trip they were on their way home and when they reached Denver they had the same air in the tires with which they started. Their car was no wto the people of Colorado's capital and they were so insistent on having it that they paid Mr. Long more for it than it cost him new so he let them have it and they partly finished their journey by train.

MANY THEMES FOR FARM BUREAU MEMBERS
County Agent Kendall Has Issued Monthly Letter—Suggestions for Fighting Hessian Fly and Chinch Bugs.
In a recent letter issued to members of the Morgan County Farm Bureau, the county agent, G. B. Kendall, has the following news:
Tent at the Chautauqua
The executive committee has authorized a tent at the chautauqua. This will be furnished with tables and chairs. We hope to have exhibits of various sorts during the chautauqua. Members are invited to make this tent a general headquarters during the chautauqua and to register there on Farm Bureau Day, Aug. 27.
Pig Club
The Pig Club members are to be admitted free on Farm Bureau Day. We want to photograph the club at the Farm Bureau tent at 11 a. m., Farm Bureau Day. At present thirty-two boys and girls are feeding pigs. Six more were enrolled but we could not get them into time to enter in a way that would enable them to make a showing alongside of those who secured pigs July 2.
Hessian Fly
A lot of our farmers did not heed our warning last fall about safe seeding and paid dearly for their experience. We are offering the same warning again this year and do hope the 100 per cent of our farmers will have the good sense to heed it this time. Our safe date last year was Sept. 29. This year it will be perhaps three days later. In the meantime plow under all infested stubble before Sept. 1. Keep down volunteer wheat.
Chinch Bugs
We are in for a battle royal with these pests. Burn the hibernating places, preferably during early winter, or at any time before the bugs fly out in the spring. We may find it to our advantage to cut down the acreage of small grain and plant a maximum acreage of legumes. The man who plans for corn and wheat in adjoining fields is certainly inviting trouble and may just as well order a good supply of crescent and purchase a post hole digger. He will need both about the time he cuts his wheat.
Potatoes
The potato crop in this county is practically a failure. We are seriously considering the matter of buying in crop lots to supply members. If we do this, we must have in advance the orders and handle them on a spot cash basis. Let your township chairman know what you think about the matter.
Turkey Red Wheat
This variety has proved generally satisfactory. As far as we have been able to learn it has out yielded other varieties. We think it is the variety best adapted to our prairie soils.
Alsike
This is proving a very dependable crop. It does better on wet and acid soils than red clover, and where the conditions are favorable yields a good crop of either hay or seed. J. F. Bergschneider of Franklin recently hulled 111 bushels from 22 acres. This is one of the finest samples of Alsike run seed that we have seen. We have encouraged him to hold it for the local trade in this county.
Clover Seed
Do not be in a rush to dispose of clover seed. The farm bureaus now furnish a reliable way of disposing of it. We do not know just now what the price will be—but don't worry.
Wool Pool
The reports of the grades at the warehouse at Chicago have been received both at this office and by the consignors. This may not be sold for several months yet, but we expect the demand to start next month.

GOVERNMENT
Wise government can do a lot to brighten up our days; wist government will hit the spit in fifty-seven ways. And still we'll have to buckle down and saw our share of oak, if we'd have credit in the town and not be always broke. Good government will help us all, if we should help ourselves, and we'll have pictures on the wall and pies upon the shelves; and we're secure in what we own of land or hay or gold, and when we earn a shining bone, it's ours, to have and hold. And we're protected in our car, and in our bed.

DEALS IN NORTHERN LAND
C. C. Satorius of Petersburg, was a business visitor in Jacksonville Wednesday. Mr. Satorius has just returned from a business trip to Winnipeg, Canada. The firm of which he is a member has for a number of years specialized in the handling of Canadian lands. A local firm will later represent Mr. Satorius in the effort to interest Morgan county people in the northern country.

NEW PASTOR TO OPEN WORK AT WOODSON
Rev. I. H. Fuller, the new pastor of the Christian church at Woodson, will enter upon his work there next Sunday morning. Mr. Fuller was in Jacksonville yesterday, having just driven thru from Dexter, Mo. The minister comes to Morgan county with an excellent record and the people of Woodson church are expecting that it will now enter upon a new era of usefulness and activity.

D. A. R. HONOR FOR MISS EPLER
Miss Effie Epler has been notified that she has been appointed a member of the national library committee for memorial contentment hall, a project fostered by the national society of the Daughters of the American Revolution. The appointment was made by Mrs. George Maynard Minor, who is the president-general of the organization, and Mrs. Frank Dexter Ellison of Belmont, Mass., is the chairman of the important committee on which Miss Epler is to serve.

WILL LIVE IN WEST.
Mr. and Mrs. J. R. Rawlings, son, Wayne, together with his two children, will leave Friday for Boulder, Colo., expecting to reside in that western city. They will make the trip by automobile. The many friends of the family hope for their continued good health and prosperity.

BOY LOSES FINGERS.
Enmons Murphy, the six year old son of Arthur Murphy of Chandlersville, was brought to Passavant hospital yesterday noon suffering with a crushed hand. He caught his left hand in a pulley while playing in a barn where they were putting up hay. The two middle fingers were so badly crushed that it was found necessary to amputate them, but the doctor hopes to save the little finger and the index finger.

WILL LIVE IN WEST.
Mr. and Mrs. J. R. Rawlings, son, Wayne, together with his two children, will leave Friday for Boulder, Colo., expecting to reside in that western city. They will make the trip by automobile. The many friends of the family hope for their continued good health and prosperity.

BOY LOSES FINGERS.
Enmons Murphy, the six year old son of Arthur Murphy of Chandlersville, was brought to Passavant hospital yesterday noon suffering with a crushed hand. He caught his left hand in a pulley while playing in a barn where they were putting up hay. The two middle fingers were so badly crushed that it was found necessary to amputate them, but the doctor hopes to save the little finger and the index finger.

Attention— Ford Owners

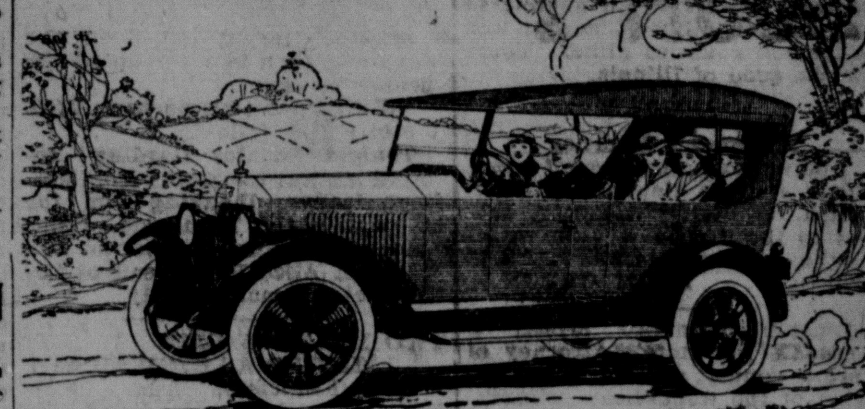

Have You Seen the F. B. Battery Cover? The F. B. Battery Cover is an absolute essential for the protection of the battery. Without it the top of the battery quickly becomes covered with mud and dirt, which becomes acid soaked, not only causing a leakage of the current and soon runs down the battery, but also causes undue corrosion, disintegration of the terminals and the battery box proper which in a short time absolutely ruins the complete battery.

BEATS GASOLINE AT 15 CENTS A GALLON

New Invention Makes Fords Run
34 Miles on Gallon of Gasoline
—Other Cars Show Proportionate Savings.

A new carburetor which cuts down the gasoline consumption of any motor, including the Ford, and reduces bills from one-third to one-half is the proud achievement of the Air Friction Carburetor Co., 262 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 to 50 per cent, but enables everyone to run slow on high gear. With it you can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 or 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone all readers who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents to whom they offer exceptionally large profits. Write them today.—Adv.

There is a Wonderful Motor Under the Hood of the New Velie Six

At last the problem of low grade fuel is really solved by the motor of the new Velie. Here is a motor that burns low grade fuel perfectly—and gives greater power—greater speed—more miles per gallon—with lessened vibration. A motor running smoothly and solidly at all speeds; its unusually large crankshaft held firmly by four bearings. A motor with rods and pistons accurately balanced, and enduring bronze-backed bearings everywhere. A motor worthy of this beautiful car—the first authoritative example of the new style tendency with more room—the deepest, most restful upholstery—more comfort and convenience than you ever dreamed of.

Come and see the new Velie—today's perfection of automobile science and art. Ride in it as hundreds have done—and let us have YOUR judgment.

Gus Valley of Arenzville made a trip to the city yesterday.

Mrs. Abe Seymour was up to the city from Franklin yesterday.

Attorney John W. Sheehan of Springfield is spending a few days in the city calling on old time friends. He is the same genial John as ever and has many friends in Jacksonville.

Mr. and Mrs. John Ryman were down to the city from Prentice yesterday.

Miss Hattie Smith helped represent New Berlin in the city yesterday.

Miss Nellie Nash was up to the city from Chapin yesterday.

Roy Bagshaw, wife and daughter made a trip from Winchester to the city yesterday.

Edgar Oxley of the region of Durbin traveled to town yesterday.

P. D. Trotter and Mrs. James W. Breckon have gone to Bethany, Mo., for a visit with W. H. Swain.

Thomas Cully was a city arrival from Joy Prairie yesterday.

Miss Ruth Bailey was down to the city from Ashland yesterday.

Roy Culp was a city arrival from Woodson yesterday.

Ray Gottschall was a city caller from Franklin yesterday.

Miss Mary Hall was a city arrival from Durbin yesterday.

Thomas Hankins was down to the city from Ashland yesterday.

John Halligan of Strawn's Crossing was numbered among the city callers yesterday.

George Hall of the south part of the county came to the city yesterday.

**BEATS GASOLINE AT
15 CENTS A GALLON**

New Invention Makes Ford Run 34 Miles on Gallon of Gasoline—Other Cars Show Proportionate Savings.

A new carburetor which cuts down the gasoline consumption of any motor, including the Ford, and reduces bills from one-third to one-half is the proud achievement of the Air Friction Carburetor Co., 262 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 to 50 per cent, but enables everyone to run slow on high gear. With it you can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline.

Many Ford owners say they now get as high as 45 or 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone all readers who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents to whom they offer exceptionally large profits. Write them today.—Adv.

Bert Laughery of Grace Chapel was among the business visitors in the city yesterday.

Miss Esther Reich of Aurora was in the city yesterday.

Miss Grace Mount of Lincoln is visiting her sister Miss Lucy Mount in Jacksonville.

Mrs. Christenson and son, of Decatur are visiting friends in Jacksonville.

Mr. and Mrs. Bert Loughary of Grace Chapel neighborhood traveled to the city yesterday.

Miss Mabel Wright made a trip from Franklin to the city yesterday.

George Naulty, north of Sinclair, came down to the city yesterday.

EXPERIENCE COUNTS

When you have a bicycle that needs repairing, you want the work done by one who understands the business. I have had more than sixteen years of experience in all kinds of repair work. I know how it should be done. My work always gives satisfaction.

Attention— Ford Owners

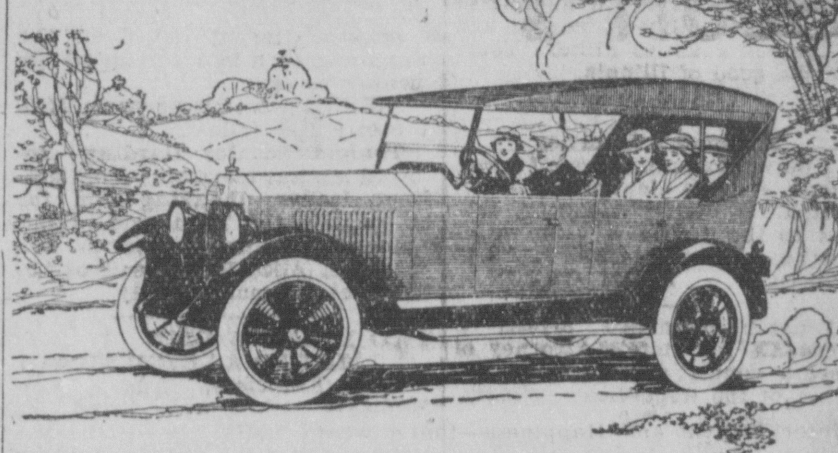

Have You Seen the F. B. Battery Cover? The F. B. Battery Cover is an absolute essential for the protection of the battery. Without it the top of the battery quickly becomes covered with mud and dirt, which becomes acid soaked, not only causing a leakage of the current and soon runs down the battery, but also causes undue corrosion, disintegration of the terminals and the battery box proper which in a short time absolutely ruins the complete battery.

There is a Wonderful Motor Under the Hood of the New Velie Six

At last the problem of low grade fuel is really solved by the motor of the new Velie. Here is a motor that burns low grade fuel perfectly—and gives greater power—greater speed—more miles per gallon—with lessened vibration. A motor running smoothly and solidly at all speeds; its unusually large crankshaft held firmly by four bearings. A motor with rods and pistons accurately balanced, and enduring bronze-backed bearings everywhere. A motor worthy of this beautiful car—the first authoritative example of the new style tendency—with more room—the deepest, most restful upholstery—more comfort and convenience than you ever dreamed of. Come and see the new Velie—today's perfection of automobile science and art. Ride in it as hundreds have done—and let us have YOUR judgment.

POLITICAL ANNOUNCEMENTS

For Congress
We are authorized to announce
Guy L. Shar of Beardsley as
Republican candidate for member
of Congress in the Lower House
for the 20th Congressional Dis-
trict of Illinois.

Henry T. Rainey hereby an-
nounces his candidacy for Con-
gress, from the 20th District,
subject to the decision of the
Democratic voters at the primary
election.

For Representative
I hereby announce myself a
candidate for the Republican
nomination for member of the
general assembly from the 45th
district, subject to the primary
election, September 15.

JACOB FRISCH.
S. E. Moore of Williamsville,
Sangamon county, a farmer and
former member of the board of
supervisors, hereby announces his
candidacy for membership in the
general assembly from this dis-
trict, subject to the decision of
the Republican primary election,
September 15.

Searcy For Representative.
As a candidate for representa-
tive, 45 senatorial district, I want
to appeal to Morgan county Re-
publicans for their support at the
primary, Wednesday September
15. I am the only service man
on either ticket, though I appeal
to you on whatever merit I may
possess. My service, if nominated
and elected, will be to Morgan and
Sangamon counties alike. Yours
for the good of Illinois.

EARL B. SEARCY.
For State's Attorney
I hereby announce myself a can-
didate for the Republican nomi-
nation for State's Attorney, sub-
ject to the decision of the voters
in the primary election in Sep-
tember.

HUGH GREEN.
I hereby announce myself a
candidate for State's Attorney of
Morgan county, subject to the de-
cision of the Republican primary,
September 15, 1920.

EARL E. ROBINSON.
For County Commissioner.
Upon the request of friends I
have decided to announce my
candidacy for the nomination as a
member of the County Commis-
sioners of Morgan county, for the
short term, subject to the deci-
sion of the Democratic voters of
the county at the primary Sep-
tember 15.

F. L. SHARPE.
I hereby announce myself as a
candidate for the nomination for
County Commissioner on the Re-
publican ticket subject to the de-
cision of the voters at the Primary
election to be held Wednesday
Sept. 15.

GEORGE F. BROWN.
Upon the request of friends I
have decided to announce my can-
didacy for the nomination as a
member of the County Commis-
sioners of Morgan county, for the
short term, subject to the deci-
sion of the Democratic voters of
the county at the primary Sep-
tember 15.

H. E. OGLE.
Upon the request of friends I
have decided to announce my can-
didacy for the nomination as a
member of the County Commis-
sioners of Morgan county, for the
short term, subject to the deci-
sion of the Democratic voters of
the county at the primary Sep-
tember 15.

C. G. CANTRELL.
I hereby announce myself a
candidate for the Republican
nomination for county com-
missioner (short term) subject to
the decision of the primary, Sep-
tember 15.

FRANK MAWSON.
I hereby announce myself as a
candidate for the nomination for
County Commissioner on the Re-
publican ticket subject to the de-
cision of the voters at the Primary
election to be held Wednesday
Sept. 15.

J. E. OSBORNE.
For Coroner.
I hereby announce myself as a
candidate for the nomination for
Coroner on the Republican ticket
subject to the decision of the
voters at the Primary election to
be held Wednesday, Sept. 15.

CHARLES A. ROSE.
I hereby announce myself a
candidate for the Republican nomi-
nation for coroner, subject to the
decision of the primary election,
September 15.

CHARLES L. HANKINS.
I hereby announce myself as a
candidate for the nomination for
Coroner on the Republican ticket
subject to the decision of the
voters at the Primary election to
be held Wednesday Sept. 15.

JOHN B. SENG.
For Circuit Clerk.
I hereby announce myself a
candidate for the nomination for
Circuit Clerk of Morgan county,
subject to the decision of the
Republican Primary, September 15, 1920.

LEE STICE.
I hereby announce myself a
candidate for the Republican nomi-
nation for circuit clerk, subject to
the decision of the primary elec-
tion September 15.

FRANK B. WANNAMAKER.

**SENATOR HARDING
IS GRATIFIED THAT
WOMEN HAVE VOTE**

Made Two Short Addresses
From Front Porch
Wednesday

**IMPORTANT SPEECH
SCHEDULED FOR TODAY**

MARION, O., Aug. 18.—Pol-
itics to make the nation self re-
liant in material as well as gov-
ernmental affairs, were advocat-
ed by Senator Harding today in
two short speeches here.

He spoke first to a group of
American Indians who brought
to him a plea for extension of
their racial rights. He replied
that the United States might do
well to bestow Democracy and
humanity and idealism on the
continent native and rather
than to "waste" American lives
trying to make sure of that be-
stowed thousands of miles across
the sea.

The second address was deliv-
ered to the local lumberman's as-
sociation.

Word that the Tennessee leg-
islature had completed ratifica-
tion of the woman suffrage
amendment was received by the
senator with satisfaction and he
issued a statement declaring his
gratification that women would
be given the ballot in the No-
vember election.

One of his most carefully pre-
pared speeches since accepting the
nomination is to be delivered to-
morrow to members and former
members of the Ohio legislature.
The subjects to be discussed have
not been revealed but it has been
indicated that the address was
considered one of the most im-
portant of the campaign.

The delegation of Indians num-
bering about a score, were receiv-
ed by Senator Harding on the
front porch. They represented the
Society of American Indians and
several of them came ar-
rayed in tribal feathers and head
work.

Yesterday the same group of
Indians called on Governor Cox
and in addressing Harding today
one of them called him "Senator
Cox."

Senator Harding joined in the
laugh and then he interrupted the
speaker to say:
"Well, I don't blame you. He's
a pretty little fellow."

Tonight Senator Harding re-
ceived several telegrams from suf-
frage leaders thanking him for
his part in the Tennessee fight.
Among the messages received was
one from Alice Paul, head of the
National Woman's party.

**TWO YOUNG WOMEN
LISTED AS STOWAWAYS**

San Francisco, Aug. 18.—Mod-
ishly attired but listed as
stowaways, Miss Mildred Mc-
Gruder and Miss Eva A. Tranger
of Philadelphia, school teachers
employed by the territorial gov-
ernment of Hawaii arrived here
on the army transport Sheridan
today.

The young women were given
their liberty. They said they
went aboard at Honolulu, secret-
ing themselves in the cabin of
friends, after having been de-
nied passage because of lack of
room. Their status was not dis-
covered until the ship was two
days out. They explained the in-
cident by saying they were "an-
xious to return to the United
States."

**MAN'S
BEST AGE**

A man is as old as his organs; he
can be as vigorous and healthy at
70 as at 35 if he aids his organs in
performing their functions. Keep
your vital organs healthy with

Look for the name Gold Medal on every
box and accept no imitation.

**REMARKABLE
RECOVERY**

Due to Lydia E. Pinkham's
Vegetable Compound.

Philadelphia, Pa.—"I want to let
you know what good Lydia E. Pink-
ham's Vegetable Compound has
done me. I had organic troubles
and am going through the
Change of Life. I was taken with
a pain in my side and a bad head-
ache. I could not lie down, could
not eat or sleep. I suffered some-
thing terrible and the doctor's
medicine did me no good at all—my
pains got worse instead of better. I
began taking the Vegetable Compound
and a change from the first. Now I
feel fine and advise any one going
through the Change of Life to try it
for it cured me after I had given up
all hopes of getting better. You can
publish this and I will let any one
who writes to me the good it has done
me." Mrs. MARGARET DANZ, 743 N.
25th Street, Philadelphia, Pa.

It hardly seems possible that there
is a woman in this country who will
continue to suffer without giving
Lydia E. Pinkham's Vegetable Com-
pound a trial after all the evidence
that is continually being published,
proving beyond contradiction that
this grand old medicine has relieved
many suffering women.

Scratching Increases the Irrita-
tion of the Delicate Skin
Tissue
You can claw your nails into
your skin until it bleeds, in an ef-
fort to obtain relief from the itchy
itching and burning caused by skin
eruptions and rashes.
And you can pour ointments,
salves and lotions by the gallon on
the irritated parts, without obtain-
ing anything but temporary relief.
Just as soon as the strength of the
count irritant gives out, your
pain and torture will return with
increased violence, because these
local remedies have not reached
the source of the trouble.
The real source of all skin dis-
ease is the blood supply. The
blood becomes infected with some
impurity and the disease germs

**WOMAN SUFFRAGE FIRST
STARTED IN MARYLAND**

(Continued from Page 1)
or by any state on account of
sex.

"Section 2. Congress shall
have power, by appropriate leg-
islation, to enforce the provisions
of this article."
The amendment holds the re-
cord of being before the country
longer than any other successful
amendments to the constitution.
It was introduced as the 16th
amendment and has been suc-
cessively the 17th, 18th and 19th
and has been before every session
of congress since its initial ap-
pearance.

Made Little Progress.

During the first 35 years after
its introduction into congress the
amendment made practically no
progress and until seven years
ago it had not been debated on
the floor for 30 years. But the
campaign for the movement was
slowly but steadily gaining ground
in the states.

Miss Anthony made a test of the right of wo-
men to cast the ballot by going
to the polls and voting. She was
arrested and convicted and, she
refused to pay her fine, was
never jailed. She became, how-
ever, a forerunner of the "mail
votes" which adopted the forceful
tactics of the latter days of the
campaign.

State after state gradually en-
franchised its women citizens.
Beginning with Wyoming in
1869, by 1919 sixteen states had
given women the right to vote,
and fourteen states had presiden-
tial suffrage previous to ratifi-
cation of the amendment.

Militancy in the fight for suf-
frage in America made its ap-
pearance with the formation of
the National Woman's party in
1913. On the eve of President
Wilson's inauguration, 8,000 wo-
men led by Alice Paul, now chair-
man of the party, attempted to
march from the Capitol to the
White House. They were harass-
ed by a hostile crowd which overran
an unsympathetic police and the
capital of the United States had
its first experience with suffrage
riots.

Was Seven Year Fight.

Continuing their demonstra-
tions over a period of seven years
members of the women's party
picked the White House with
banners in their hands and served
terms in jail for disturbances of
the peace which grew out of their
parades and blockade of the ex-
ecutive mansion. During the
last few months before the adop-
tion of the amendment the mil-
litants redoubled their exertions.
Seven demonstrations were held
on the steps of the Capitol and
on New Year's Day, 1919, watch
fires were lighted in front of
the White House in which
every speech made by President
Wilson in Europe on Democracy
and self-government was burned.
The acts, however, were disavowed
by the National Association.

Promptly with the passage of
the amendment by the Congress
the suffrage forces turned their
attention to ratification by the
necessary two thirds of states.
More special sessions of the state
legislatures were called to act
upon the 19th than upon any
other amendment.

First to Ratify.

Wisconsin was the first states to
ratify, quickly followed on June
16 by New York, Kansas and
Ohio.
Other states ratified in the fol-
lowing order: Illinois, Pennsylv-
ania, Massachusetts, Texas, Iowa,
Missouri, Arkansas, Montana, Ne-
braska, Minnesota, New Hamp-
shire, Utah, California, Maine,
North Dakota, South Dakota, Col-
orado, Rhode Island, Kentucky,
Oregon, Indiana, Wyoming, Ne-
vada, New Jersey, Idaho, Ari-
zona, New Mexico, Oklahoma and
West Virginia.

From its beginning in this
country, the suffrage movement
met determined opposition from
men as well as from women. The
first organized opposition on the
part of women manifested itself
in 1873 when a committee of
prominent women presented a pe-
tition to congress "protesting
against the extension of suffrage
to women."

Mrs. W. T. Sher-
man, wife of the Civil War hero,
headed the committee, of which
Miss Catherine Ward Beecher,
sister of the famous divine, Henry
Ward Beecher, was a member.
Various anti-suffrage organiza-
tions came into being subse-
quently, until the National As-
sociation opposed to women suf-
frage was formed in 1911 with Mrs.
Arthur M. Dodge of New York
as its first president. This body,
step by step, fought the adoption
and ratification of the amend-
ment.

**SENATOR CUMMINS
CONFINED TO BED**

Des Moines, Ia., Aug. 18.—Sen-
ator A. B. Cummins is suffering
from a mild attack of influenza
and while he must remain in bed
and see no visitors, members of
the family said tonight his rapid
recovery was expected.

**Skin Eruptions Cause
Unbearable Itching**

break out through the delicate
tissues of the skin. They may ap-
pear as eczema, tetter, boils, pim-
ples, scaly eruptions, caused by
disease germs in the blood.
The real cure, therefore, must
be directed through the blood.
And no remedy has yet been dis-
covered that equals S. S. S. for
such disorder of the blood. This
great old remedy cleanses the
blood of all disease germs, and
clears up the complexion and
gives it the ruddy glow of perfect
health. Get a bottle at your drug
store today, and you will soon be
rid of your tormenting skin trou-
ble. Also write at once for expert
medical advice regarding your
own case. Address: Medical Di-
rector, 263 Swift Laboratory, At-
lanta, Georgia.

**LEGION MAN IN
BAD AT DANVILLE**

DANVILLE, Ill., Aug. 18.—Be-
cause Louis Bremer, adjutant of
the Curtis G. Redden post of the
American Legion, introduced May-
or William Hale Thompson last
night when he spoke here and
was the only man on the speakers'
platform with the Chicago official,
an indignation meeting has been
called for tonight by Commander
Otto Leach, when the Legion will
demand that the adjutant resign
his office.

Commander Leach said Adjutant
Bremer had violated the con-
stitution and by laws of the Leg-
ion "mixing in politics" and
that Bremer could not be adjutant
of the post while he was com-
mander. If Bremer refused to re-
sign the Legion members will vote
on resolutions ousting him from
office.

Various members of the Legion
in Danville bitterly resent the ac-
tion of Bremer, many of them be-
ing outspoken in denouncing him
for his participation in the Thomp-
son meeting.

"We cannot forget the speeches
made by Thompson against the
American cause dropped back of
our lines by Gorman airplanes,"
said Commander Leach in an in-
terview.

**OFFICIALS BELIEVE
VAN TASSEL INSANE**

Rockford, Ill., Aug. 18.—Au-
thorities in Madison, Wis., the
home town of Private Lester Van
Tassel, Camp Grant soldier held
in that city suspected of knowl-
edge of the slaying of Mrs. Moss,
wife of the Captain LeRoy Moss
at Camp Grant on the night of
June 15, while she was riding in
an automobile with her hus-
band and a party of friends be-
lieve the soldier is insane. He
has told several conflicting stories
implicating Private George Peters,
a soldier who accompanied Van
Tassel when the men escaped
from the confinement at Camp
Grant the morning before Mrs.
Moss was killed.

Van Tassel claimed he had
heard three shots while Peters
was absent and that later Peters
discussed the shots. Local civil
authorities are taking place in
Camp Grant and the stories told
by Van Tassel and his belief of
Madison officials that he is weak
minded.

**MIND BECOMES BLANK
AFTER A FEW DRINKS**

New York, Aug. 18.—A num-
ber of cases for alcoholic treat-
ment in the Bellevue hospital has
increased within the past few
weeks until it is virtually equal
to that of pre-prohibition days,
according to a report of Bird S.
Coler, commissioner of public
charities, made public today.

"Most of the patients," he
said, "go down in a hurry, without
warning, and recover quickly—
in all in nearly every case it is
discovered that the persons have
had only one or two drinks, after
which their mind becomes blank."

**GOV. LOWDEN ISSUES
A PROCLAMATION**

Springfield, Ill., Aug. 18.—Gov-
ernor Lowden issued a proclama-
tion today declaring Harry Ed-
wards and Franklin J. Stranzky
elected judges of the circuit court
in the fifteenth judicial district.
They were named at a special
election to fill out the unexpired
terms of Judges Richard S. Far-
nham of Dixon, and Ralph E.
Eaton, deceased.

**THREE PRESIDENTIAL
CANDIDATES TO SPEAK**

Columbus, O., Aug. 18.—Three
presidential candidates all Ohio-
ans, may speak from the same
platform at the Ohio State Fair
here August 31. Governor Cox
and Senator Harding have both
accepted speaking invitations and
tonight fair officials wired Dr.
Aaron Watkins, Prohibition party
candidate, asking that he also de-
liver an address.

**APPEARED IN CORRIDOR
CLAD IN NIGHT GARMENTS**

Atlanta, Ga., Aug. 18.—Thomas
E. Watson, candidate for the
Democratic nomination for sen-
ator, was arrested tonight on a
charge of "public indecency" af-
ter he had appeared in a corridor
clad in his night garments. The
police chief said he had started
a disturbance in the lobby, assert-
ing that men paid by his political
opponents were disturbing his
rest. He was held in \$500 bond.

**REPORT FURTHER ADVANCES
AGAINST BOLSHEVISM**

Constantinople, Aug. 18.—An
official communication from
headquarters of General Wrangel,
reports further advances
against Bolshevik forces.
It claims the capture of a num-
ber of villages and the crossing of
the Donetz river.

Cossack troops are said to have
revolted against the soviet gov-
ernment and joined Wrangel,
who is also reported to have the
support of the entire population
of the country.

**STEAMSHIP LINES
ALSO ASKING FOR
INCREASED RATES**

Want Increase in Conform-
ity With Railroad
Rates

**OFFICIALS SAY LINES
OPERATING AT LOSS**

WASHINGTON, Aug. 18.—Great
Lakes, coastwise and Gulf
carriers today charged ship-
ping board to great applications
involving approximately sixty
steamship lines for rate increases
in conformity with advances al-
ready allowed the railroads by the
interstate commerce com-
mission. A majority of the lines
are now operating at deficits
which threaten their existence,
Examiner H. E. Mangum was
told by witnesses.

Representatives of shippers are
to be heard tomorrow. Owing to
the short time until increased
rail rates become effective efforts
are being made to expedite the
hearings. When the hearing opened
William J. Pitt of Philadelphia
on behalf of paint and varnish
manufacturers' organizations and
George Wilson representing the
Philadelphia chamber of com-
merce made formal protest
against the proceedings on the
ground that adequate notice had
not been given the shippers to ap-
pear.

Are Operating at Loss.

Officials of coastwise steamship
companies appearing today de-
clared their companies were op-
erating at a loss and presented
figures.
While not asking for increased
passenger rates, Charles B. Hop-
per of Chicago, general freight
agent of the Goodrich Steamship
Lines urged an average wage in-
crease of thirty per cent in
freight rates. The company would
operate at a loss this year other-
wise, he said.

F. A. Stanley of the Great
Lakes Transportation Company
also said his company did not de-
sire higher passenger rates at
this time but urged a forty per
cent increase in freight rates. The
company had a deficit of \$117,115
during the first six months of
this year, he said, compared with
\$3,099 during that period in
1919.

Increase in Operation.

He estimated increased opera-
ting expenses during 1920 at \$1,-
200,000.
L. G. Lewis of Detroit, Mich.,
general passenger agent of the De-
troit & Cleveland Navigation com-
pany urged a twenty per cent ad-
vance in passenger rates and
forty per cent on freight.

J. M. Cleveland, vice-president
of the Pore Marquette Line
Steamers, wrote that his company
would be compelled to discontinue
service to the ports of Arcadia,
Ononaga, Manitowish and Pent-
water, Mich., and handle all its
tonnage thru Ludington, Mich.,
with much slower service unless
increased rates were allowed.

**MORE RAILROADS FILE
SUITS ON TWO CENT FARE**

Chicago, Aug. 18.—Three
more railroads today filed suits
in the United States district court
to restrain the state public util-
ity commission, Attorney Gen-
eral Edward J. Brundage and Mag-
istrate Hayne, state's attorney for
Cook county from enforcing the
two cent fare which becomes ef-
fective September 1st. The new
suits were filed in behalf of the
Chicago & Alton, Chicago &
Great Western and the Michigan
Central railroads.

Seven other roads filed similar
suits last Monday. They contend
that the commission has no power
to reduce rates.

**LORD MAYOR OF CORK
PLACED IN PRISON**

London, Aug. 18.—Lawrence
McSweeney, lord mayor of Cork,
arrived here today under heavy
military escort, having been de-
ported from Ireland under a court
martial sentence. He has been
lodged in prison. He was still on
hunger strike and was looking
ill. The sentence passed has not
been announced.

St. Louis, Mo., Aug. 18.—Fi-
ve articles were removed from
the case of the late Mayor of
St. Louis, the former Mayor and
horseman, the Republican con-
gressional candidate from the
eleventh district who shot himself
at his home near Valley Park west
of St. Louis today.

ARRANGE AIR SERVICE

Washington, Aug. 18.—Estab-
lishment of a regular air service
between Copenhagen, Hamburg,
Amsterdam and London practical-
ly has been agreed upon by Dan-
ish, German, British and Dutch
aero companies, according to ad-
vices from Berlin today to the
department of commerce. Four trips
a week are planned.

So Chic—So Quick

**RUSSIAN WAIFS MAKE
TRIP AROUND WORLD**

Children Sent Out of Petrograd
After Revolution Came Now
on Way Home After Terrible
—Are Wards of
Red Cross.

Washington, Aug. 17.—Voyag-
ing around the world to reach
homes, 780 Russian waifs,
all that have been accounted for
of probably 6,000 children sent
out of Petrograd by their parents
when revolution gripped the old
Russian capital, are on their
way from San Francisco to New
York by way of the Panama Can-
al. They came from Vladivostok
under the care of the Ameri-
can Red Cross of which they have
been wards for two years. They
are going back to Petrograd af-
ter years of suffering and wander-
ings that for some of them have
blotted out every recollection of
their parents, the places of their
birth or even of their own names.

Speaking of the experiences of
the children, who range in age
from 3 to 17 years, a statement
by the Red Cross said:
"The long sea journey writes
the next chapter in a history of
wandering and adventure in a
revolution torn country, that
can hardly be matched in the
hole record of world upheaval
in the last six years."

Uncertain says, "It seems al-
most a tale out of the Old Testa-
ment or Greek Mythology and a
thousand years from now, it is
perhaps not too much to say, the
Russians with their dramatic in-
stinct and mysticism will have
made it a part of their folk-
lore."

When the revolution broke out
in Russia, the report continued,
many parents in Petrograd decid-
ed to send the youngsters into
peaceful Siberia "until the trou-
ble was over." They were sent
east in charge of nurses and
teachers.

Later a barrier of fire marking
the battle lines of the opposing
Russian and Czech armies had
been stretched between the
youngsters and their homes.
Months passed. Winter approach-
ed, funds were exhausted and
hunger and war horrors menac-
ed the wanderers. The Omsk
government, appealed to for help,
passed it on to the Red Cross.

Group after group was taken
over by the Red Cross, which es-
tablished colonies in western Si-
beria and had apparently solved
the problem of caring for its
charges when the battle line
swayed eastward and the Bolshe-
viki captured town after town.
Groups of the children barely es-
caped capture. Finally it was de-
cided to take them to Vladivostok.

"Three trains of specially
equipped box cars with a guard of
American doughboys transported
the precious cargo on a journey
lasting several weeks through a
country stripped bare of provis-
ions," the report continued. "It
may be said that ingenuity was
taxed to the utmost in obtaining
supplies, avoiding disease epi-
demic areas and evading other
troubles."

Finally the children were es-
tablished at Russian islands in Vlad-
vostok harbor in barracks with
German and Austrian prisoners
pressed into service to do the
heavy work. Schools and hospi-
tals were established, natural tal-
ents were cultivated and thirteen
of the larger girls took a course
of training which fitted them to
be nurses. Several youngsters
showed unusual abilities at mu-
sic, painting and dancing.

The children will visit at Pan-
ama Canal ports and in New York
City on their way home.

**CERAMIC SOCIETY TO
MEET IN CHICAGO**

Chicago.—The American
Ceramic society will hold its sum-
mer meeting in Chicago opening
Monday, August 16. The program
includes trips to plants about the
city making brick, enamel, terra
cotta, porcelain, enameling and
tungsten.

of relations between nations and
individuals.

"After having proclaimed this
doctrine they have applied it.
They have declared they would
foment revolutionary movements
in other countries by all possible
means in order there to establish
a Bolshevik regime."

"All these judgments of the
American government are ab-
solutely true. In consequence
the federal government considers
it impossible to recognize the pre-
sent masters of Russia as a gov-
ernment with which the relations
common to a friendly government
can be maintained.

"The government of the repub-
lic has reached the same conclu-
sion. It cannot have official re-
lations with a government which
is resolved to conspire against its

SENATOR HARDING IS GRATIFIED THAT WOMEN HAVE VOTE

Made Two Short Addresses
From Front Porch
Wednesday

IMPORTANT SPEECH SCHEDULED FOR TODAY

MARION, O., Aug. 18.—Politicians to make the nation self-reliant in material as well as governmental affairs, were advocated by Senator Harding today in two short speeches here.

He spoke first to a group of American Indians who brought to him a plea for extension of their racial rights. He replied that the United States might do well to bestow democracy and humanity and idealism on the continent's native races rather than to "waste American lives trying to make sure of that bestowal thousands of miles across the sea."

The second address was delivered to the local lumberman's association.

Word that the Tennessee legislature had completed ratification of the woman suffrage amendment was received by the nominee with satisfaction and he issued a statement declaring his gratification that women would be given the ballot in the November election.

One of his most carefully prepared speeches since accepting the nomination is to be delivered tomorrow to members and former members of the Ohio legislature. The subjects to be discussed have not been revealed but it has been indicated that the address was considered one of the most important of the campaign.

The delegation of Indians numbering about a score, were received by Senator Harding on the front porch. They represented the Society of American Indians and several of them came arrayed in tribal feathers and bead work.

Yesterday the same group of Indians called on Governor Cox and in addressing Harding today one of them called him "Senator Cox."

Senator Harding joined in the laugh and then he interrupted the speaker to say:

"Well, I don't blame you. He's a pretty live fellow."

Tonight Senator Harding received several telegrams from suffrage leaders thanking him for his part in the Tennessee fight. Among the messages received was one from Alice Paul, head of the National Woman's party.

TWO YOUNG WOMEN LISTED AS STOWAWAYS

San Francisco, Aug. 18.—Modishly attired but listed as stowaways, Miss Mildred McGruder and Miss Eva A. Tranger of Philadelphia, school teachers employed by the territorial government of Hawaii arrived here on the army transport Sheridan today.

The young women were given their liberty. They said they went aboard at Honolulu, securing themselves in the cabin of friends, after having been denied passage because of lack of room. Their status was not discovered until the ship was two days out. They explained the incident by saying they were "anxious to return to the United States."

MAN'S BEST AGE

A man is as old as his organs; he can be as vigorous and healthy at 70 as at 35 if he aids his organs in performing their functions. Keep your vital organs healthy with

GOLD MEDAL HAARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1896; corrects disorders; stimulates vital organs. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

REMARKABLE RECOVERY

Due to Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and I am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered some of the most terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it. It cured me after I had given up all hopes of getting better. You can publish this and I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DANE, 745 N. 25th Street, Philadelphia, Pa.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved many suffering women.

I hereby announce myself as a candidate for the nomination for Coroner on the Republican ticket subject to the decision of the voters at the Primary election to be held Wednesday Sept. 15.

CHARLES L. HANKINS.

I hereby announce myself as a candidate for the nomination for Coroner on the Republican ticket subject to the decision of the voters at the Primary election to be held Wednesday Sept. 15.

FRANK E. WANNAMAKER.

WOMAN SUFFRAGE FIRST STARTED IN MARYLAND

(Continued from Page 1)
or by any state on account of sex.

"Section 2. Congress shall have power, by appropriate legislation, to enforce the provisions of this article."

The amendment holds the record of being before the country longer than any other successful amendments to the constitution. It was introduced as the 16th amendment and has been successively the 17th, 18th and 19th and has been before every session of congress since its initial appearance.

Made Little Progress.
During the first 35 years after its introduction into congress the amendment made practically no progress and until seven years ago it had not been debated on the floor for 30 years. But the campaign for the movement was steadily gaining ground in the states.

Acquainted Miss Anthony made a test of the right of women to cast the ballot by going to the polls and voting. She was arrested and convicted, and she refused to pay her fine, was never jailed. She became, however, the forerunner of the "militants" who adopted the forceful tactics of the latter days of the campaign.

State after state gradually enfranchised its women citizens. Beginning with Wyoming in 1869, by 1919 sixteen states had given women the right to vote, and fourteen states had presidential suffrage previous to ratification of the amendment.

Militancy in the fight for suffrage in America made its appearance with the formation of the National Woman's party in 1913. On the eve of President Wilson's inauguration, 8,000 women led by Alice Paul, now chairman of the party, attempted to march from the Capitol to the White House. They were harassed by a hostile crowd which overran an unsympathetic police and the capital of the United States had its first experience with suffrage riots.

Was Seven Year Fight.
Continuing their demonstrations over a period of seven years, members of the women's party picketed the White House with banners in their hands and served times in jail for disturbances of the peace which grew out of their parades and blockade of the executive mansion. During the last few months before the adoption of the amendment the militants redoubled their exertions. Several demonstrations were held on the steps of the Capitol and on New Year's Day, 1919, watch fires were lighted in front of the White House in which every speech made by President Wilson in Europe on Democracy and self-government was burned. The acts, however, were disapproved by the National Association.

Promptly with the passage of the amendment by the Congress the suffrage forces turned their attention to ratification by the necessary two thirds of states. More special sessions of the state legislatures were called to act upon the 19th than upon any other amendment.

First to Ratify.

Wisconsin and Michigan on June 10 were the first states to ratify, quickly followed on June 16 by New York, Kansas and Ohio. Other states ratified in the following order: Illinois, Pennsylvania, Massachusetts, Texas, Iowa, Missouri, Arkansas, Montana, Nebraska, Minnesota, New Hampshire, Utah, California, Maine, North Dakota, South Dakota, Colorado, Rhode Island, Kentucky, Oregon, Indiana, Wyoming, Nevada, New Jersey, Idaho, Arizona, New Mexico, Oklahoma and West Virginia.

From its beginning in this country, the suffrage movement met determined opposition from women as well as from men. The first organized opposition on the part of women manifested itself in 1873 when a committee of prominent women presented a petition to congress "protesting against the extension of suffrage to women." Mrs. W. T. Sherman, wife of the Civil War hero, headed the committee, of which Miss Catherine Ward Beecher, sister of the famous divine, Henry Ward Beecher, was a member. Various anti-suffrage organizations came into being subsequently, until the National Association opposed to women suffrage was formed in 1911 with Mrs. Arthur M. Dodge of New York as its first president. This body, step by step, fought the adoption and ratification of the amendment.

SENATOR CUMMINS CONFINED TO BED

Des Moines, Ia., Aug. 18.—Senator A. B. Cummins is suffering from a mild attack of influenza and while he must remain in bed and see no visitors, members of the family said tonight his rapid recovery was expected.

SKIN ERUPTIONS CAUSE Unbearable Itching

Scratching increases the irritation of the delicate skin tissue. You can claw your nails into your skin until it bleeds, in an effort to obtain relief from the fiery itching and burning caused by skin eruptions and pain.

And you can pour ointments, salves and lotions by the gallon on the irritated parts, without obtaining anything but temporary relief. Just as soon as the strength of the counter-irritant gives out, your pain and torture will return with increased violence, because these local remedies have not reached the source of the trouble. The real source of all skin disease is the blood supply. The blood becomes infected with some impurity and the disease germs break out through the delicate tissues of the skin. They may appear as eczema, tetter, hives, pimples, sealy eruptions, caused by disease germs in the blood. The real cure, therefore, must be directed through the blood. And no remedy has yet been discovered that equals S. S. S. for this great disorder of the blood. This great old remedy cleanses the blood of all disease germs, and clears up the complexion and gives it the ruddy glow of perfect health. Get a bottle at your drug store today, and you will soon be rid of your tormenting skin trouble. Also write at once for expert medical advice regarding your own case. Address, Medical Director, 263 Swift Laboratory, Atlanta, Georgia.

LEGION MAN IN BAD AT DANVILLE

DANVILLE, Ill., Aug. 18.—Because Louis Bremer, adjutant of the Curtis G. Redden post of the American Legion, introduced Mayor William Hale Thompson last night when he spoke here and was the only man on the speakers' platform with the Chicago official, an indignation meeting has been called for tonight by Commander Otto Lesch, when the Legion will demand that the adjutant resign his office.

Commander Lesch said Adjutant Bremer had violated the constitution and by laws of the Legion by "mixing in politics" and that Bremer could not be adjutant of the post while he was commander. If Bremer refuses to resign the Legion members will vote on resolutions ousting him from office.

Various members of the Legion in Danville bitterly resent the action of Bremer, many of them being outspoken in denouncing him for his participation in the Thompson meeting.

"We cannot forget the speeches made by Thompson against the American cause dropped back of our lines by German airplanes," said Commander Lesch in an interview.

OFFICIALS BELIEVE VAN TASSEL INSANE

Rockford, Ill., Aug. 18.—Authorities in Madison, Wis., the home town of Private Lester Van Tassel, Camp Grant soldier held in that city suspected of knowledge of the slaying of Mrs. LeRoy Moss, wife of Captain LeRoy Moss at Camp Grant on the night of June 15, while she was riding in an automobile with her husband and a party of friends believe the soldier is insane. He has told several conflicting stories implicating Private George Peters a soldier, who accompanied Van Tassel when the men escaped from the confinement at Camp Grant the morning before Mrs. Moss was killed.

Van Tassel claimed he had heard three shots while Peters was absent and that Peters appeared nervous and refused to discuss the shooting. Local civil and military authorities place little faith in the stories told by Van Tassel and it is the belief of Madison officials that he is weak minded.

MIND BECOMES BLANK AFTER A FEW DRINKS

New York, Aug. 18.—A number of cases for alcoholic treatment in the Bellevue hospital has increased within the past few weeks until it is virtually equal to that of pre-prohibition days, according to a report of Bird S. Coler, commissioner of public charities, made public today. "Most of the patients," he said, "go down in a hurry, without warning, and recover quickly—if at all. In nearly every case it is discovered that the persons have had only one or two drinks, after which their mind becomes blank."

GOV. LOWDEN ISSUES A PROCLAMATION

Springfield, Ill., Aug. 18.—Governor Lowden issued a proclamation today declaring Harry Edwards and Franklin J. Stranzky elected judges of the circuit court in the fifteenth judicial district. They were named at a special election to fill out the unexpired terms of Judges Richard S. Farrand of Dixon, and Ralph E. Eaton, deceased.

THREE PRESIDENTIAL CANDIDATES TO SPEAK

Columbus, O., Aug. 18.—Three presidential candidates all Ohioans, may speak from the same platform at the Ohio State Fair here August 31. Governor Cox and Senator Harding have both accepted speaking invitations and tonight fair officials wired Dr. Aaron Watkins, Prohibition party candidate, asking that he also deliver an address.

APPEARED IN CORRIDOR CLAD IN NIGHT GARMENTS

Atlanta, Ga., Aug. 18.—Thomas E. Watson, candidate for the Democratic nomination for senator, was arrested tonight on a charge of "public indecency" after he had appeared in a corridor clad in his night garments. The police chief said he had started a disturbance in the lobby, asserting that men paid by his political opponents were disturbing his rest. He was held in \$500 bond.

REPORT FURTHER ADVANCES AGAINST BOLSHEVISM

Constantinople, Aug. 18.—An official communique Monday from headquarters of General Wrangel reports further advances against Bolshevik forces. It claims the capture of a number of villages and the crossing of the Donetz river. Cossack troops are said to have revolted against the soviet government and joined Wrangel, who is also reported to have the support of the entire population of the country.

STEAMSHIP LINES ALSO ASKING FOR INCREASED RATES

Want Increase in Conformity With Railroad Rates

OFFICIALS SAY LINES OPERATING AT LOSS

WASHINGTON, Aug. 18.—Great Lakes, coast wise and Gulf carriers today charged the shipping board to grant applications involving approximately sixty steamship lines for rate increases in conformity with advances already allowed the railroads by the interstate commerce commission. A majority of the lines are now operating at deficits which threaten their existence, Examiner H. E. Mangham was told by witnesses.

Representatives of shippers are to be heard tomorrow. Owing to the short time until increased rail rates become effective efforts are being made to expedite the hearing. When the hearing opened William J. Pitt of Philadelphia on behalf of paint and varnish manufacturers' organizations and George Wilson representing the Philadelphia chamber of commerce made formal protest against the proceedings on the ground that adequate notice had not been given the shippers to appear.

Are Operating at Loss.

Officials of coastwise steamship companies appearing today declared their companies were operating at a loss and presented figures.

While not asking for increased passenger rates, Charles B. Hopper of Chicago, general freight agent of the Goodrich Steamship Lines urged an average wage increase of thirty per cent in freight rates. The company would operate at a loss this year otherwise, he said.

F. A. Stanley of the Great Lakes Transportation Company also said his company did not desire higher passenger rates at this time but urged a forty per cent increase in freight rates. The company had a deficit of \$117,115 during the first six months of this year, he said, compared with \$3,099 during that period in 1919.

Increase in Operation.

He estimated increased operating expenses during 1920 at \$1,200,000.

L. G. Lewis of Detroit, Mich., general passenger agent of the Detroit & Cleveland Navigation company urged a twenty per cent advance in passenger rates and forty per cent on freight.

J. M. Cleveland, vice-president of the Pere Marquette Line Steamers, wrote that his company would be compelled to discontinue service to the ports of Arcadia, Onekama, Manistee and Pentwater, Mich., and handle all its tonnage thru Ludington, Mich., with much slower service unless increased rates were allowed.

MORE RAILROADS FILE SUITS ON TWO CENT FARE

Chicago, Aug. 18.—Three more railroads today filed suits in the United States district court to restrain the state public utilities commission, Attorney General Edward J. Brundage and MacLay Hoyne, state's attorney for Cook county from enforcing the two cent fare which becomes effective September 1st. The new suits were filed in behalf of the Chicago & Alton, Chicago & Great Western and the Michigan Central railroads.

Seven other roads filed similar suits last Monday. They contend that the commission has no power to reduce rates.

LORD MAYOR OF CORK PLACED IN PRISON

London, Aug. 18.—Lawrence McSwiney, lord mayor of Cork, arrived here today under heavy military escort, having been deported from Ireland under a court martial sentence. He has been lodged in prison. He was still on hunger strike and was looking ill. The sentence passed has not been announced.

St. Louis, Mo., Aug. 18.—Filming of the articles are supposed to have completed the subject of the former boxer and horseman, the Republican congressional candidate from the eleventh district who shot himself at his home near Valley Park west of St. Louis today.

ARRANGE AIR SERVICE

Washington, Aug. 18.—Establishment of a regular air service between Copenhagen, Hamburg, Amsterdam and London practically has been agreed upon by Danish, German, British and Dutch aero companies, according to advices from Berlin today to the department of commerce. Four trips a week are planned.

RUSSIAN WAIFS MAKE TRIP AROUND WORLD

Children Sent Out of Petrograd "By Way Home After Terrible Red Cross."

Washington, Aug. 17.—Voyaging around the world to reach homes, 780 Russian waifs, all that have been accounted for of probably 6,000 children sent out of Petrograd by their parents when revolution gripped the old Russian capitol, are on their way from San Francisco to New York by way of the Panama Canal. They came from Vladivostok under the care of the American Red Cross of which they have been wards for two years. They are going back to Petrograd after years of suffering and wanderings that for some of them have blotted out every recollection of their parents, the places of their birth or even of their own names.

Speaking of the experiences of the children, who range in age from 3 to 17 years, a statement by the Red Cross said:

"The long sea journey writes the next chapter in a history of wandering and adventure in a revolution torn country, that can hardly be matched in the whole record of world upheaval in the last six years," the announcement says. "It seems almost a tale out of the Old Testament or Greek Mythology and a thousand years from now, it is perhaps not too much to say, the Russians with their dramatic instinct and mysticism will have made it a part of their rich folklore."

When the revolution broke out in Russia, the report continued, many parents in Petrograd decided to send the youngsters into the wilderness, "until the trouble was over." They were sent east in charge of nurses and teachers.

Later, a barrier of fire marking the battle lines of the opposing Russian and Czech armies had been stretched between the youngsters and their homes. Months passed. Winter approached, funds were exhausted and hunger and war horrors menaced the wanderers. The Omsk government, appealed to for help, passed it on to the Red Cross.

Group after group was taken over by the Red Cross, which established colonies in western Siberia and had apparently solved the problem of caring for its charges when the battle line swayed eastward and the Bolsheviks captured town after town. Groups of the children barely escaped capture. Finally it was decided to take them to Vladivostok.

"Three trains of specially equipped box cars with a guard of American doughboys transported the precious cargo on a journey lasting several weeks through a country stripped bare of provisions," the report continued. "It may be said that ingenuity was taxed to the utmost in obtaining supplies, avoiding disease epidemic areas and evading other troubles."

Finally the children were escorted at Russian islands in Vladivostok harbor in barracks with German and Austrian prisoners pressed into service to do the heavy work. Schools and hospitals were established, natural talents were cultivated and thirteen of the larger girls took a course of training which fitted them to be nurses. Several youngsters showed unusual abilities at music, painting and dancing.

The children will visit at Panama Canal ports and in New York City on their way home.

CERAMIC SOCIETY TO MEET IN CHICAGO

Chicago. The American Ceramic Society will hold its summer meeting in Chicago opening Monday, August 16. The program includes trips to plants about the city making brick, enamel, terra cotta, porcelain, enameling and tungsten.

FRANCE CORDIALLY SUPPORTS U. S. RUSSIAN POSITION

(Continued from Page 1)
of relations between nations and individuals.

"After having proclaimed this doctrine they have applied it. They have declared they would foment revolutionary movements in other countries by all possible means in order there to establish a Bolshevik regime."

"All these judgments of the American government are absolutely true. In consequence the federal government considers it impossible to recognize the present masters of Russia as a government with which the relations common to a friendly government can be maintained."

"The government of the republic has reached the same conclusion. It cannot have official relations with a government which is resolved to conspire against its institutions, whose diplomats will not be instigators of revolt and whose spokesmen proclaim that they will sign with the intention not to observe them."

"Informing your excellency of the reception given to the declarations of the American government by the French government, I am instructed by M. Millerand to notify you that the French government is happy to have this one further assurance of the close harmony of feeling which animates the French and American peoples when the future of civilization is at stake."

BIG CROP OF HAY FEVER JOKES

But Kentucky Man Says People Who Belong to Hay Fever Colony Are Kidding Themselves.

Wouldn't Be Any Hay Fever If Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or fever," frankly states a druggist in a prosperous Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

The annual crop of Hay Fever jokes would be mighty scarce if people would get three-quarters of an ounce of Mentholized Arcline, and by just adding water that has been boiled, make a pint of liquid that will prove a real help to all who suffer.

"Many of my Hay Fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear, and in cases where it does show up, is very mild and does not annoy."

"It's the same way with Rose Fever. The Better Class of Pharmacists who dispense Mentholized Arcline say that it will greatly modify any attack, even when taken three or four days after hostilities begin."

Go to a real live druggist when you get ready to make a pint, for up to the present time there has been little demand for this friendly medicine.

Mentholized Arcline is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

PLEASING WORKMANSHIP

Of course you want your plumbin installed with careful regard to convenience of arrangement. That is our first thought when we undertake the work. But it isn't all. We use particular precaution not to mar the walls or floors of your home. We aim to leave the finished work as neat and tidy as possible. And we are exceptionally careful to see that all joints and connections are perfectly tight—everything in good working order.

ADVENTISTS CLOSE
SPECIAL MEETINGS

Big Tent Moved From White Hall to Peoria—Chautauqua to Open Soon—Greene County Corn Prospects Better.

White Hall, Aug. 18.—Rev. J. O. Jaines has resigned as pastor of Grand Avenue Baptist church in Beardstown, this action being taken Sunday in connection with his services there. Rev. Raines returned to White Hall Monday, and states that he will give his time to evangelistic work in addition to business interests. He is just now devoting considerable time in thoroughly launching the new Raines 100 store in this city. He has a leading part on the program of the Sandy Creek Baptist Association at the annual convention this week at Nortonville.

Adventists Close Meetings
After sessions covering six weeks, the meetings of the Seventh Day Adventists were brought to a close Sunday night, and the tent was shipped to Peoria for use in connection with a national convention of the denomination. The meetings have been

In charge of Evangelists Reavis and Butler, and the campaign has been conducted on a business-like and efficient basis. For a time public interest was widely aroused over Rev. Wendell's acceptance of their challenge to debate with any one on the Sabbath Day question, and this is as far as Wendell got. However, Wendell spoke in the Tabernacle Baptist church Saturday night and Sunday on Adventism, and he was greeted by large audiences at each of the three sessions in spite of the rainy weather.

Chautauqua Opens Sunday.
The third annual White Hall Chautauqua will open next Sunday and continue thru the following Sunday, making eight days Gregory Farm Park is the gathering place for this annual event. The swimming pool has been restored to use for this season by the reconstruction of the dam the dry weather of last season rendering the pool unfavorable for general use. The heavy October rainfall causing the dam to give way. The program this year provides for events in the big tent afternoon and evening, there being a miscellany of talent that is designed to please the classical features. The big tent for the audience has been received, and will be erected during the week along with the other tents for campers and various other purposes. The deep well sunk last year is proving to be a wonderful asset.

On Thursday of Chautauqua Week will be held a consignment sale of Berkshire hogs at Gregory Farm. This is an event of national importance, and will take place in the Gregory Farm tent pavilion adjoining the chautauqua grounds. The sale is set to follow the Illinois State Fair in order that sale stuff from that show may be consigned to the White Hall sale, and this alone assures an attractive offering, while the Gregory Farm offerings are in themselves sufficient to give the sale national prominence. The sale offerings will embrace at least fifty head of the choice animals of the Berkshire breed from all parts of the country that are now assembled at the state show. On Saturday, the 28th, occurs the annual picnic of the Greene

County Farm bureau. Heretofore this event has been held in the main chautauqua tent during the week following the close of the chautauqua, and it is a new experiment to hold the picnic in connection with the chautauqua. Leaders and pioneers in this new era of agriculture have a part in the program, and it is expected that there will be an immense attendance not only of farmers, but also of the general public.

Corn Prospects Bettered.
There has been a total rainfall of 1.07 inches during the four days ending Monday, but surrounding territory has received much more. The result is that all vegetation has taken on new vigor, noticeable particularly in the condition of corn and grasses, which up to that time were beginning to suffer seriously. With a late fall corn prospects will be most favorable.

CITY AND COUNTY

Mrs. Walter P. Fitton and daughter, Helen Louise, of Pittsburg, Kan., are visiting at the home of Mrs. Fitton's grandmother, Mrs. Nellie Hopper on North Fayette street.

Mr. and Mrs. C. R. Short of Winchester, were among the Jacksonville visitors yesterday. Miss Louise Frost of Winchester was a shopper in the city yesterday.

Walter Wright and family and J. F. Buffe, went to Franklin yesterday to attend the funeral of G. P. Wright who drowned in California, some time ago.

C. H. Story went to Nortonville, Mo., to see the home of Mr. and Mrs. J. H. Cain, south of the city, returned to their home in Bellville yesterday.

Miss Eva Abernathy of Concord was a Jacksonville shopper Wednesday.

Walter Handback of Monmouth, was a caller in the city yesterday.

Dr. W. S. Taylor of Ashland was a business caller in the city yesterday.

John Baker of Franklin spent Wednesday in Jacksonville.

VOTE FOR

HUGH GREEN

—FOR—

States Attorney

September Fifteen

Morgan county voters will make a good move in voting for Hugh Green, for the Republican nomination for State's Attorney, at the primary election on Sept. 15, 1920. He is well qualified by education, experience and temperament to handle the office in a capable and satisfactory manner.

No young man deserves more credit for making his way in the world than Hugh Green. His father died when the boy was three years of age and young Green was compelled to start out early for himself. He began as ploughboy at 25c per day.

By perseverance and hard work he managed to get a high school education, and was graduated at the head of his class. At Illinois College he supported himself by scrubbing floors, washing windows, mowing lawns, stoking furnaces, clerking in stores, and in fact doing everything he could get to do during the school year and by doing farm work and traveling with a threshing outfit during vacation. In four years he was graduated with honors and then went to Chicago where he again earned his own way and again was graduated with honors from Northwestern University Law School. Returning to Jacksonville 8 years ago, he entered the practice of law, and was just established when the World War came. He was examined in the draft but found too much underweight to be accepted. He then assisted the Local (Exemption) Board and his work was of a highly satisfactory character. Although he sacrificed his entire business, and was cut for 18 months, he received nothing for his services except the pay of a private soldier, which was \$1 per day and board. By change of physical requirements in the army he became eligible to be and was inducted into military service on Sept. 6, 1918, sent to Camp Grant, Illinois, and from there was assigned to the Board. He was discharged at Camp Grant on Feb. 24, 1919.

In June 1919 he was married to Miss Clara Belle Hopper. They have one son. Mrs. Green is a daughter of Mr. Charles Hopper, of Hopper & Son.

(Political Advertisement.)

Farm Bureau Notes

Good Yield of Timothy and Clover — J. C. Andras of Manchester brought a sample of mixed timothy and clover seed to this office. This was threshed from a field this year on his farm in Greene county. Mr. Andras hulled 35 bushels, 15 lbs. off 5 acres. As the hulling was done with the standard clover huller, the hulls were taken off the timothy seed. Mr. Andras states that according to his experience timothy seed so hulled will not keep its germinating power thru as many years as the unhulled timothy seed. As a whole, the sample is a very good one.

Bone Meal and Acid Phosphate — Mr. Andras is also a firm believer in the use of phosphate as a top dressing for wheat. On one occasion he applied 100 pounds of bone meal per acre in preparing a field for wheat near Murrayville. His wheat yielded 43 bushels to the acre on that occasion. This year wheat treated with acid phosphate gave 8 bushels more per acre than fields that were untreated. Both acid phosphate and bone meal are considered satisfactory forms of phosphate for farm fertilization.

Lawn Making — The writer is making an interesting experiment with commercial fertilizer in making a lawn at his residence. In grading the yard it was necessary to make use of such dirt as was available, whether it was of the most desirable or not. In this case the most of it was yellow clay that came out from under buildings. In preparing the lawn, this was wet down each evening and allowed to dry during the day. Wetting and drying clay breaks up the lumps in much the same way as freezing and thawing.

The entire lawn was then treated with an application of hydrated lime which was thoroughly mixed in. Afterwards liberal application of dried blood and bone meal were applied and then the lawn was seeded with a lawn grass at the rate of 1 pound of the mixture to each 100 square feet of surface. This was wet down each evening until the recent rain. The grass came up in four days and although the lawn was seeded on Aug. 5 it is making a very promising showing at this time. The writer made the assertion that he expected to cut that lawn in four weeks from the date of seeding and at the present time it looks as though it would be possible. This information is given not for any personal advertising but as a hint to people who wish to get commercial fertilizer as a top dressing for lawns rather than to cover them with unsightly stable manure. Either dried blood or nitrate of soda will give satisfactory results when applied as a top dressing to lawns.

Farm Leases — We have had several inquiries at this office for a farm lease that would be fair both to landlord and tenant. We are recommending both grain farming and livestock farming leases gotten out by the farm management department at the College of Agriculture. George F. Miller of Murrayville has used this grain farming lease in renting his farms for the coming season. We understand that one of our very prominent attorneys thought this lease was too cumbersome when it was first presented to him, but later made the assertion after reading it that it was the best he had ever seen. We are entirely conscientious in calling attention to these two forms of leases. In the days to come we expect to give more and more attention to farm management including leases that will be fair both to the land-lord and the tenant. It seems to us that it ought to be possible to lease land and operate farms with the relations between landlord and tenant at all times cordial. At present the situation is anything from that. We hear complaints about landlords that won't do anything except raise the rent and tenants that will not take care of property entrusted to them. With the increasing amount of tenancy in this county the matter of a fair lease is of paramount importance.

Sudan Grass and Honey — W. S. Byrns, northeast of the city brought to the farm bureau office Saturday a very fine specimen of sudan grass. This measures 7 feet from tip to tip. If any of our readers have never seen a specimen of this sudan grass, we invite them to call at the farm bureau office and see what Mr. Byrns also suspected that the county agent and the office secretary each had a sweet tooth and presented each with a section of an fine combed honey as it has ever been our lot to see. We did not keep that on exhibition at the farm bureau office. This honey was made to large extent from the blossoms of the white blossom sweet clover.

J. F. Newell was over to the city from Virginia yesterday.

DURBIN

Mrs. Bert Rawlings was called to Jacksonville Monday by the death of her niece, Miss Gail Gibbs. Miss Gibbs had visited here and has many friends who will regret to know of her death.

The Ladies Aid will meet at the church Wednesday afternoon, August 18th.

Miss Marion McCray of Danville is a guest at the home of Mr. and Mrs. Samuel Darley.

Mr. and Mrs. J. W. Scott are visiting relatives in East St. Louis.

Misses Ruth Ebbrey and Velma Story are attending the State Fair Domestic Science school.

Miss Ethel E. Whitlock of Franklin was a shopper in the

Deaths

Woodward,
T. H. Pratt of Chapin has received word of the death of Mrs. Rollin Wood vird, who was visiting at Marion, Kansas. While there she was operated on for appendicitis and failed to recover. Deceased was formerly Miss Nellie Bean, daughter of Joseph P. and Ellen Bean and was born and reared in this county. Her husband died some years ago and for some time she has been living in Decatur. She is survived by two sons, Homer and Arthur Woodward, both residents of Detroit, Michigan, and she leaves five sisters and one brother. She was a lady of very estimable character and dutiful in all ways.

Berry
Miss Bartha A. Berry passed away at the family home, 115 East College street at 1:40 o'clock Wednesday afternoon. "Aunt Ann," as she was known to many, suffered a paralytic stroke fifteen weeks ago and since that time has been gradually sinking. Deceased was the daughter of William M. and Jane Sharp Berry and was born in Macoupin county. She was 86 years of age at the time of death.

She was survived by the following brothers and sisters: M. S. Berry of Waverly, Richard and Henry Berry, Jacksonville; Mrs. Ellen Phillips, residing northeast of the city; Mrs. Mary Harding of Virginia.

Early in life she united with the Methodist church and was always a faithful follower of Christ. For many years this city had been her home and she was highly regarded by all who knew her.

Funeral services will be held from Brookline church Friday morning at 10:30 o'clock in charge of the Rev. G. W. Randle. Burial will be in Diamond Grove cemetery.

CALIFORNIANS ARE
MANCHESTER VISITORS

Mrs. Otis Cooper and Son of California, Guests of Relatives in Manchester—Other News Items from Manchester.

Manchester, Aug. 17.—Mrs. Otis Cooper and son Charles of California are visiting the former's mother, Mrs. Ella Curtis, and other relatives and friends.

William Cooper made a business trip to Indianapolis, Ind., Thursday.

Ollie Walker was shopping in Jacksonville Monday.

Misses Helen and Alice Vanites of Chapin returned home Tuesday after a week's visit with their cousin, Lucile Antrobus.

Relatives and friends of Mr. and Mrs. Charles Garner gathered at the home of Mr. and Mrs. A. R. Greenwalt for a social time Saturday evening, bringing with them many beautiful and useful gifts. Refreshments of ice cream and cake were served.

T. C. Antrobus is attending a house party with friends from Jacksonville.

Edna Peters of Beardstown is visiting her friend, Miss Ruby Dean.

William McPherson, Albert Day and William Reese left Monday night for Garden City, Kan.

Mrs. Ward Hull visited E. L. Maine and daughter, Mrs. W. B. Coultas, Tuesday.

Miss Hazel Greenwalt visited friends in Springfield from Friday until Sunday.

Miss Ollie Walker is spending her vacation among relatives and friends of Murrayville this week.

Lester Clark of Chicago arrived Monday evening to visit his grandfather and other relatives here.

Irene Hester of St. Louis is visiting her sister, Miss Ellen Hester this week.

Dr. Lucas was a Jacksonville visitor Monday.

R. W. McGuire and family of Peoria, Ira Brown and family of Roadhouse visited J. A. Edwards and family Saturday and Sunday.

Guy Brown is spending a week in St. Elmo, Ill.

Mrs. W. S. Strong of White Hall visited Mrs. W. C. Pearce Saturday.

Thelma Catlett of Scottsville spent the week end with Mrs. E. O. Hess.

ASBURY

Mr. and Mrs. George Hemmrough and daughter, Marie; Mr. and Mrs. Alfred Hemmrough and daughter, Edith, and Mr. and Mrs. Carl Hemmrough attended the Lashmet family reunion held at Nichols park recently.

Mr. and Mrs. E. N. Craig and children, Delos and Brenda, Mr. and Mrs. G. W. Hemmrough and Mr. and Mrs. C. L. Hemmrough attended the Manchester picnic last Wednesday.

Mr. and Mrs. Earl Hemmrough and daughter, Velma, spent Sunday at the home of Mrs. Louella Henry near Woodson.

Mrs. Mary Wright and brother, Edward, of Murrayville, spent last week with their aunt, Mrs. R. Y. Gibson and family.

Mrs. E. R. Hemmrough was a Saturday guest of Mrs. Dean Hemmrough.

George Becker of Wichita, Kansas, is visiting his cousin, Howard Becker.

Mr. and Mrs. Carl Hemmrough, James Fairfield and Roy Hemmrough attended the Winchester picnic last Thursday.

Misses Aileen and Velma Hemmrough were Saturday guests of Mrs. Owen Maynard.

Mr. and Mrs. Frank Hemmrough and children, Mildred and Riggs, spent Sunday with Mrs. Martha Taylor near Clements.

WRIGHT FUNERAL
HELD AT FRANKLIN

Large Number Attended Services Were in Charge of the Rev. S. H. Kuntz.

Franklin, Aug. 18.—Funeral services for G. P. Wright were held from the residence of his parents, Mr. and Mrs. A. H. Wright this afternoon at 3 o'clock in charge of the Rev. S. H. Kuntz. The services were largely attended, many being present from Jacksonville, Springfield and other cities who had known the deceased during the years of his residence in this place.

Music was furnished by Mrs. S. H. Kuntz, Miss Blanch Harney and Miss Lou Duncan with Miss Grace Armstrong as accompanist. Miss Harney also sang a solo, "Whispering Hope."

There were many beautiful floral offerings and these were cared for by Miss Margaret Donahue, Mrs. Charles Cussins, Mrs. George Bryan and Mrs. A. J. Wright.

Burial was in Franklin cemetery, the bearers being, George E. Brown, Fred Burch, Frank Miller, Willis Massey, Frank Mansfield and Charles Cussins.

ADVENTISTS CLOSE SPECIAL MEETINGS

Big Tent Moved From White Hall to Peoria—Chautauqua to Open Soon—Greene County Corn Prospects Better.

White Hall, Aug. 18.—Rev. J. O. Zaines has resigned as pastor of Grand Avenue Baptist church in Beardstown, this action being taken Sunday in connection with his services there. Rev. Raines returned to White Hall Monday, and states that he will give his time to evangelistic work in addition to business interests. He is just now devoting considerable time in thoroughly launching the new Raines 100 store in this city. He has a leading part on the program of the Sandy Creek Baptist Association at the annual convention this week at Nortonville.

Adventists Close Meetings
After sessions covering six weeks, the meetings of the Seventh Day Adventists were brought to a close Sunday night, and the tent was shipped to Peoria for use in connection with a national convention of the denomination. The meetings have been

The World's Best Prevention for Disease is a

TOOTH BRUSH

All through life health is effected by the condition of the teeth. Even the baby when cutting the teeth has a dozen different indications of as many different different ailments. Keep the teeth clean, the mouth healthy and the throat clean and disease cannot enter your system. There is more value in a good tooth brush used daily than in anything else. We sell tooth brushes of every class and character and size. They are good brushes. They are clean brushes and well worthy of purchase.

Farm Bureau Notes

Good Yield of Timothy and Clover.—J. C. Andras of Manchester brought a sample of mixed timothy and clover seed to this office. This was threshed from a field this year on his farm in Greene county. Mr. Andras hulled 35 bushels, 15 lbs. off 5 acres. As the hulling was done with the standard clover huller, the hulls were taken off the timothy seed. Mr. Andras states that according to his experience timothy seed so hulled will not keep its germinating power thru as many years as the unhulled timothy seed. As a whole, the sample is a very good one.

Bone Meal and Acid Phosphate.—Mr. Andras is also a firm believer in the use of phosphate as a top dressing for wheat. On one occasion he applied 200 pounds of acid phosphate and 100 pounds of bone meal per acre in preparing a field for wheat near Murrayville. His wheat yielded 43 bushels to the acre on that occasion. This year wheat treated with acid phosphate gave 8 bushels more per acre than fields that were untreated. Both acid phosphate and bone meal are considered satisfactory form of phosphate for farm fertilization.

Lawn Making.—The writer is making an interesting experiment with commercial fertilizer in making a lawn at his residence. In grading the yard it was necessary to make use of such dirt as was available, whether it was of the most desirable or not. In this case the most of it was yellow clay that came out from under buildings. In preparing the lawn, this was wet down each evening and allowed to dry during the day. Wetting and drying clay breaks up the lumps in much the same way as freezing and thawing. The entire lawn was then treated with an application of fertilizer which was thoroughly worked in. Afterwards liberal application of dried blood and bone meal were applied and then the lawn was seeded with a lawn grass at the rate of 1 pound of the mixture to each 100 square feet of surface. This was wet down each evening until the recent rain. The grass came up in four days and although the lawn was seeded on Aug. 5 it is making a very promising showing at this time. The writer made the assertion that he expected to cut that lawn in four weeks from the date of seeding and at the present time it looks as though it would be possible. This information is given not for any personal advertising but as a hint to people who wish to get commercial fertilizer as a top dressing for lawns, rather than to cover them with unsightly stable manure. Either dried blood or nitrate of soda will give satisfactory results when applied as a top dressing to lawns.

Farm Leases.—We have had several inquiries at this office for a farm lease that would be fair both to landlord and tenant. We are recommending both grain farming and livestock farming leases gotten out by the farm management department at the College of Agriculture. George F. Miller of Murrayville has used this grain farming lease in renting his farms for the coming season. We understand that one of our very prominent attorneys thought this lease was too cumbersome when it was first presented to him, but later made the assertion after reading it that it was the best he had ever seen. We are entirely conscientious in calling attention to these two forms of leases. In the days to come we expect to give more and more attention to farm management including leases that will be fair both to the land-lord and the tenant. It seems to us that it ought to be possible to lease land and operate farms with the relations between landlord and tenant at all times cordial. At present the situation is anything from that. We hear complaints about landlords that won't do anything except raise the rent and tenants that will not take care of property entrusted to them. With the increasing amount of tenancy in this county the matter of a fair lease is of paramount importance.

Sudan Grass and Honey.—W. S. Byrns, northeast of the city brought to the farm bureau office Saturday a very fine specimen of sudan grass. This measures 7 feet from tip to tip. If any of our readers have never seen a specimen of this sudan grass, we invite them to call at the farm bureau office and see what Mr. Byrns raised in Morgan county. Mr. Byrns also suspected that the county agent and the office secretary each had a sweet tooth and presented each with a section of an fine combed honey as it has ever been our lot to see. We did not keep that on exhibition at the farm bureau office. This honey was made to large extent from the blossoms of the white blossom sweet clover.

J. F. Newell was over to the city from Virginia yesterday.

DURBIN

Mrs. Bert Rawlings was called to Jacksonville Monday by the death of her niece, Miss Gail Gibbs. Miss Gibbs had visited here and has many friends who will regret to know of her death. The Ladies Aid will meet at the church Wednesday afternoon, August 18th.

Miss Marion McCray of Danville is a guest at the home of Mr. and Mrs. Samuel Darley.

Deaths

Woodward.
T. H. Pratt of Chapin has received word of the death of Mrs. Rollin Woodward, who was visiting at Marion, Kansas. While there she was operated on for appendicitis and failed to recover. Deceased was formerly Miss Nellie Bean, daughter of Joseph P. and Ellen Bean and was born and reared in this county. Her husband died some years ago and for some time she has been living in Decatur. She is survived by two sons, Homer and Arthur Woodward, both residents of Decatur, Michigan, and she leaves five sisters and one brother. She was a lady of very estimable character, an earnest, consistent christian and dutiful in all ways. The funeral will be conducted Friday at the residence of T. H. Pratt, near Chapin at 2 p. m.

Berry.
Miss Bartha A. Berry passed away at the family home, 115 East College street at 1:40 o'clock Wednesday afternoon. "Aunt Ann," as she was known to many, suffered a paralytic stroke fifteen weeks ago and since that time has been gradually sinking. Deceased was the daughter of William M. and Jane Sharp Berry and was born in Macoupin county. She was 86 years of age at the time of death.

She is survived by the following brothers and sisters: M. S. Berry of Waverly, Richard and Henry Berry, Jacksonville; Mrs. Ellen Phillips, residing northeast of the city; Mrs. Mary Harding of Virginia.

Early in life she united with the Methodist church and was always a faithful follower of Christ. For many years this city had been her home and she was highly regarded by all who knew her.

Funeral services will be held from Brooklyn church Friday morning at 10:30 o'clock in charge of the Rev. G. W. Randle. Burial will be in Diamond Grove cemetery.

CALIFORNIANS ARE MANCHESTER VISITORS

Mrs. Otis Cooper and Son of California, Guests of Relatives in Manchester—Other News Items from Manchester.

Manchester, Aug. 17.—Mrs. Otis Cooper and son Charles of California are visiting the former's mother, Mrs. Ella Curtis, and other relatives and friends.

William Cooper made a business trip to Indianapolis, Ind., Thursday.

Ollie Walker was shopping in Jacksonville Monday.

Misses Helen and Alice Vanites of Chapin returned home Tuesday after a week's visit with their cousin, Lucille Antrobus.

Relatives and friends of Mr. and Mrs. Charles Garner gathered at the home of Mr. and Mrs. A. E. Greenwalt for a social time Saturday evening, bringing with them many beautiful and useful gifts. Refreshments of ice cream and cake were served.

T. C. Antrobus is attending a house party with friends from Jacksonville.

Edna Peters of Beardstown is visiting her friend, Miss Ruby Dean.

William McPherson, Albert Day and William Reese left Monday night for Garden City, Kan.

Mrs. Ward Hull visited E. L. Maine and daughter, Mrs. W. B. Coultas, Tuesday.

Miss Hazel Greenwalt visited friends in Springfield from Friday until Sunday.

Miss Ollie Walker is spending her vacation among relatives and friends of Murrayville this week.

Leslie Clark of Chicago arrived Monday evening to visit his grandfather and other relatives here.

Irene Hester of St. Louis is visiting her sister, Miss Ellen Hester this week.

Dr. Lucas was a Jacksonville visitor Monday.

R. W. McGuire and family of Peoria, Ira Brown and family of Roodhouse visited J. A. Edwards and family Saturday and Sunday.

Guy Brown is spending a week in St. Elmo, Ill.

Mrs. W. S. Strong of White Hall visited Mrs. W. C. Pearce Saturday.

Thelma Catlett of Scottsville spent the week end with Mrs. E. O. Hess.

ASBURY

Mr. and Mrs. George Hem-brough and daughter, Marie; Mr. and Mrs. Alfred Hembrough and daughter, Edith, and Mr. and Mrs. Carl Hembrough attended the Lashmet family reunion held at Nichols park recently.

Mr. and Mrs. E. N. Craig and children, Delos and Brenda, Mr. and Mrs. G. W. Hembrough and Mr. and Mrs. C. L. Hembrough attended the Manchester picnic last Wednesday.

Mr. and Mrs. Earl Hembrough and daughter, Velma, spent Sunday at the home of Mrs. Louella Henry near Woodson.

Mrs. Mary Wright and brother, Edward, of Murrayville, spent last week with their aunt, Mrs. R. Y. Gibson and family.

Mrs. E. R. Hembrough was a Saturday guest of Mrs. Dean Hembrough.

George Backer of Wichita, Kansas, is visiting his cousin, Howard Becker.

Mr. and Mrs. Carl Hembrough, James Fairfield and Roy Hem-brough attended the Winchester picnic last Thursday.

Misses Aileen and Velma Hem-brough were Saturday guests of Mrs. Owen Maynard.

Mr. and Mrs. Frank Hembrough and children, Mildred and Riggs, spent Sunday with Mrs. Martha Taylor near Clements.

WRIGHT FUNERAL HELD AT FRANKLIN

Large Number Attended Services Were in Charge of the Rev. S. H. Kuntz.

Franklin, Aug. 18.—Funeral services for G. P. Wright were held from the residence of his parents, Mr. and Mrs. A. H. Wright this afternoon at 3 o'clock in charge of the Rev. S. H. Kuntz. The services were largely attended, many being present from Jacksonville, Springfield and other cities who had known the deceased during the years of his residence in this place.

Music was furnished by Mrs. S. H. Kuntz, Miss Blanch Harney and Miss Lou Duncan with Miss Grace Armstrong as accompanist. Miss Harney also sang a solo, "Whispering Hope."

There were many beautiful floral offerings and these were cared for by Miss Margaret Donahue, Mrs. Charles Cussins, Mrs. George Bryan and Mrs. A. J. Wright.

Burial was in Franklin cemetery, the bearers being, George E. Brown, Fred Burch, Frank Miller, Willis Massey, Frank Mansfield and Charles Cussins.

REAL ESTATE, LOANS AND INSURANCE

PARIS FASHIONS

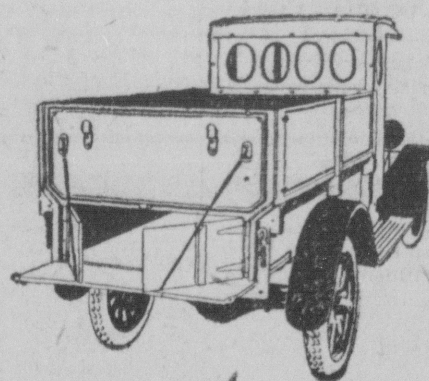

IN FALSE TEETH

Paris, Apr. 2.—We may safely predict for the coming season that styles in artificial teeth will include snug-fitting and smoothly cushioned in place by means of the dental plate comfort-powder Corega, procurable at drug stores and dental dealers.

This anti-rotic adhesive powder gives a pleasing sense of security to wearers of false teeth. It allows complete mastication of foods with ease, relaxes facial muscles and prevents sore gums. —(Adv.)

UPSETS IN GRAND CIRCUIT RACES

PHILADELPHIA, Aug. 18.—Upsets in two of the five races featured the second day of the Grand Circuit race meeting at the Belmont track today. The track was slow, owing to the heavy rains.

The biggest surprise was the defeat of Peter Manning, Tommy Murphy's trotter in the \$5,000 Winona Stock Farm stake, the richest of the week. In the second heat Peter Manning driven by Ed Geers made a bad break at the first turn. Tamas Hall won the heat in 2:08.4, but was beaten by E. Colorado in the third heat. The race was decided on the three heat plan and the money divided according to the standing with E. Colorado the winner of

the cup and the largest share of the purse. The surprise came in the \$2,000 Nawbeek Farm stake for three year old trotters. Great Britton, driven by J. L. Dodge was picked to win, but Emma Harvester won the event in straight heats.

JAMES BARNES ELIMINATED
Chicago, Aug. 18.—James Barnes of St. Louis lost his second title this year when Clarence Hackney of Atlantic City, N. J., eliminated him from the Professional Golfers' Association's tournament on the Flossmor course by a five and four score.

WILL MEET TODAY.

The Woman's Home and Foreign Missionary society of Northminster church will meet this afternoon at 2:30 o'clock. Devotional, Mrs. Gus Veria, Leader, Mrs. Essie Souza.

Club AB R H O A E
St. Louis 304 024 021-13 17 0
Washington 000 010 001-2 10 1
Shocker and Sevelid; Shaw, Acosta and Garrity.

RECEIPTS INCREASE
Galveston, Texas.—Cotton receipts at Galveston for the fiscal year ending July 31, 1920, were 2,101,119 bales, an increase of 168,027 bales over 1919, according to the annual report of the Galveston Cotton Exchange and Board of Trade. The 1920 figures indicated a gain of 479,233 bales over those of 1918 but a decrease of 5,000 bales compared with the receipts of 1917.

Great Britain, the world's heaviest purchaser of cotton, took 1,566,072 bales during 1920, compared with 940,379 bales in the preceding year, an increase of 625,693 bales. France, the next largest single buyer, lifted 198,000 bales against 129,615 in 1919, a decrease of 69,185 bales from 1919 figures.

China and Japan's takings of the 1920 crop reached 32,800 bales as compared with 29,183 last year. No cotton was exported to the Orient in 1917. Continental Europe, outside of France and England, bought 473,204 bales as compared with 475,805 the preceding year.

The average price during the year was 39 cents a pound while the highest mark reached was 43.50. The average value was reckoned at \$206.51 a bale.

WOOD RIVER HAS LARGE POPULATION INCREASE
Wood River, Ill.—Caroline is the cause of Wood River showing a gain of 4038.1 per cent in the census, the largest increase reported so far in the fourteenth census.

The Standard Oil Co. built a refinery here about a dozen years ago and for the past ten years has encouraged employees living in Alton, six miles away, to establish themselves in Wood River nearer the plant. The refinery was built to employ about 250 men but its production has been doubled and then quadrupled, until it employs today upwards of 1,500 persons and in addition has many other men engaged on new construction work.

There are now two pipe lines at Wood River and several other oil companies have plants.

S. A. Beach, superintendent of the Standard Oil company refinery, is mayor of the town and has been for a number of years. The company has done much to improve the town. Demand for gasoline continuing, Wood River people expect another big increase to be reported by the 1930 census.

MEXICO MAKES EFFORT TO STAY EMIGRATION
Mexico City, Aug. 2.—Governmental efforts to stay the emigration of Mexican workers into the United States and to induce those already there to return to their native land have taken form in the official support given a corporation recently formed to develop 500,000 acres of land in the Puente Valley of Sinaloa. The company, in addition to a federal concession, has been granted a subsidy of \$2,500,000 by the state government of Sinaloa and large tracts of land in that state. It plans to construct several reservoirs at Choix and a dam at San Blas, with canals on each side of the Puente river to be used for irrigation purposes. With land available for irrigation it is hoped to keep Mexican laborers in Mexico and secure the return of thousands who have emigrated to the United States.

CHAPMAN DEATH CASTS GLOOM OVER BASEBALL

Mays Was Not at Grounds Yesterday Afternoon—Players Lacked Dash and Spirit.
New York, Aug. 18.—The gloom cast over baseball by the untimely death of Ray Chapman, shortstop of the Cleveland team was apparent today when the Indians and New York Yankees resumed their battle for the leadership of the American League. Chapman's death was more deeply impressed upon by the spectators by the flag at the Polo Grounds flying at half staff and the bands of mourning worn on the left sleeves of the uniforms of both teams.

The fans paid tribute to Chapman's memory by applauding Lunte, his successor, when he first came to bat. Carl Mays, Yankee pitcher whose unfortunate throw caused the fatal injury to Chapman, was not at the grounds, it was said, and members of the New York club would not venture a guess as to when he would again appear. Altho the game was closely contested thruout, there was not the usual enthusiasm. The players seemed to lack their dash and spirit that might be expected from clubs fighting for the leadership.

SPREAD PROPAGANDA AGAINST GREEKS

Constantinople.—Nationalists are spreading their propaganda for a boycott against the Greeks by writing on the five-piastre note an appeal urging Turks to buy from Armenians or merchants of allied nationalities any article they cannot get from Turks.

There is no metal money circulating here now so that the small currency notes are used generally. A Mustapha Kemal Pasha circular widely distributed in Anatolia reads:

"To our great regret France and Italy have associated themselves with the League of Nations to accept the offer of Venizelos to have the Greek army enforce the peace treaty terms. This is part of the British policy for exterminating the greatest Mohammedan power, Turkey. The Greeks are trying to destroy the cradle of our forefathers. They have transformed mosques into churches. They have massacred our brothers and plundered their shops in Smyrna. These events have been confirmed by the Allied Commission whose report favored us."

"The very powers that disapproved of the Greek atrocities are throwing these pirates against us. We must fight."

"A period of training is necessary. Let us get your sons! Let us get your sons to disarm. We shall smash the enemy by the aid of our perfect."

WILL TAKE HERD OF DAIRY CATTLE TO CHINA
West Raleigh, N. C.—Gordon K. Middleton, instructor in agriculture in the North Carolina state college of agriculture and engineering, has been named an agricultural missionary to China by the Foreign Mission board of the Southern Baptist convention and will leave to take up his work in Kaifeng College, Honan province.

To form the basis of the agricultural and livestock department of the college a number of American breeders have contributed a number of head of dairy cattle and Mr. Middleton will take these to China with him. The dairy herd will be cared for by Chinese boys in exchange for their board and tuition. In addition, a demonstration farm similar to those operated in connection with American agricultural colleges will be established with a practical Chinese farmer as a cooperative guide.

BOSTON DEFEATS DETROIT IN ELEVEN INNINGS

Boston, Aug. 18.—Myers pitched his first home game today for Boston and won it from Detroit 6 to 5 in the eleventh inning, when McNally scored from second base on the pitchers' infield single, which escaped Hellmann. The score:
Club AB R H O A E
Detroit 000 004 010 00-5 8 2
Boston 200 111 000 01-6 12 4
Ayers and Stange; Karr, Myers and Schang.

FIRST PRACTICE FOR ELGIN ROAD RACES

ELGIN, Ill., Aug. 18.—Eddie O'Donnell, driving a Duesenberg, set the record for the Elgin road race course during the first practice here today in six minutes, 52 seconds for the eight and one quarter miles. This is only 39 seconds slower than the lap record made by the late Spencer Wishart in the race in which he was killed in 1914. O'Donnell made this record on his second trip around the track. Other drivers to participate in the practice today were Eddie Hearne, Jimmy Murphy and Cliff Durant. They did not attempt to show any speed and took considerably more than seven minutes for the course.

Besides the drivers who took part in practice today Ralph DePalma and Tommy Milton are here with their cars. Three drivers are on their way from Indianapolis, Ralph Mulford, Percy Ford and Gaston Chevrolet are driving their cars from their point of assembly.

The only other entrant William H. Seymour of Elgin, is assembling his machine in Chicago. All ten drivers are expected to report for the time trials tomorrow.

NEW COACH FOR DECATUR

Decatur, Ill., Aug. 18.—W. G. Muir, for three years athletic director of Glenview, Texas, high school, has been named for the same position at Decatur high school. He was formerly a Varsity football, track and basketball man at the University of Missouri.

STALEY'S BALL TEAM LEAVES FOR EGYPT

Decatur, Ill., Aug. 18.—Joe McGinnity and his Staley ball team departed this morning for a seven day trip thru southern Illinois. The starch workers are making the trip in automobiles and meet the strongest teams in Egypt.

BILLY MISKE TO START TRAINING

Chicago, Aug. 18.—Billy Miske arrived today to go into training for his fight with Jack Dempsey at Benton Harbor, Mich., Labor Day. Miske, looking fit, said he would spend several days here before going to Benton Harbor, where Dempsey is already in training.

Make your silk underthings really last

YOUR soft satin chemises, crêpe de Chine nightgowns, frilly petticoats. Ribbons and lace and chiffon to your heart's content—only do take care of them. Wash your silk things the gentle Lux way and see how long you can make them live!

It is perspiration that is the great enemy of silk. It actually eats the delicate silk fibre. Every minute that rather expensive camisolé spends in the hamper is making its precious life that much shorter, turning its dainty pink such a sad yellow.

Don't let your nice silk things be ruined! It is so quick, so easy to save them with Lux. Just soaping in the pure bubbling suds and pressing of the suds through the soiled spots.

Dip your silk underwear in Lux suds after every wearing—it will last three times as long! Your grocer, druggist or department store has Lux. Lever Bros. Co., Cambridge, Mass.

No suds so delicate as Lux for silk underwear

How you should launder silk underwear

Whisk a tablespoonful of Lux into a thick lather in very hot water. Add cold water until lukewarm. Press the rich suds through soiled spots again and again—do not rub at all. Rinse in three lukewarm waters. Squeeze the water out—do not wring. Roll in a towel and when nearly dry press with a warm iron—never a hot one. Glove silk and georgette crêpe should be gently shaped as you iron.

Philadelphia	0	0	0	0	0	0	0	0	0	0	0	0

Summary

Two base hits—E. Collins, Dugan. Stolen base—Risberg. Sacrifices—Dykes, Rommel. Double play—E. Collins-Risberg; Dugan-Dykes-Griffin. Rommel-Dykes-Griffin. Left on base—Chicago, 5; Philadelphia, 6. Bases on balls—Off Williams, 2; off Rommel, 3. Hits—Off Williams, 6 in 7 innings; off Wilkinson, 1 in 1. Struck out—By Williams, 2; by Wilkinson, 1; Rommel, 1. Losing pitcher—Williams. Umpires—Chill and Owens. Time 1:17.

ST. LOUIS CAPTURES HARD HITTING GAME

Washington, Aug. 18.—St. Louis hammered Shaw and Acosta for a total of 17 hits today and easily defeated Washington 13 to 2. The score:

Club	R	H	E
St. Louis	3	04	024 021-13 17 0
Washington	0	00	010 001-2 10 1

Shocker and Severeid; Shaw, Acosta and Garrity.

GALVESTON COTTON RECEIPTS INCREASE

Galveston, Texas.—Cotton receipts at Galveston for the fiscal year ending July 31, 1920, were 2,101,119 bales, an increase of 183,027 bales over 1919, according to the annual report of the Galveston Cotton Exchange and Board of Trade. The 1920 figures indicated a gain of 479,233 bales over those of 1918 but a decrease of 5,000 bales compared with the receipts of 1917.

Great Britain, the world's heaviest purchaser of cotton, took 1,566,072 bales during 1920, compared with 940,379 bales in the preceding year, an increase of 625,693 bales. France, the next largest single buyer, lifted 198,000 bales against 129,615 in 1919, a decrease of 69,185 bales from 1919 figures.

China and Japan's takings of the 1920 crop reached 32,800 bales as compared with 29,183 last year. No cotton was exported to the Orient in 1917. Continental Europe, outside of France and England, bought 473,204 bales as compared with 475,805 the preceding year.

The average price during the year was 39 cents a pound while the highest mark reached was 43.50. The average value was reckoned at \$206.51 a bale.

WOOD RIVER HAS LARGE POPULATION INCREASE

Wood River, Ill.—Garoline is the cause of Wood river showing a gain of 4038.1 per cent in the census, the largest increase reported so far in the fourteenth census.

The Standard Oil Co. built a refinery here about a dozen years ago and for the past ten years has encouraged employees living in Alton, six miles away, to establish themselves in Wood River nearer the plant. The refinery was built to employ about 250 men but its production has been doubled and then quadrupled, until it employs today upwards of 1,500 persons and in addition has many other men engaged on new construction work.

There are now two pipe lines at Wood River and several other oil companies have plants.

S. A. Beach, superintendent of the Standard Oil company refinery, is mayor of the town and has been for a number of years. The company has done much to improve the town.

Demand for gasoline continuing, Wood River people expect another big increase to be reported by the 1930 census.

MEXICO MAKES EFFORT TO STAY EMIGRATION

Mexico City, Aug. 2.—Governmental efforts to stay the emigration of Mexican workers into the United States and to induce those already there to return to their native land have taken form in the official support given a corporation recently formed to develop 500,000 acres of land in the Fuerte Valley of Sinaloa. The company, in addition to a federal concession, has been granted a subsidy of \$2,500,000 by the state government of Sinaloa and large tracts of land in that state. It plans to construct several reservoirs at Choix and a dam at San Blas, with canals on each side of the Fuerte river to be used for irrigation purposes. With land available for irrigation it is hoped to keep Mexican laborers in Mexico and secure the return of thousands who have emigrated to the United States.

THEY PLAY TODAY

American League

St. Louis at Washington. Detroit at Boston. Chicago at Philadelphia.

National League

Philadelphia at Pittsburgh.

CHAPMAN DEATH CASTS GLOOM OVER BASEBALL

May's Not at Grounds Yesterday Afternoon—Players Lacked Dash and Spirit.

New York, Aug. 18.—The gloom cast over baseball by the untimely death of Ray Chapman, shortstop of the Cleveland team was apparent today when the Indians and New York Yankees resumed their battle for the leadership of the American League. Chapman's death was more deeply impressed upon by the spectators by the flag at the Polo Grounds flying at half staff and the bands of mourning worn on the left sleeves of the uniforms of both teams.

The fans paid tribute to Chapman's memory by applauding Lunte, his successor, when he first came to bat.

Carl Mays, Yankee pitcher whose unfortunate throw caused the fatal injury to Chapman, was not at the grounds, it was said, and members of the New York club would not venture a guess as to when he would again appear.

Altho the game was closely contested thruout, there was not the usual enthusiasm. The players seemed to lack their dash and spirit that might be expected from clubs fighting for the leadership.

SPREAD PROPAGANDA AGAINST GREEKS

Constantinople — Nationalists are spreading their propaganda for a boycott against the Greeks by writing on the five-plastre note an appeal urging Turks to buy from Armenians or merchants of allied nationalities any article they cannot get from Turks.

There is no metal money circulating here now so that the small currency notes are used generally.

A Mustafa Kemal Pasha circular widely distributed in Anatolia reads:

"To our great regret France and Italy have associated themselves with the League of Nations decision to accept the offer of Venizelos to have the Greek army enforce the peace treaty terms. This is part of the British policy for exterminating the greatest Mohammedan power, Turkey. The Greeks are trying to destroy the cradle of our forefathers. They have transformed mosques into churches. They have massacred our brothers and plundered their shops in Smyrna. These events have been confirmed by the Allied Commission whose report favored us."

"The very powers that disapproved of the Greek atrocities are throwing these pirates against us. We must fight."

"A period of training is necessary. Let your sons! Advise deserters to return to the army. We shall smash the enemy by the aid of our Fatherland."

WILL TAKE HERD OF DAIRY CATTLE TO CHINA

West Raleigh, N. C.—Gordon K. Middleton, instructor in agriculture in the North Carolina state college of agriculture and engineering, has been named an agricultural missionary to China by the Foreign Mission board of the Southern Baptist convention and will leave to take up his work in Kaifeng College, Honan province.

To form the basis of the agricultural and livestock department of the college a number of American breeders have contributed a number of head of dairy cattle and Mr. Middleton will take these to China with him. The dairy herd will be cared for by Chinese boys in exchange for their board and tuition. In addition, a demonstration farm similar to those operated in connection with American agricultural colleges will be established with a practical Chinese farmer as a cooperative guide.

Umpires—Nallin and Connolly. Time 1:55.

BOSTON DEFEATS DETROIT IN ELEVEN INNINGS

Boston, Aug. 18.—Myers pitched his first home game today for Boston and won it from Detroit 6 to 5 in the eleventh inning, when McNally scored from second base on the pitchers' infield single, which escaped Hellmann. The score:

Club	R	H	E
Detroit	0	00	004 010 00-5 8 2
Boston	2	00	111 000 01-6 12 4

Ayers and Stange; Karr, Myers and Schang.

FIRST PRACTICE FOR ELGIN ROAD RACES

ELGIN, Ill., Aug. 18.—Eddie O'Donnell, driving a Duesenberg, set the record during the first practice race here today in six minutes, 52 seconds for the eight and one quarter miles. This is only 39 seconds slower than the lap record made by the late Spencer Wishart in the race in which he was killed in 1914. O'Donnell made this record on his second trip around the track. Other drivers to participate in the practice today were Eddie Hearne, Jimmy Murphy and Cliff Durant. They did not attempt to show any speed and took considerably more than seven minutes for the course.

Besides the drivers who took part in practice today Ralph DePalma and Tommy Milton are here with their cars.

Three drivers are on their way from Indianapolis, Ralph Mulford, Percy Ford and Gaston Chevrolet are driving their cars from their point of assembly.

The only other entrant William H. Seymour of Elgin, is assembling his machine in Chicago. All ten drivers are expected to report for the time trials tomorrow.

NEW COACH FOR DECATUR

Decatur, Ill., Aug. 18.—W. G. Muir for three years athletic director of Glenview, Texas, high school, has been named for the same position at Decatur high school. He was formerly a 'Varsity football, track and basketball man at the University of Missouri.

STALEY'S BALL TEAM LEAVES FOR EGYPT

Decatur, Ill., Aug. 18.—Joe McGinnity and his Staley ball team departed this morning for a seven day trip thru southern Illinois. The starch workers are making the trip in automobiles and meet the strongest teams in Egypt.

BILLY MISKE TO START TRAINING

Chicago, Aug. 18.—Billy Miske arrived today to go into training for his fight with Jack Dempsey at Benton Harbor, Mich., Labor Day. Miske, looking fit, said he would spend several days here before going to Benton Harbor, where Dempsey is already in training.

NOTICE

All persons interested in oiling Morton road from the county line to the hard road are requested to meet at Orleans at 8 o'clock Saturday evening, August 21.

Shampoo with Eggol

And your hair will be soft, fluffy and easy to do up. An Eggol shampoo cleans the scalp of every particle of dust, dirt, dandruff and excess oil, and gives the hair a brilliant and lustrous appearance that you can get from no other shampoo.

Make your silk underthings really last

YOUR soft satin chemises, crêpe de Chine nightgowns, frilly petticoats. Ribbons and lace and chiffon to your heart's content—only do take care of them. Wash your silk things the gentle Lux way and see how long you can make them live!

It is perspiration that is the great enemy of silk. It actually eats the delicate silk fibre. Every minute that rather expensive camisole spends in the hamper is making its precious life that much shorter, turning its dainty pink such a sad yellow.

Don't let your nice silk things be ruined! It is so quick, so easy to save them with Lux. Just sousing in the pure bubbling suds and pressing of the suds through the soiled spots.

Dip your silk underwear in Lux suds after every wearing—it will last three times as long! Your grocer, druggist or department store has Lux. Lever Bros. Co., Cambridge, Mass.

How you should launder silk underwear

Whisk a tablespoonful of Lux into a thick lather in very hot water. Add cold water until lukewarm. Press the rich suds through soiled spots again and again—do not rub at all. Rinse in three lukewarm waters. Squeeze the water out—do not wring. Roll in a towel and when nearly dry press with a warm iron—never a hot one. Glove silk and georgette crêpe should be gently shaped as you iron.

No suds so delicate as Lux for silk underwear

Daily Market Report

SHORTS AGAIN CONTROLLED MARKETS

NEW YORK, Aug. 18. — The

session of the stock exchange today differed little from the listless and reactionary trend of recent days. Shorts again controlled and exerted pressure against the more volatile issues. European affairs as expected by the Russo-Polish crisis were once more an overshadowing influence although this was perhaps less perceptible in the desultory movements of foreign exchange. Sterling lire and marks were irregular but the Paris rate strengthened.

Money continued to flow from the market to crop centers with consequent depletion of time funds and call loans rose to nine per cent in the final hour after opening at the prevailing rate of seven per cent.

Advices from leading commercial and industrial centers were decidedly mixed some supporting the views of local financial interests of gradual betterment.

Recognized trade authorities made pointed allusion, however, to the failure of the railroads to come into the market for new equipment.

Prices of stocks were mainly higher at the outset but gave way under a series of selling movements during the intermediate and later periods. Sales, 375,000 shares.

Trading in bonds was progressively dull but embraced an unusual number of issues. Many of the active domestic groups, including liberty bonds eased slightly. Sales, par value, aggregated, 7,300,000.

WHEAT PRICES SHOW SMALL NET GAIN

CHICAGO, Aug. 18. — Trade in

the grain pits displayed considerable strength at the start today but after mid-season the market reacted and prices declined from the highest points of the day. At the finish wheat showed a net gain of 1/4¢ to 1/2¢ with December \$2.39, to \$2.39 1/2, and March, \$2.40 1/2; corn was 1/4¢ to 3/8¢ below yesterday's final quotation; oats were off 1/4¢ to 1/2¢ while provisions were almost at a standstill.

Wheat showed a good deal of firmness with buying by cash interest, while there was some covering by shorts. There was little pressure and export business here was quiet.

Corn early showed strength along with wheat but prices did not hold, the break occurring when scattered rains were reported in Kansas and Nebraska and the buying power dropped off. The reaction was sharp in September in the lead. Outside trade was limited and the market was easily influenced. Oats moved in sympathy with corn, the bulk of trading being light in volume with prices covering an extremely small range.

Oats moved in sympathy with corn, the bulk of trading being light in volume with prices covering an extremely small range.

Corn early showed strength along with wheat but prices did not hold, the break occurring when scattered rains were reported in Kansas and Nebraska and the buying power dropped off. The reaction was sharp in September in the lead. Outside trade was limited and the market was easily influenced. Oats moved in sympathy with corn, the bulk of trading being light in volume with prices covering an extremely small range.

ADMINISTRATOR'S NOTICE

Estate of Adam Edmond Hills, deceased.

The undersigned, having been appointed administrator of the estate of Adam Edmond Hills, late of the County of Morgan and State of Illinois, hereby gives notice that she will appear before the county court of Morgan county, at the court house in Jacksonville, Monday in October next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned. Dated this seventeenth day of August, A. D. 1920.

ESTELLA V. HILLS, Administratrix.

CHILDREN'S PARTY. Tuesday afternoon Master Roger Patterson Hopper, son of Mr. and Mrs. Fred Hopper, 800 West North street, pleasantly celebrated his fifth birthday with about twenty little friends with whom he had a right merry time. During the afternoon nice refreshments were served the children who greatly enjoyed the good things afforded and taken altogether the event was most delightful.

Daily Market Report

SHORTS AGAIN

CONTROLLED MARKETS

NEW YORK, Aug. 18. The session of the stock exchange today differed little from the listless and reactionary trend of recent days. Shorts again controlled and exerted fresh pressure against any of the more volatile issues. European affairs as expected by the Russo-Polish crisis were once more an overshadowing influence, although this was perhaps less perceptible in the desultory movements of foreign exchange. Sterling lire and marks were irregular but the Paris rate strengthened.

Money continued to flow from the market to crop centers with consequent depletion of time funds and call loans rose to nine per cent in the final hour after opening at the prevailing rate of seven per cent.

Advices from leading commercial and industrial centers were decidedly mixed some supporting the views of local financial interests, made pointed allusion, however, to failure of the railroads to come into the market for new equipment.

Prices of stocks were mainly higher at the outset but gave way under a series of selling movements during the intermediate and later periods. Sales, 375,000 shares.

Trading in bonds was progressively dull but embraces an unusual number of issues. Many of the active domestic groups, including the U. S. bonds, ended slightly. Sales, par value, aggregated, \$7,300,000.

CHICAGO LIVESTOCK
Chicago, Aug. 18.—Cattle—Receipts, 7,000; choice steers steady; others slow at very uneven prices; medium grassy cattle weak; top on steers, 16.80; bulk corn fed, 15.25 to 16.00; bulk grassy kinds, 14.50 to 14.75; cows slow, steady at 14.00 to 12.50; bulls dull at 25c decline; bologna mostly 5.50 to 7.25; calves very uneven; early sales, 15 to 15.50; late trade, 14.50 to 15.00; stockers firm.

Hogs—Receipts, 15,000. Opened weak to 25c lower than yesterday's average. Common grades off least, closing weak; top 16.00; bulk light and butchers, 15.15 to 15.85; bulk packing sows, 14.20 to 14.40; pigs 25c to 50c lower; bulk desirable kinds, \$14 to 15.00.

Sheep—Receipts, 33,000; native sheep bid 25c lower; fat western lambs 15c to 25c lower. Top, 12.65; packer top native lambs, 12.00; bulk, 11.50 to 11.75; choice medium weight, 7.75; feeders steady; best feeder lambs, 12.00 to 12.30.

IS VISITING UNCLE.
Master Edward Brennan of Chicago is spending a part of his vacation with his uncle, E. A. Brennan and family of the New Pacific hotel. He is a bright youngster. He says he likes Jacksonville very much. He will remain here until the opening of school when he expects to return to Chicago to resume his school work.

WHEAT PRICES SHOW

SMALL NET GAIN

CHICAGO, Aug. 18.—Trade in the grain pits displayed considerable strength at the start today but about mid-session the market reacted and prices declined from the highest points of the day. At the finish wheat showed a net gain of 1/4c to 1/2c with December \$2.39 to \$2.39 1/2 and March, \$2.40 1/2; corn was 1/2c to 3/4c below yesterday's final quotations; oats were off 1/2c to 1c while provisions were almost at a standstill.

Wheat showed a good deal of firmness with buying by cash interests, while there was some covering by shorts. There was little pressure and export business here was quiet.

Corn early showed strength along with wheat but prices did not hold, the break occurring when scattered rains were reported in Kansas and Nebraska and the buying power dropped off. The reaction was sharp with September in the lead. Outside trade was limited and the market was easily influenced. Oats moved in sympathy with corn, the bulk of trading being light in volume with prices covering an extremely small range.

JUSTICE COURTS

Eddie Dawson of Winchester swore out warrants yesterday before Justice Bayha against Joe Sullivan, Jack Devlin and Harry Meline, three local boys, charging them with assault and battery. It is alleged the boys jumped on Dawson near the Zahn Auto Inn Tuesday night and disfigured him considerably. Wednesday Justice Bayha fined each of the boys \$10 and costs and gave them some fatherly advice about obeying the law.

In Justice Dyer's court R. W. Leggett, charged with the theft of automobile tires from W. W. Pickle, was discharged. The case of Proctor DeFries on a similar charge was continued until 9 o'clock Saturday morning.

Jacksonville Lodge No. 570 A. F. & A. M. will hold a stated meeting to night at 7:30 o'clock. Visiting brethren welcome.
C. C. RIGDEN, W. M.
E. L. KINNEY, Sec.

RETURN FROM TOLEDO
Mr. and Mrs. W. Cass Hamm have just returned from Toledo, Ohio, where they attended the National Golf tournament. They were accompanied on the trip by Mr. and Mrs. W. C. Burgess, formerly of Jacksonville but now of Champaign. Both Mr. Hamm and Mr. Burgess were entered in the tournament.

Ray Werries was up to the city from Mercedia yesterday.

Births

Born, Tuesday morning at Our Savior's hospital to Mr. and Mrs. E. L. Killam, a son, Edward Lambert, Jr.

THAT VANDALIA ROAD.

Many complaints come to hand regarding the condition of Vandalia road east of Nichols park. The work on it that has been made necessary by the new lake has not been entirely completed and citizens east of the place are immensely troubled over the condition of the thoroughfare. The contractor has worked hard to do his part but has not been able to leave the road in very good shape and the authorities claim it is his place to do what is needed. It would be a good thing if something could be done this week at least.

HIS FIRST INVITATION.

A gentleman conducting an auto party from Pittsburgh, Penn. to Denver said Jacksonville was the first place he had struck where auto travelers were invited to use free of charge a desirable camping spot. He was loud in his praises of the idea and declared he had not seen a superior park anywhere. The some large cities had more extensive pleasure resorts the one here was unsurpassed in general attractiveness.

PROBATE COURT

In the estate of John Baptist an order was entered for the public sale of personal property.

EVERYTHING READY FOR THE CHAUTAUQUA

Program for Ninth Assembly Will Open Friday Afternoon—Senator Kenyon Coming for Opening Day—Mrs. Helen Brown Read and Bohemian Orchestra on Musical Program.

The Jacksonville Chautauqua will open its ninth assembly tomorrow afternoon at 2:15 o'clock. There has been a lot of activity at the Chautauqua grounds for days past and the tents are all ready for the campers and the audiences.

If there existed any doubt about the interest of the people in the chautauqua event this year it was dispelled by the sharp demand for tickets which came yesterday. The subscribers' season tickets issued at \$2. plus 20 cents tax are not nearly so plentiful today, and subscribers who made guarantees for large numbers of tickets in order to insure the success of the chautauqua event reported last night that their supplies were nearly exhausted.

The management has announced that season tickets are not transferable and must be signed in ink by the owner before presentation at the entrance gate.

As already noted the demand for tents this year was larger than ever and the extent of the tented city was limited only by the number of the tents the committee was able to secure. As noted the program will open tomorrow afternoon at 2:15 o'clock when a concert will be given by the Bohemian orchestra. Afterward Sen. W. S. Kenyon of Iowa will deliver a lecture. Senator Kenyon has appeared on the local platform before and for that reason Morgan county people are anticipating his address with great interest and enthusiasm. The Iowa senator is rightly accounted one of the stellar attractions of the entire program.

The evening program will begin at 7:30 o'clock with a concert by Miss Helen Brown Read, then will come a lecture and play modeling by J. Smith Damron. Afterward the Bohemian orchestra will again appear and the evening's entertainment will conclude with motion pictures.

The local chautauqua committees have had years of successful experience and it is therefore certain that nothing has been overlooked in preparing for the 1920 assembly. The people are assured a great program.

OBITUARY

Vashti Irene Gibbs was born Jan. 28, 1895, at the family home five miles southeast of Winchester, and passed away at the Passavant hospital, August 10, 1920, at 9:15 a. m., being 25 years, 6 months and 13 days of age. She was the second daughter of Robert and Laura Gibbs and spent almost her entire life in Winchester community.

On June 28, 1918, the deceased was united in marriage to Jesse King of Winchester. The ceremony was performed at Louisville, Ky., Mr. King at the time being a soldier located at Camp Taylor. To this union were born twin children, Roberta Leona Marie and Robert Edward, born August 9, 1920.

The deceased is survived by her husband and two children: her parents Mr. and Mrs. Robert Gibbs; two sisters, Mrs. Birdie Mapes of Jacksonville and Hazel Mapes of two brothers, Ray and Leroy at home. One sister, Maude Mae, preceded her in death twenty-nine years ago.

Funeral services were held at the Winchester Baptist church Thursday afternoon, Aug. 12th, and were of a most impressive character. The floral tributes were especially beautiful and were in charge of Mrs. John Akers, Mrs. John Webb, Mrs. Anna Jones and Mrs. James Carlton, all cousins of the deceased except the latter who was a very dear friend. The pall bearers were James Carlton, Ora Carlton, Wiley Jackson, William Tankersley, Olin Clark and George Wallace.

The deceased was a woman of generous, kindly nature and was much beloved by all who knew her. She was ever brave in affliction and was ready to go when the final summons came. Her death means a great loss to family circle and friends, and her husband and parents have the sincere sympathy of all in their affliction.

SUIT FOR DIVORCE

Mrs. Lillian Perry by her attorney, William N. Hairgrove, has brought suit for divorce from her husband, Elh Elith Perry. They were married May 1, 1894 at Plainville, Kansas, and lived together until December 1, 1919. Desertion is the charge made.

ROTARY CLUB TO MEET AT CHAUTAUQUA FRIDAY

Members of the Rotary club are to meet at the Pacific hotel at noon tomorrow and will then motor to the Chautauqua grounds where a cafeteria luncheon will be served. The club members are expecting to have a short talk from Senator Kenyon.

VISIT IN PLYMOUTH

William Cockrell and his mother, Mrs. Cockrell, Mrs. L. D. Melton and son Omar and daughter Lucille, drove to Plymouth Thursday and spent the week end with a sister of Mrs. Melton. Before their return they visited Kookuk and attended a family reunion there.

Mrs. George Ray, of Tiltonville, Ind. was a caller in the city yesterday. She is making an extended visit at the home of her father, Professor Dent of Scottsville.

Miss Lily Ledford of Woodson is visiting relatives and friends in the city.

J. J. Lonergan was up to the city from Murrayville yesterday. John Ridder came to town from Alexander yesterday.

Social Events

Bridge Party for Misses Verna and Beryl Wallace.

Miss Buehla McMurphy entertained a number of friends yesterday afternoon at her home, 1204 West College avenue, at bridge, in honor of Miss Verna and Miss Beryl Wallace of Chicago. Mrs. Frederick Buck of Springfield was the only out of town guest.

Miss Anna McDonald Entertains the Strawn's Crossing Club.

The Strawn's Crossing club met Tuesday afternoon at the home of Miss Anna McDonald. Mrs. W. C. Thompson read a paper on "Supper Dishes." The roll call was answered by giving dishes that are easily digested. Miss Helen Green was the guest of the club. After the program the hostess served refreshments.

The next meeting will be held at the home of Mrs. Frank Foster in Alexander on September 7.

Birthday Social at Brooklyn Church.

The Ladies' Aid society of the Brooklyn church held their regular monthly birthday social yesterday afternoon on the church lawn. There were about fifteen ladies present and the afternoon was pleasantly spent in a social way.

The hostesses were Mrs. C. O. Redding and Mrs. Daniel Barton.

Gave Birthday Party.

On Tuesday evening, August 17, at the beautiful country home of James P. Ring, residing west of Murrayville, a birthday party was held in honor of his daughter, Miss Stella. A limited number of friends arrived to help her celebrate. The evening was spent with music and at a late hour refreshments were served. It was a very pleasant occasion.

PEACHES FOR SALE

Fancy home grown Alberta peaches, Thursday, Friday, Saturday, at my orchard 1 mile west of Patterson, Ill. Bring your baskets. Telephone orders early. \$4.00 per bushel.

ISAAC BROWN.

VIRGINIA BOY RUN DOWN BY AUTOMOBILE

Vernon Ray Instantly Killed by Car Driven by Mrs. Samuel Gill — Jury Returns Verdict of Accidental Death.

Virginia, Aug. 18.—Vernon Ray, aged 11 years, was run down and instantly killed about 11 o'clock this morning by an automobile driven by Mrs. Samuel Gill.

The boy was knocked down and both wheels of the car passed over his head crushing the skull. The accident occurred in Cass street in front of the Methodist parsonage. The injured lad was carried to the parsonage and Dr. Blackburn was summoned.

Upon his arrival the physician made an examination and pronounced life extinct. Coroner Lyon was then notified of the death and empanelled a jury. After hearing the evidence the jury returned a verdict of accidental death and Mrs. Gill was exonerated from all blame.

The dead boy is the son of Mrs. Charles McDaniel of Virginia and was a bright child. Just before the accident he had been riding on the rear of Hyles & Co.'s ice wagon.

When the wagon stopped in front of the residence of E. G. Murray to deliver ice the boy jumped from the vehicle and started to cross the street. Mrs. Gill was driving in Cass street in a Dodge coupe. The boy came out from behind the wagon suddenly and stopped directly in front of the car. Mrs. Gill was unable to apply the brakes before the child was struck.

Mrs. Gill was completely prostrated by the accident. Her physician recommended complete rest and it is probable she will be taken to a hospital for treatment. The boy's mother is also grief stricken and the sympathy of the entire community goes out to her and Mrs. Gill.

Besides the mother two brothers and two stepbrothers survive. No arrangements for the funeral have been made.

CO-OPERATIVE STORE AWARDED PRIZES

A number of Jacksonville women contended for prizes in the bread making contest conducted at the Co-operative store Wednesday. The contest closed Wednesday at noon and the following judges, Mrs. B. Fronabarger, Mrs. L. P. Hoffman and Mrs. L. P. Henderson, awarded the prizes.

The winners were: Mrs. Webster of Hardin avenue, two sacks of flour. Mrs. William Crowe, one sack of flour.

Mrs. Moon, one sack of flour. Mrs. Ira Peterson, \$1. Mrs. I. W. Eaton, \$1. Mrs. Florence Ehrlich, \$1. Mrs. Leonard Seymour, \$1. Mrs. J. R. Large, \$1.

WITH THE SICK

Mrs. E. B. Sturgeon and son, Wiswell, are ill at their home, 345 East North street.

AUTO TRAVELERS.

Mr. and Mrs. T. P. Handy and two daughters of Carthage, Mo., arrived in the city yesterday on their way to Indianapolis. They encountered rather bad roads in Missouri but had less complaint to make of Illinois. They are camping by the way and making good progress.

Sergeant-Major Arthur Wilson of Fort Worden, Wash., is visiting at the home of his parents, Mr. and Mrs. W. P. Wilson, 615 North Fayette street. He is en route to his new station at Fortress Monroe, Va.

CAPT. J. W. MELTON DIES IN CALIFORNIA

Former Local Resident Had Been in Soldiers' Home for Several Years.

Jacksonville friends of Capt. J. W. Melton have been advised of his death at the Old Soldiers' Home in California, where he has been resident for several years. One message telling of the death was received by Miss Jessie M. Wharton from Miss Frances Melton, who is now at Langley, Calif. Captain Melton spent the greater part of his life in Jacksonville but of recent years has been in the west. For a time he was with his son, James Melton, on a ranch in Idaho. Later he took up his residence at the California Old Soldiers' Home and has frequently written his friends here about the pleasant surroundings.

In civil war days Captain Melton was a member of the famous company of Missouri cavalry, in which a number of Morgan county men enlisted. So it goes without saying that he had an active part in the great conflict. Captain Melton was a partner in a Jacksonville business house for a considerable period and after he closed out his business served for one term as city clerk. He also held a position in the Jacksonville postoffice and was a citizen held in high regard thru a long life. He leaves one son, James Melton, and one daughter, Miss Frances. Another daughter, Miss Mary Melton, was for years a missionary in Japan and died while still in the service there.

Funerals

Gibbs

The funeral services of Gayle Elizabeth Gibbs was held in the Christian church at Lynnville, Wednesday at 2:30 o'clock. Rev. L. R. Cronkrite, assisted by Rev. M. L. Pontius, officiated at the services.

Music was furnished by Mrs. Sallie Heaton, Miss Catherine Wilson, Dr. R. R. Jones and Edwin Gordon. Miss Catherine Wilson sang "When They Ring Those Golden Bells."

The Sunday school class of which Gayle was a member were the honorary pall bearers and the pall bearers were, Vincent Davidson, Clarence Jewsbury, Vernon Scofield, Harold Campbell, Keith Scofield and Ralph Heaton.

The flowers were taken care of by Frances Scofield, Blanche Hills, Viola McNeely, Bertha Todd, Sallie McKinney and Leona Campbell.

Burial was in Diamond Grove cemetery.

Obituary

Gayle Elizabeth Gibbs, daughter of Charles H. and Alice Scholfield Gibbs, died at 8:10 Monday morning at the Passavant hospital, aged 13 years, 7 months and 16 days. She was the fourth child of Mr. and Mrs. Gibbs and was born at Lynnville, Illinois, Jan. 1, 1907, where she lived until her untimely death.

Gayle was a most friendly and sociable girl, and by her sunny smile and kind disposition won a host of friends. She found pleasure in serving others and was ever ready to make some one else's life full of sunshine in whatever way she could.

She was a member of the Lynnville Christian church, having united last February. She took an active part in the work of the church, Sunday school and the Christian Endeavor society and found joy in doing whatever she could for the good of the community.

The community feels a distinct loss and she leaves to mourn her departure her father and mother, one sister, Mrs. Otis VanWinkle of Franklin, Ill.; two brothers, Wilbur and Virgil, both living at home, besides many other relatives and a host of friends. One brother preceded her in death sixteen years ago.

Dear Gayle, thou hast left us, Thy death we deeply feel; But 'tis God that has bereft us, He can all our sorrows heal.

Yet again we hope to meet thee When the day of life has fled; Then in heaven with joy to greet thee Where no farewell tears are shed.

RETURNS FROM ARMY SERVICE

Charles E. Wright, son of Mrs. Louise Wright of this city has just returned to this city from the Mexican border where he has been a member of the 24th Infantry.

He was one of the first colored boys to enlist early in 1918 and saw service overseas and on his return re-enlisted in the army for service on the border. He says that he likes the army life but that the heat and sand storms on the desert had effected his health.

This week he is going out west for a vacation and expects to return to Jacksonville to live.

BRIDGE COMPANY EMPLOYEE IN HOSPITAL

J. T. Todd was brought to Passavant hospital yesterday from a hospital in Burlington, Iowa, where he has been a patient since July 15, following an accident on a construction job at Gladstone, Ill., in which he lost the middle finger on his right hand.

Blood poisoning set in and the finger was amputated, and it was thought the case was under control but the poisoning has reappeared. Todd is an employee of the Illinois Steel Bridge company.

CHICAGO VISITOR HERE

Mrs. Jennie Walker, 429 South Church street, is enjoying a visit from her daughter, Mrs. L. D. Alia of Chicago.

Wall Mason and family made a trip from Grace Chapel to the city yesterday.

MYERS BROTHERS.

Golf Clubs and Balls

ON CHAUTAUQUA GROUNDS

Already the chautauqua grounds have assumed the white city appearance and everything is moving along smoothly.

The recent rains have freshened everything and the park never looked more inviting as many remark.

There will be very little dust at any rate and the park board mean to run the sprinkling wagon when needed.

Some thoughtless auto driver needlessly drove on the fresh dirt outside the drive south of the large bridge making some unsightly ruts. Please be careful, friends, to stay in the track and when you are compelled to go outside go where the sod is firm.

The big water tank is already in shape and will dispense the cup that cheers and not inebriates.

The patrons of the chautauqua are fortunate in their case as the ladies of the Christian church again have charge of the affair which is a guarantee of good service in all respects.

Mrs. Luella Henry was up from Woodson with her family moving to her tent, about the first one to take up abode on the grounds.

The large tent is rapidly assuming perfect condition. It is a new canvas and will admirably serve the purpose intended. Scott Carter is the officiating carpenter artist preparing the big tent and several others for occupation which insures a first class job.

WANTED, OPERATORS Pay while learning. Bell Tel. Co. Main 1000.

GOING WEST.

Herbert Barker, residing east of Murrayville left yesterday for various points in Colorado, Wyoming and elsewhere expecting to make a somewhat extended journey.

JUSTICE COURTS

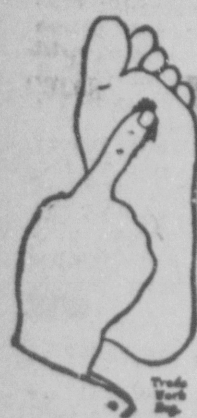

Eddie Dawson of Winchester swore out warrants yesterday before Justice Bayha against Joe Sullivan, Jack Devlin and Harry Meline, three local boys, charging them with assault and battery. It is alleged the boys jumped on Dawson near the Zahn Auto Inn Tuesday night and disfigured him considerably. Wednesday Justice Bayha fined each of the boys \$10 and costs and gave them some fatherly advice about obeying the law.

In Justice Dyer's court R. W. Leggett, charged with the theft of automobile tires from W. W. Pickle, was discharged. The case of Proctor DeFries on a similar charge was continued until 9 o'clock Saturday morning.

EVERYTHING READY FOR THE CHAUTAUQUA

Program for Ninth Assembly Will Open Friday Afternoon—Senator Kenyon Coming for Opening Day—Mrs. Helen Brown Read and Bohemian Orchestra on Musical Program.

The Jacksonville Chautauqua will open its ninth assembly tomorrow afternoon at 2:15 o'clock. There has been a lot of activity at the Chautauqua grounds for days past and the tents are all ready for the campers and the audiences.

If there existed any doubt about the interest of the people in the chautauqua event this year it was dispelled by the sharp demand for tickets which came yesterday. The subscribers' season tickets issued at \$2, plus 20 cents war tax are not nearly so plentiful today, and subscribers who made guarantees far large numbers of tickets in order to insure the success of the chautauqua event reported last night that their supplies were nearly exhausted.

The management has announced that season tickets are not transferable and must be signed in ink by the owner before presentation at the entrance gate.

As already noted the demand for tents this year was larger than ever and the extent of the tented city was limited only by the number of tents the committee was able to secure. As noted the program will open tomorrow afternoon at 2:15 o'clock when a concert will be given by the Bohemian orchestra. Afterward Sen. W. S. Kenyon of Iowa will deliver a lecture. Senator Kenyon has appeared on the local platform before and for that reason Morgan county people are anticipating his address with great interest and enthusiasm. The Iowa senator is rightly accounted one of the stellar attractions of the entire program.

The evening program will begin at 7:30 o'clock with a concert by Miss Helen Brown Read, then will come a lecture and play modeling by J. Smith Damon. Afterward the Bohemian orchestra will again appear and the evening's entertainment will conclude with motion pictures.

The local chautauqua committees have had years of successful experience and it is therefore certain that nothing has been overlooked in preparing for the 1920 assembly. The people are assured a great program.

OBITUARY

Vashti Irene Gibbs was born Jan. 28, 1895, at the family home five miles southeast of Winchester, and passed away at the Passavant hospital, August 10, 1920, at 9:15 a. m., being 25 years, 6 months and 13 days of age. She was the second daughter of Robert and Laura Gibbs and spent almost her entire life in Winchester community.

On June 28, 1918, the deceased was united in marriage to Jesse King of Winchester. The ceremony was performed at Louisville, Ky., Mr. King at the time being a soldier located at Camp Taylor. To this union were born twin children, Roberta Leona Marie and Robert Edward, born August 9, 1920.

The deceased is survived by her husband and two children; her parents Mr. and Mrs. Robert Gibbs; two sisters, Mrs. Birdie Mapes of Jacksonville and Hazel at home; and two brothers, Ray and Leroy at home. One sister, Maude M., preceded her in death twenty-nine years ago.

Funeral services were held at the Winchester Baptist church Thursday afternoon, Aug. 12th, and were of a most impressive character. The floral tributes were especially beautiful and were in charge of Mrs. John Akers, Mrs. John Webb, Mrs. Anna Jones and Mrs. James Carlton, all cousins of the deceased except the latter who was a very dear friend. The pall bearers were James Carlton, Ora Carlton, Wiley Jackson, William Tankersley, Olin Clark and George Wallace.

The deceased was a woman of generous, kindly nature and was much beloved by all who knew her. She was ever brave in affliction and was ready to go when the final summons came. Her death means a great loss to family circle and friends, and her husband and parents have the sincere sympathy of all in their affliction.

SUIT FOR DIVORCE

Mrs. Lillian Perry by her attorney, William N. Halgrove, has brought suit for divorce from her husband, Elh Edith Perry. They were married May 1, 1894 at Plainville, Kansas, and lived together until December 1, 1919. Desertion is the charge made.

ROTARY CLUB TO MEET

Members of the Rotary club are to meet at the Pacific hotel at noon tomorrow and will then motor to the Chautauqua grounds where a cafeteria luncheon will be served. The club members are expecting to have a short talk from Senator Kenyon.

VISIT IN PLYMOUTH

William Cockrell and his mother, Mrs. Cockrell, Mrs. L. D. Melton and son Omar and daughter Lucille, drove to Plymouth Thursday and spent the week end with a sister of Mrs. Melton. Before their return they visited Kookuk and attended a family reunion there.

Mrs. George Ray, of Tiltonville, Ind. was a caller in the city yesterday. She is making an extended visit at the home of her father, Professor Dent of Scottsville.

Miss Lily Ledford of Woodson is visiting relatives and friends in the city. J. J. Lonergan was up to the city from Murrayville yesterday. John Ridder came to town from Alexander yesterday.

Social Events

Bridge Party for Misses

Verna and Beryl Wallace. Miss Buehla McMurphy entertained a number of friends yesterday afternoon at her home, 1204 West College avenue, at bridge, in honor of Miss Verna and Miss Beryl Wallace of Chicago. Mrs. Frederick Buck of Springfield was the only out of town guest.

Miss Anna McDonald Entertains the Strawn's Crossing Club.

The Strawn's Crossing club met Tuesday afternoon at the home of Miss Anna McDonald. Mrs. W. C. Thompson read a paper on "Supper Dishes." The roll call was answered by giving dishes that are easily digested. Miss Helen Green was the guest of the club. After the program the hostess served refreshments. The next meeting will be held at the home of Mrs. Frank Foster in Alexander on September 7.

Birthday Social at Brooklyn Church.

The Ladies' Aid society of the Brooklyn church held their regular monthly birthday social yesterday afternoon on the church lawn. There were about fifteen ladies present and the afternoon was pleasantly spent in a social way.

The hostesses were Mrs. C. O. Redding and Mrs. Daniel Barton.

Gave Birthday Party.

On Tuesday evening, August 17, at the beautiful country home of James P. Ring, residing west of Murrayville, a birthday party was held in honor of his daughter, Miss Stella. A limited number of friends arrived to help her celebrate. The evening was spent with music and at a late hour refreshments were served. It was a very pleasant occasion.

PEACHES FOR SALE

ISAAC BROWN.

VIRGINIA BOY RUN DOWN BY AUTOMOBILE

Vernon Ray Instantly Killed by Car Driven by Mrs. Samuel Gill—Jury Returns Verdict of Accidental Death.

Virginia, Aug. 18.—Vernon Ray, aged 11 years, was run down and instantly killed about 11 o'clock this morning by an automobile driven by Mrs. Samuel Gill.

The boy was knocked down and both wheels of the car passed over his head crushing the skull. The accident occurred in Cass street in front of the Methodist parsonage. The injured lad was carried to the parsonage and Dr. Blackburn was summoned.

Upon his arrival the physician made an examination and pronounced life extinct. Coroner Lynn was then notified of the death and empanelled a jury. After hearing the evidence the jury returned a verdict of accidental death and Mrs. Gill was exonerated from all blame.

The dead boy is the son of Mrs. Charles McDaniel of Virginia and was a bright child. Just before the accident he had been riding on the rear of Hyles & Co.'s ice wagon.

When the wagon stopped in front of the residence of E. G. Murray to deliver ice the boy jumped from the vehicle and started to cross the street. Mrs. Gill was driving in Cass street in a Dodge coupe. The boy came out from behind the wagon suddenly and stopped directly in front of the car. Mrs. Gill was unable to apply the brakes before the child was struck.

Mrs. Gill was completely prostrated by the accident. Her physician recommended complete rest and it is probable she will be taken to a hospital for treatment. The boy's mother is also grief stricken and the sympathy of the entire community goes out to her and to Mrs. Gill.

Besides the mother two brothers and two stepbrothers survive. No arrangements for the funeral have been made.

CO-OPERATIVE STORE

AWARDED PRIZES
A number of Jacksonville women contended for prizes in the bread making contest conducted at the Co-operative store Wednesday at noon and the following judges, Mrs. B. Fronabarger, Mrs. L. P. Hoffman and Mrs. L. P. Henderson, awarded the prizes. The winners were: Mrs. Webb's of Hardin avenue, two sacks of flour; Mrs. William Crowe, one sack of flour; Mrs. Moon, one sack of flour; Mrs. Ira Patterson, \$1; Mrs. W. Eaton, \$1; Mrs. Florence Ehrlich, \$1; Mrs. Leonard Seymour, \$1; Mrs. J. R. Large, \$1.

WITH THE SICK

Mrs. E. B. Sturgeon and son, W. E. are ill at their home, 345 East North street. Mrs. William Crowe, one sack of flour; Mrs. Moon, one sack of flour; Mrs. Ira Patterson, \$1; Mrs. W. Eaton, \$1; Mrs. Florence Ehrlich, \$1; Mrs. Leonard Seymour, \$1; Mrs. J. R. Large, \$1.

AUTO TRAVELERS.

Mr. and Mrs. T. P. Handy and two daughters of Carthage, Mo., arrived in the city yesterday on their way to Indianapolis. They encountered rather bad roads in Missouri but had less complaint to make of Illinois. They are camping by the way and making good progress.

Major Arthur Wilson of Fort Worden, Wash., is visiting at the home of his parents, Mr. and Mrs. W. P. Wilson, 635 North Fayette street. He is en route to his new station at Fortress Monroe, Va.

CAPT. J. W. MELTON DIES IN CALIFORNIA

Former Local Resident Had Been in Soldiers' Home for Several Years.

Jacksonville friends of Capt. J. W. Melton have been advised of his death at the Old Soldiers' Home in California, where he has been resident for several years. One message telling of the death was received by Miss Jessie M. Wharton from Miss Frances Melton, who is now at Langley, Calif. Captain Melton spent the greater part of his life in Jacksonville but of recent years has been in the west. For a time he was with his son, James Melton, on a ranch in Idaho. Later he took up his residence at the California Old Soldiers' Home and has frequently written his friends here about the pleasant surroundings.

In civil war days Captain Melton was a member of the famous company of Missouri cavalry, in which a number of Morgan county men enlisted. So it goes without saying that he had an active part in the great conflict. Captain Melton was a partner in a Jacksonville business house for a considerable period and after he closed out his business served for one term as city clerk. He also held a position in the Jacksonville postoffice and was a citizen held in high regard thru a long life. He leaves one son, James Melton, and one daughter, Miss Frances. Another daughter, Miss Mary Melton, was for years a missionary in Japan and died while still in the service there.

Funerals

Gibbs

The funeral services of Gayle Elizabeth Gibbs was held in the Christian church at Lynnville, Wednesday at 2:30 o'clock. Rev. L. R. Cronkrite, assisted by Rev. M. L. Pontius, officiated at the services.

Music was furnished by Mrs. Sallie Heaton, Miss Catherine Wilson, Dr. R. R. Jones and Edwin Gordon. Miss Catherine Wilson sang "When They Ring Those Golden Bells."

The Sunday school class of which Gayle was a member were the honorary pall bearers and the pall bearers were, Vincent Davidson, Clarence Jewsbury, Vernon Scofield, Harold Campbell, Keith Scofield and Ralph Heaton.

The flowers were taken care of by Frances Scofield, Blanche Hills, Viola McNeely, Bertha Todd, Sallie McKinney and Leona Campbell.

Burial was in Diamond Grove cemetery.

Obituary

Gayle Elizabeth Gibbs, daughter of Charles H. and Alice Scofield Gibbs, died at 8:10 Monday morning at the Passavant hospital, aged 13 years, 7 months and 16 days. She was the fourth child of Mr. and Mrs. Gibbs and was born at Lynnville, Illinois, Jan. 1, 1907, where she lived until her untimely death.

Gayle was a most friendly and sociable girl, and by her sunny smile and kind disposition won a host of friends. She found pleasure in serving others and was ever ready to make some one else's life full of sunshine in whatever way she could.

She was a member of the Lynnville Christian church, having united last February. She took an active part in the work of the church, Sunday school and the Christian Endeavor society and found joy in doing whatever she could for the good of the community.

The community feels a distinct loss and she leaves to mourn her departure her father and mother, one sister, Mrs. Otis VanWinkle of Franklin, Ill.; two brothers, Wilbur and Virgil, both living at home, besides many other relatives and a host of friends. One brother preceded her in death sixteen years ago.

Dear Gayle, thou hast left us. Thy death we deeply feel; But 'tis God that has bereft us. He can all our sorrows heal.

Yet again we hope to meet thee. When the day of life has fled; Then in heaven with joy to greet thee.

Where no farewell tears are shed.

RETURNS FROM ARMY SERVICE

Charles E. Wright, son of Mrs. Louise Wright of this city has just returned to this city from the Mexican border where he has been a member of the 24th Infantry.

He was one of the first colored boys to enlist early in 1918 and saw service overseas and on his return re-enlisted in the army for service on the border. He says that he likes the army life but that the heat and sand storms on the desert had effected his health.

This week he is going out west for a vacation and expects to return to Jacksonville to live.

BRIDGE COMPANY EMPLOYEE IN HOSPITAL

J. T. Todd was brought to Passavant hospital yesterday from a hospital in Burlington, Iowa, where he has been a patient since July 15, following an accident on a construction job at Gladstone, Ill., in which he lost the middle finger on his right hand.

Bloodpoisoning set in and the finger was amputated, and it was that that the case was under control but the poisoning has reappeared. Todd is an employee of the Illinois Steel Bridge company.

MYERS BROTHERS.

Golf Clubs and Balls

WILL ATTEND HOUSE PARTY Miss Hines and Miss Meyers are classmates at the Ursuline Academy, Springfield, Mo.

ON CHAUTAUQUA GROUNDS

Already the chautauqua grounds have assumed the white city appearance and everything is moving along smoothly.

The recent rains have freshened everything and the park never looked more inviting as many remark.

There will be very little dust at any rate and the park board mean to run the sprinkling wagon when needed.

Some thoughtless auto driver needlessly drove on the fresh dirt outside the drive south of the large bridge making some unsightly ruts. Please be careful, friends, to stay in the track and when you are compelled to go outside go where the sod is firm.

The big water tank is already in shape and will dispense the cup that cheers and not inebriates.

The patrons of the chautauqua are fortunate in their eas as the ladies of the Christian church again have charge of the affair which is a guarantee of good service in all respects.

Mrs. Luella Henry was up from Woodson with her family moving to her tent, about the first one to take up abode on the grounds.

The large tent is rapidly assuming perfect condition. It is a new canvas and will admirably serve the purpose intended. Scott Carter is the officiating carpenter artist preparing the big tent and several others for occupation which insures a first class job.

WANTED, OPERATORS

Pay while learning. Bell Tel. Co. Main 1000.

GOING WEST.

Herbert Barker, residing east of Murrayville left yesterday for various points in Colorado, Wyoming and elsewhere expecting to make a somewhat extended journey.

A Well Balanced Food

ready-to-eat and containing its own sugar.

A Popular Cereal That Saves You Money

Grape-Nuts

served with milk or cream, fresh fruit or berries, makes a delightful dish for home folks or guests.

This health-building food gains its wholesome, nut-like flavor from the twenty-hour baking of wheat and malted barley.
